## Dedication requires ...

a warm smile, a helping hand, a sympathetic ear ... Capt. Jim Mitchell has time for all of these. To his boys, he is a man who understands them, a man who counsels them, a man who is genuinely interested in them. In him they have found a touchstone against which they can measure their own growth toward manhood. Each day as he works with them, they learn not only new dexterity but also patience, kindness, service and higher personal standards.

Capt. Jim's contribution to the school as a whole is equally impressive. In every classroom there are flag stands, bookcases, and podiums that he and his boys have built, not to mention the numerous repairs on broken furniture.

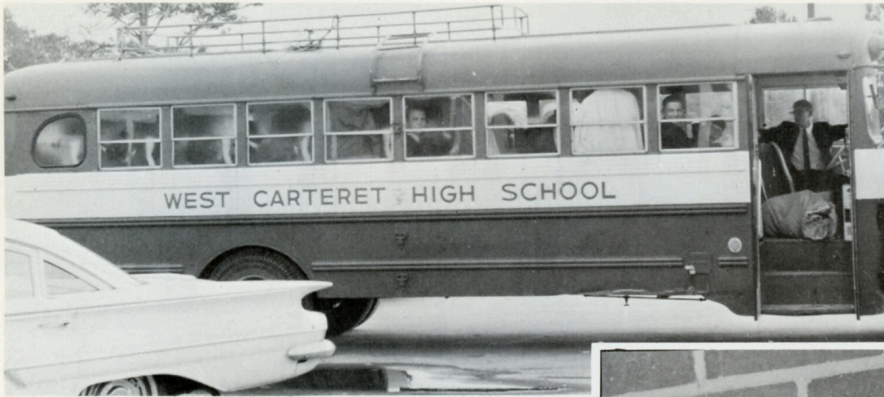

It is for all of this that we dedicate the 1967 Proclamation to Mr. James J. Mitchell.

# Harmonious Unity Our Final Cause

A yearbook . . .

a compressed unity, a microcosm constructed word by word, picture by picture, page after page. The pictures must form graceful lines; the words must flow smoothly. All parts must blend to form one harmonious image.

Like the yearbook, the school is a larger unity. It consists of the administration, the teachers, the students—all working together in harmony. The principal guides and co-ordinates school life, the teachers prodigiously descend to particulars (get down to brass tacks), the students drudge, agonize, and shine. All co-operate to make the sometimes chaotic life at West Carteret High School a harmonious unity.

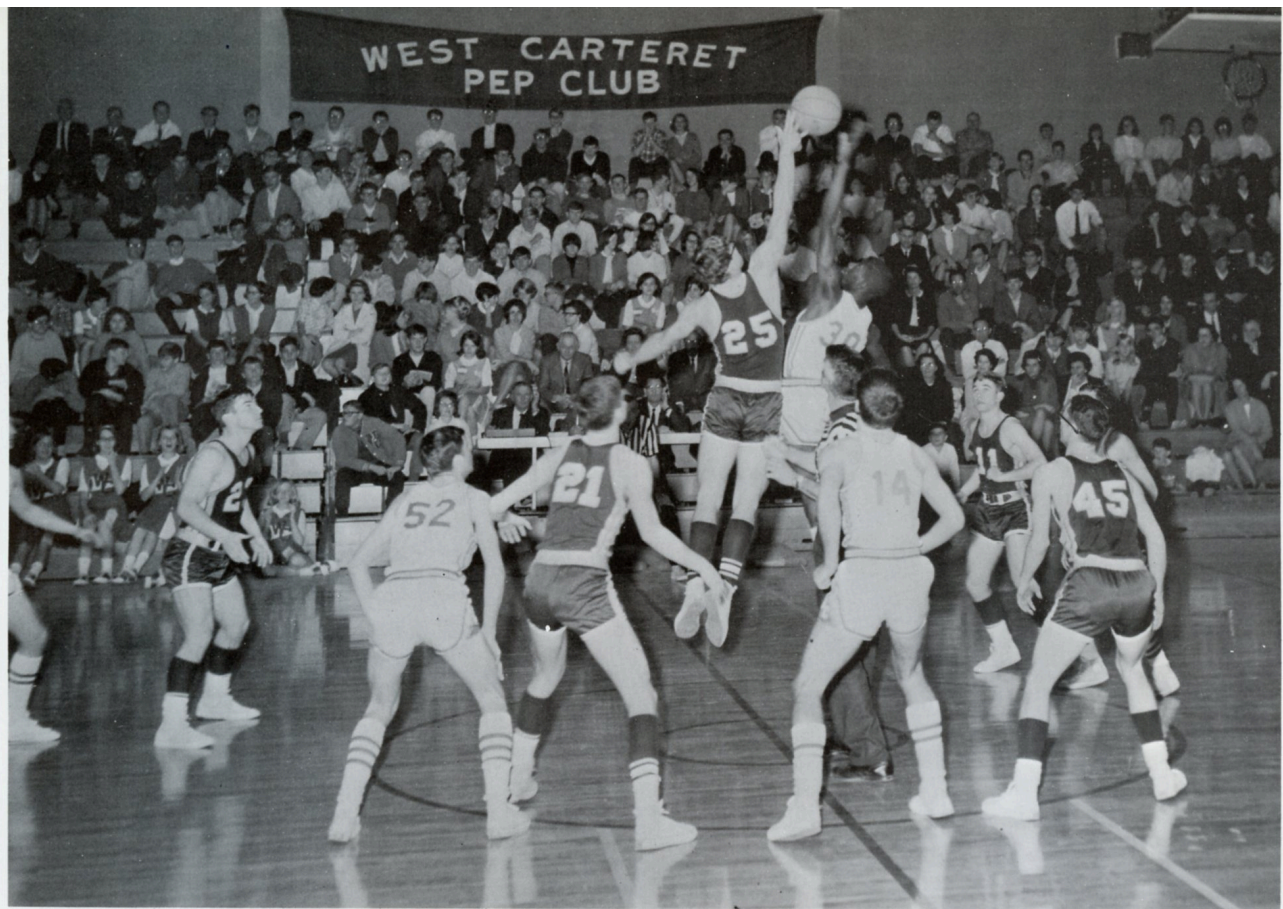

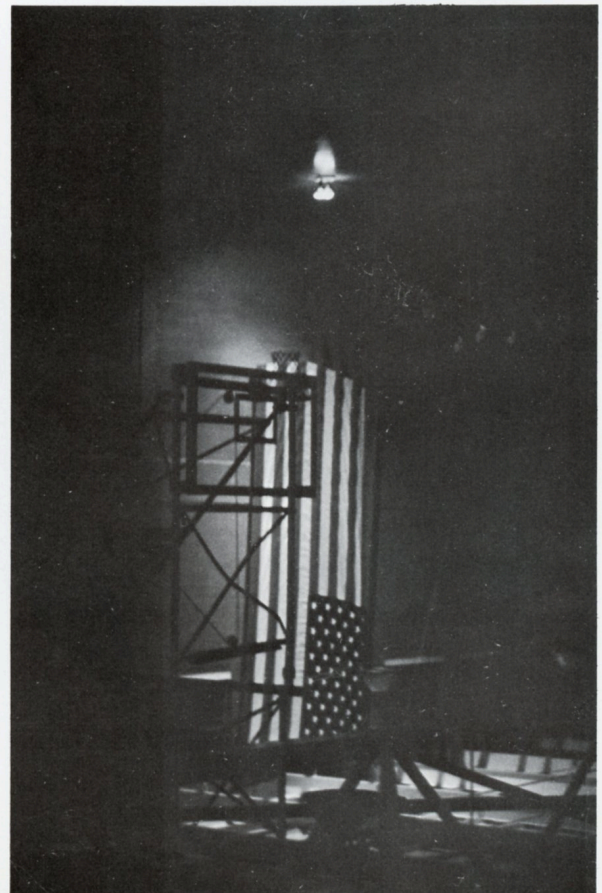

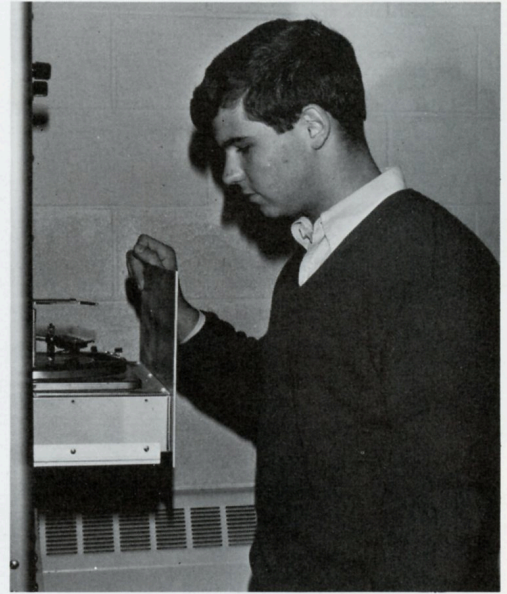

A Favorite Spot . . . . In Or Out Of Season

## An Awaited Climax To Early Morning Hours

Laughter, busy chatter, and blaring music are the components of the pandemonium heard as one clammers up the stairs to the Student Union. Once he enters the door, he steps into a world of delightful chaos. That is the life in our Student Union, a welcomed interruption in the exacting studies of the classroom. This vital phase of our school life has captivated the admiration of every student at West. Our Union, enchanting both students and visitors with its beauty and uniqueness, is the pride of our school.

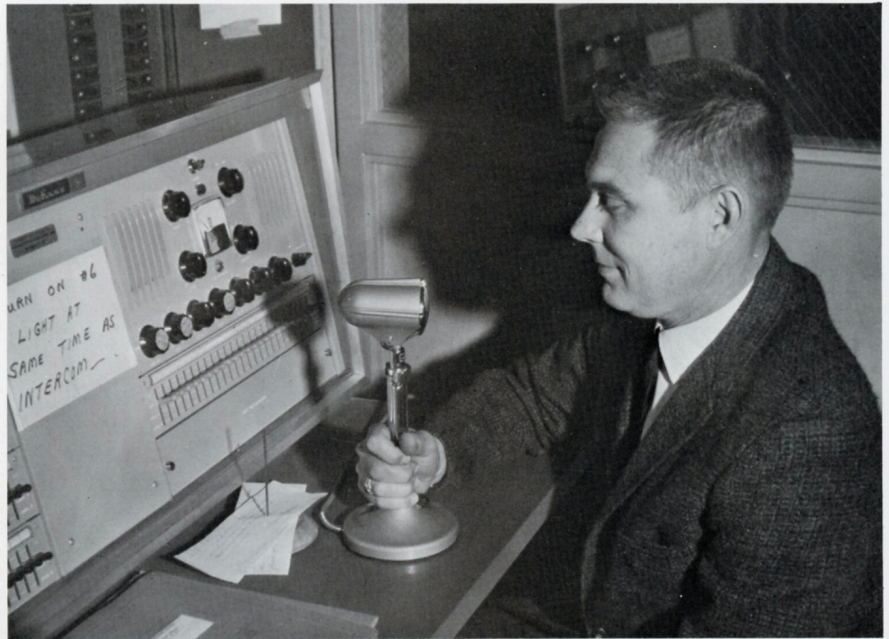

## Curriculum

# Capable Administration . . .

Vice-Principal  
MR. JOHN TILLERY

Principal  
MR. JOHN NELSON

Throughout the school year our chief guidance came through the efforts of the school administration. Mr. John Nelson, our "highest in command," helped the juniors with the parachute ceiling for the Junior-Senior Project. Mr. Tillery stood outside the school every afternoon and waved good-by to the bus.

## ... Has Many Busy Hours

Mrs. Georgia Dickinson displays winning techniques in another verbal battle.

Donna Holcomb, Betsy Howard, and Mrs. Georgia Dickinson occupy a busy office.

Teachers Aide  
MISS DONNA HOLCOMB

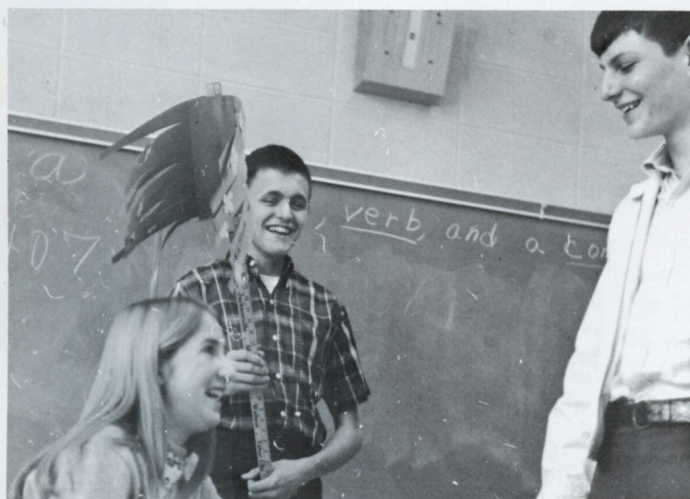

Mrs. Dickinson, our office secretary, juggled books and wrote checks, while Donna hushed the constant cries for magic markers and Scotch tape. Even though they were all beset with heavy responsibilities, they always found the time to untangle the trivial problems of the school day.

# In The Hinterland Of The North Wing, English

A "thousand and one" departmental themes entertain Mrs. Davis, Mrs. Rowe, Miss Farmer, Mrs. Fulcher, Mrs. Dowdy, and Mrs. Parker.

The "imaginative" audience recognizes the blossoming peach branch held by the property man as he, Terry Bailey, and Randy Taylor enact "The Stolen Prince" from *Adventures in Reading*.

One more added to the "infinite variety" in student acting as Tom Williams and Joe Weeks duel at Dunsinane Castle.

Miss Padgett, Mrs. Callahan, Mrs. Becton, and Miss Grant contemplate our rich literary heritage, panoramed on the Map of American Literature.

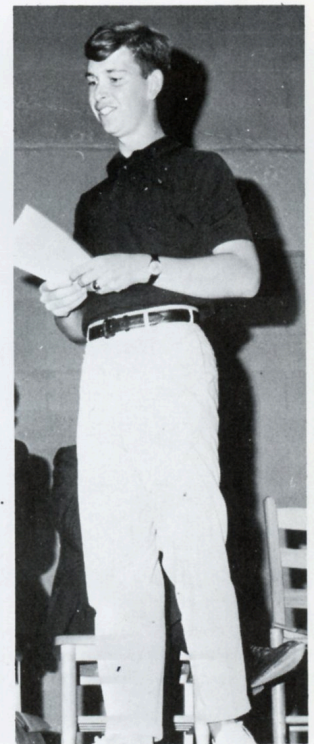

## Classes Read And Write And Speak And Listen

The inscrutable "Mona Lisa" without the smile. To see what she is facing would help us know what she is thinking.

The best English student in West Carteret was judged to be Kenny Broadhurst. For maintaining an average of 94 in high school English classes, making a score of 794 on the College Board Achievement Test in English, and winning an NCTE Achievement Awards citation, Kenny received the English medal.

John Fussell won first place in poetry in the Fine Arts contest, with Alan Robinson placing second and Aubrey Perry third. Lee Bearden won first place in prose, Dickie Day second, and Maryann Hyman third. Maryann was also second place Double Dactyl winner in a Greensboro *Daily News* contest.

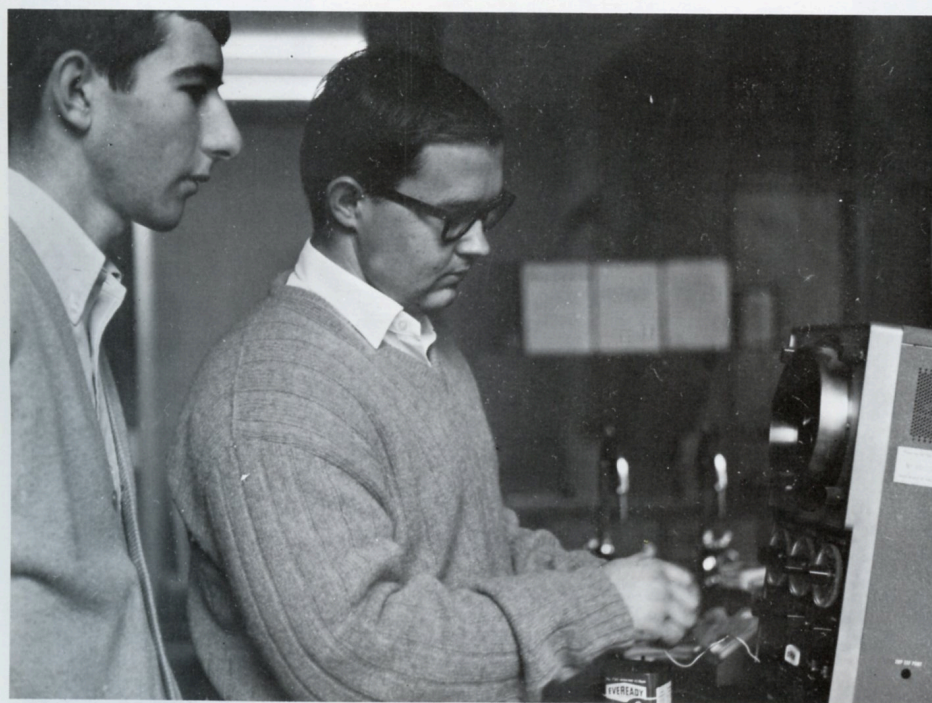

Kenny receives the English award.

Willing to train tomorrow's scientists are Mr. Styron, Mr. Lee, Mrs. Taylor, Mr. Swann, Mr. Miller, and Mr. Meadows.

## Science Never Ceases To Teach;

Physics students probe the mysteries of the oscilloscope.

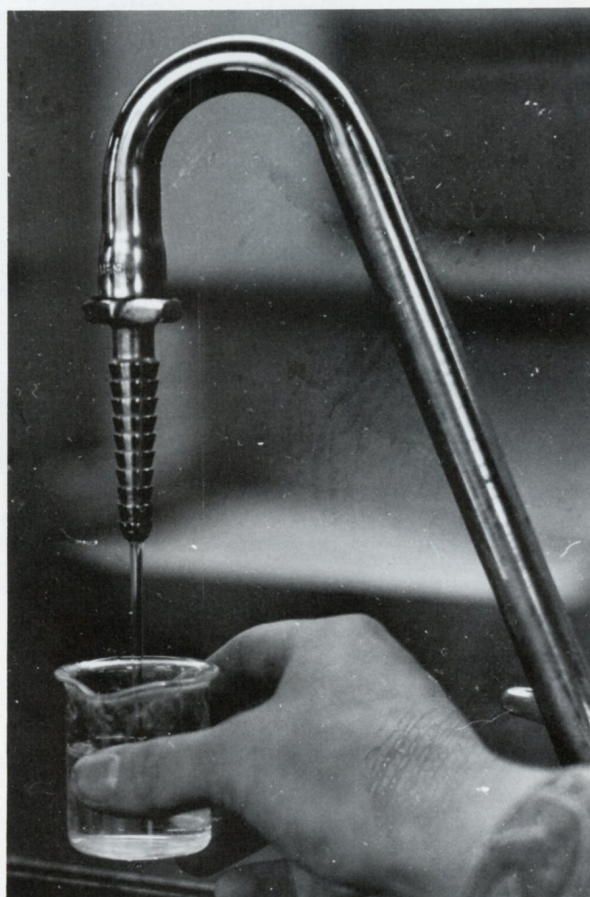

Walid Courie receives the chemistry award.

Jane Garvey proudly accepts the biology award.

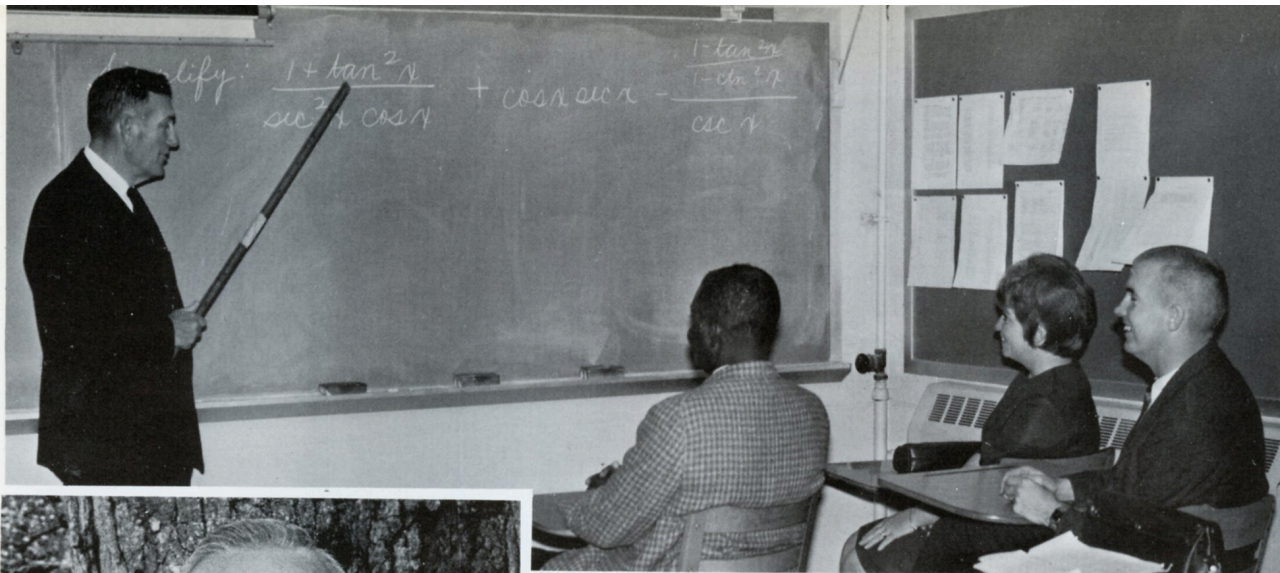

## Man Never Ceases To Learn

As the world becomes smaller, the scope of science becomes larger. Everyday new secrets are being uncovered and new questions are being answered. To understand the mysteries of science, one needs a guide. Our science teachers fill this need and more. They have explained the confusing and simplified the difficult. Three who benefited from their instruction were Billy Terrell, Walid Courie, and Jane Garvey, recipients of the physics, chemistry, and biology awards, respectively.

Why does Mr. Miller always smile when he makes out a test?

Brushing up on a few fundamentals are Mr. Talbert, Mr. Tillery, Mrs. Campbell, and Mr. Widgeon.

Mr. Skarren had the tough job of teaching geometry at two different schools. We're glad one school was West Carteret.

## Mathematics . . . The Logical Explanation

Mathematics, one of the earliest sciences, still perplexes students today. The winners of the math awards, Ralph Ennis, Walid Courie, and Bonnie Lasiw, were able to answer its riddles.

Long hours of study brought Bonnie Lasiw the math award.

It's hard to determine a square root when you're still counting on your fingers.

# Not Teachers — Not Administration — But Special In A Special Way —

West Carteret has a group of individuals who although they have no affiliation with any department, have important responsibilities. On this page we would like to recognize our "special" people.

Mr. Paul Hollingsworth is probably one of the bravest men in school. He teaches "driver's ed."

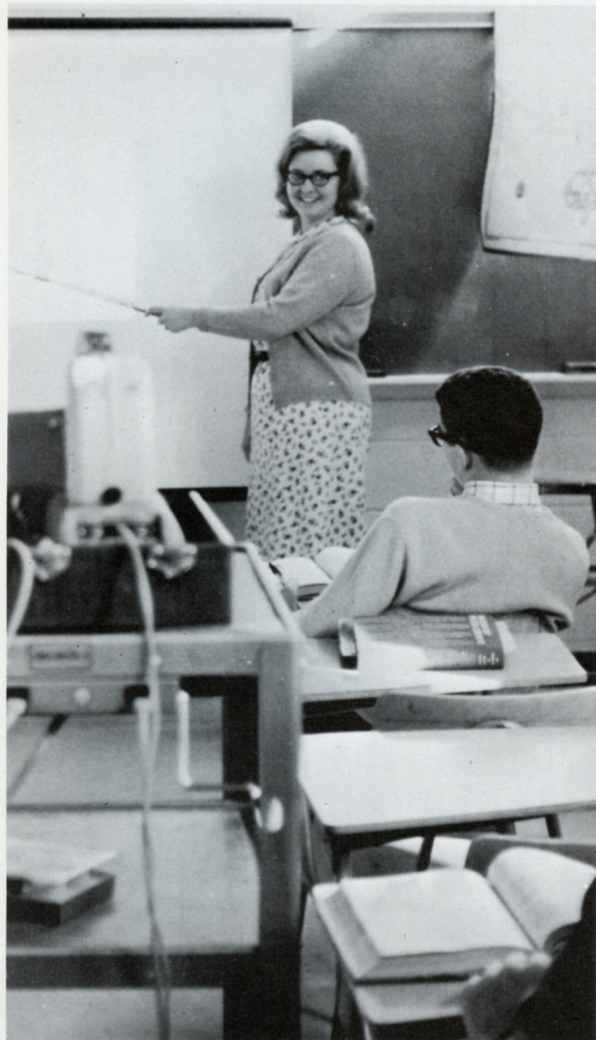

Anyone who opens the student union in the mornings is a friend of the students, but Vivian Sanderson is well-liked anyway.

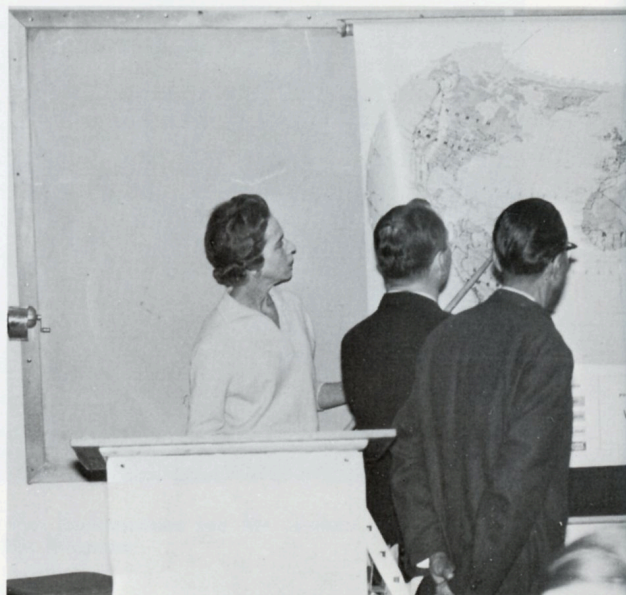

Many sad faces could be seen around West Carteret when students found that David Murrill would not be with us any longer.

Up-to-date equipment enables students to actively participate in classwork.

Conferring on world problems are Miss Knowles, Mr. Pierce,

The foundation of a government is education. The foundation of a democracy is a well-informed public, not only in current affairs but past events. The job of the social studies department is to educate students in both fields. West's teachers accomplish this through numerous methods—newspapers, outside reading, films,

Click ... click ... bring ... deficits ... work hours ... all part of business training. There are those in high school who aspire to political heights or interior decorating, and there are those who dream of being business tycoons and career girls. The latter take the commercial courses—DE, ICT, typing, shorthand, bookkeeping, business math, business machines, and economics and sociology. They receive on-the-job training in DE and ICT. They learn the mechanics of office work in the office courses. They learn the fundamentals of economy in economics and sociology. There are several students who have moved high up the ladder to “tycoonery and careering.” Karen Howard and Cecilia Haskett received the business awards. At the ICT district meeting, Tom Williams won first place in public speaking; William Allen, second place in safety; Brant Barnes, second place in international affairs; and Tom Jones, third place in parliamentary procedure.

Which one is getting the trophy—Mr. Callahan or Tom?

## Tomorrow's Businessmen

“Students, this is a cash register.” Mr. Joslyn begins his DE class.

Foreign languages are tough subjects, but qualified and interested teachers help. Who could have it any better than students of Mrs. Phillips and Mrs. Vines.

Edith Davis receives a smile of approval along with the French award.

## Foreign Languages

As international communications become increasingly important, study in foreign language gains significance. West's foreign language department has kept pace with the times. Offering four years of French and two years of Spanish, West has produced some excellent language students. Edith Davis, Cecilia Haskett, and Diane Garner were recognized as having distinguished themselves in French, Spanish II, and Spanish I, respectively.

# Counselors Busy Computing And Conferring

A friend of every senior is someone who helps him plan his future. Miss Taylor serves the seniors and the guidance department well.

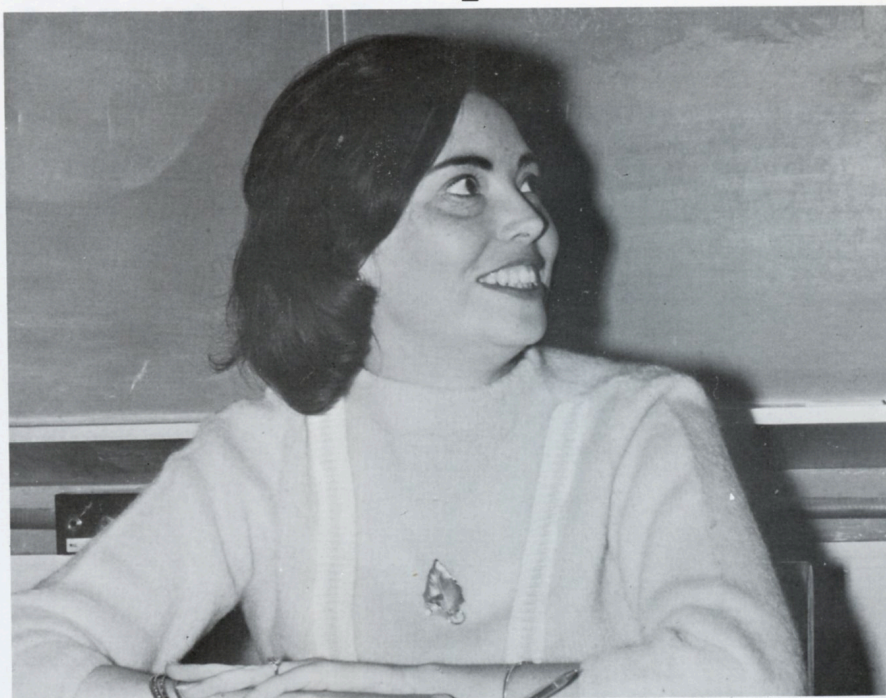

Mrs. Evans has a lot of numbers to compute for 1150 students, but she still has time to confer with students who have problems they want to talk about.

## Promote Harmonious Relationships

For her excellence in Spanish II, Cecilia Haskett receives an award.

Miss Garriss' profile reveals her vivacity, which enables her to communicate with students in any language.

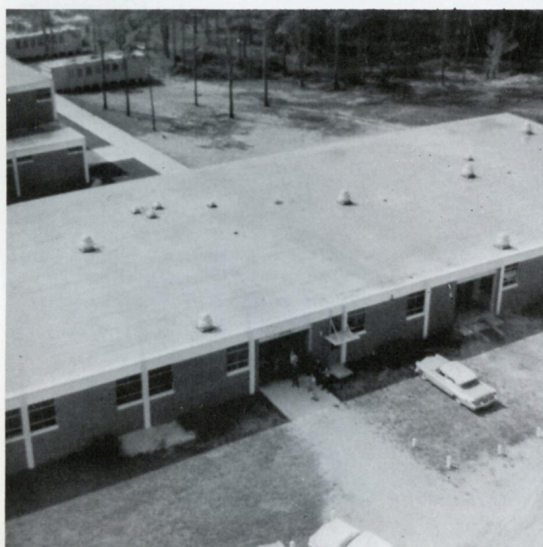

Mr. Munn, Mr. Newby, Mr. Hall, and Mr. Mitchell work hand-in-hand with their boys because they like it.

## Vocational Industrial Training

The Vocational Industrial Training includes three classes—marine vocations, vocational agriculture, and internal combustion engines. Under the instruction of capable teachers, the students participating in these courses develop skill in commercial construction, drafting, farming and forestry and working as auto mechanics. Many of these students were outstanding in their classes. Jack Hunter received the shop award for leadership in Marine Vocations, Ryan Guthrie received most-improved, David Styron received an award for perfecting all work and was designated the “specialist,” and Rodney Hunter received an award for being best draftsman.

“The home of the VICA”

William Freeman presides at Future Farmers banquet.

Although Cap'n Jim knows all of his boys are good carpenters, he likes to check on them once in a while. Here Joe Allen benefits from his supervision.

## Students Gain New Skills

A warm smile accompanies Jerry Linebarger's award of a vocational certificate.

In ICE class Guy Gould uses the cutting torch.

Can new uniforms make a good band even better?

## A Carousel Of Music

Erect, poised, competent—Mr. Ralph Wade.

The band room was vacant a couple of times in the year because the band was outside practicing!

Parades ... concerts ... after school practices ... West's music department was always on the go. The band raised money for new uniforms, played at football games, and gave concerts in the county schools. The chorus gave a Christmas concert, a spring concert, and sang at Baccalaureate. Evidence of their excellence was Jimmy Keeter's district win for piano and Becky Rice's for voice.

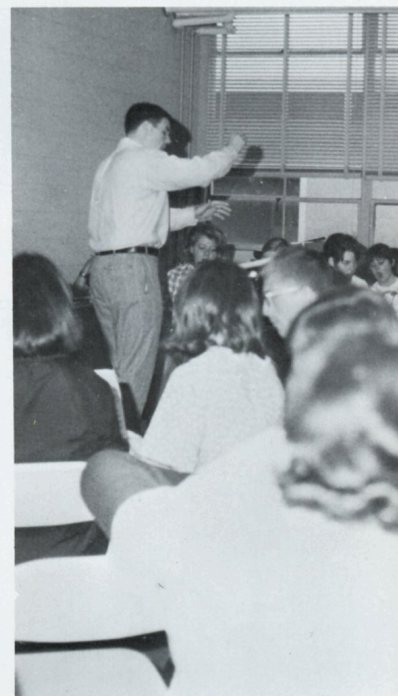

The chorus shows its appreciation for its masterly director by giving her red roses.

## Enlivens School Year

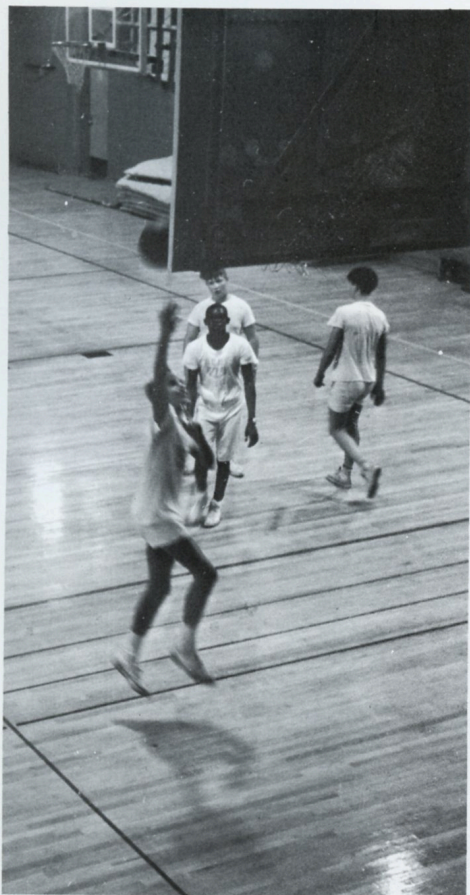

Debbie Kirk performs during the spring concert.

Twyla and Jimmy always play a great duet!

Who else but an all-time athlete, Mr. Patrick, would be a part of the physical education department.

Strenuous gym classes demand strong, active gym teachers like Miss Owens.

## Physical Education Strengthens The Body

In today's world, both strong minds and strong bodies are important. Physical education, under the guidance of capable gym teachers, develops not only a strong body but co-ordination, dexterity, and alertness. With all these newly gained skills, freshmen learn how to care for themselves.

The quality of a student's education depends not only on classroom exercises but also on the efficiency and adequateness of the school library. This phase of education is the responsibility of the librarians. West's "first ladies of the overdue card file" meet their responsibilities well. They are patient with late-returners, stern with chronic-talkers, pleasant with book-buyers, and co-operative with all library-users. They are indeed efficient librarians.

There's only one other place better to read than in the library and Melvin has found it.

## Efficient Librarians Make Books For Study and Pleasure Available

Mrs. Callahan makes even Mrs. Hamilton pay for her paperbacks.

Mrs. Jones processed new books to bring them from the workroom to the library shelves.

# Home Economics Transforms The Extravagance Of Youth Into The Practicality Of Adulthood

"Mirror, mirror, on the wall. Mrs. Mizelle tops them all."

Miss Gurkin frosts another masterpiece.

The home economics teacher leads a double role. Aside from her teaching duties, she must be a "second mother" to all of her students and prepare them for the time when they too will play the part of an adult.

The cooking was easy, but now comes the hard part . . . having to eat it.

With spatulas ready, the ladies prepare to send another plate down the line.

"If that first-lunch gang asks for seconds one more time, I'll scream."

The never-ending line marches onward.

## Good Health Means Cleanliness And Care

How would you like to cook lunch for 1150 people? Each day, the lunchroom ladies tackle this job and miraculously succeed. For their achievements in the culinary arts, these people deserve an 1150-fork salute.

At the end of the day, Randolph clears the debris for tomorrow's educational encounters.

# Patriots Stage Biggest Homecoming Ever

An eventful homecoming was sponsored by the Student Council. The hours of preparation blossomed into a motorcade of beauty (the floats), a thrilling victory (over Havlock), and a surprised queen (Anna). Following the game, the Inmates from Raleigh (a band, not state prisoners) provided music for a Homecoming dance.

The FBLA put in many hours of hard work to put together this

# Patriots Raise Over \$500 For Heart Fund

February 18 was a magical night, especially for Debbie Kirk, Queen of Hearts. She, along with other girls sponsored by various organizations, raised over \$500 for the local heart fund drive. The dance was sponsored by the Student Council.

The Patriots provide the dance for the music of "The Summits".

An attractive smile from the Queen attracts many admirers.

## West Welcomes "Mari"

West Carteret had the privilege of welcoming a new student into its family, Marilene Do Amaral from Porto Alegre, Rio Grande do Sul, Brazil. Gifted with a beautiful face and radiant smile, Mari won the hearts of the student body. Being an active member in Tri-Hi-Y, FBLA, National Honor Society, and Chorus, she soon became "one of us." Mari was truly an ambassador of good will from Brazil. Her presence left a mark on her American family and friends, and she will be fondly remembered as Mari, the "Brazilian nut."

It is with all sincerity that the Staff of the *Proclamation* wishes her the best of luck in the future. We hope that we will soon be able to welcome her back to her second home, not as a foreign student, but as a friend.

Honorary membership in the NHS was a surprise to Mari, but not to her foster sister Maryann Hyman.

# "Inherit The Wind" Plays To Capacity Audiences

The director's chair, presented to Mr. Pierce by the cast, made his title official.

The Senior Play, "Inherit The Wind," presented April 14 and 15, was based on the Scopes trial in 1925. The play concerned a young teacher charged with teaching the theory of evolution in violation of state law.

The editor of our local paper commented favorably on the play. We are proud to quote her as saying: "The seniors gave a masterly performance under the superb direction of Jerald J. Pierce. Their excellent portrayals were sparked with the enthusiasm that builds a firm bridge to the audience and lifts a play from recitation and wooden action to the level of real theatre."

"It was refreshing to see a high school play that had something to say."

Nervous, Robert?

Colonel Brady displays his skills as a lawyer as he tricks Rachel into testifying against Bertram Cates.

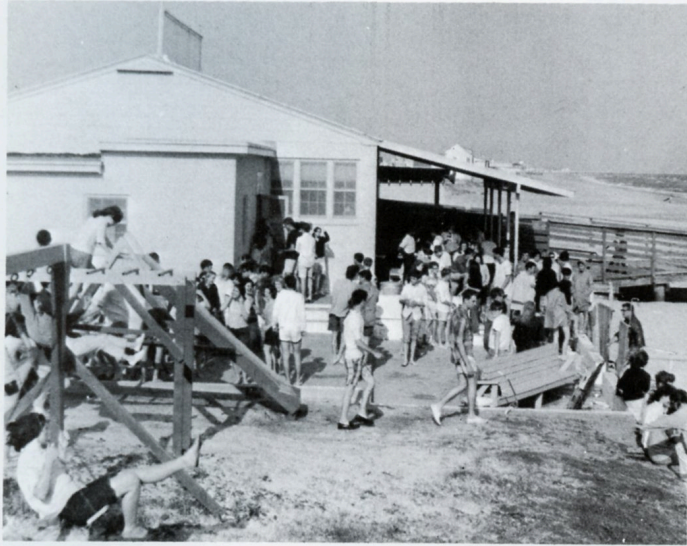

"I do not question or scoff at the miracles of the Lord as do ye of little faith."

Three cheers and a slap on the back for a job well done!

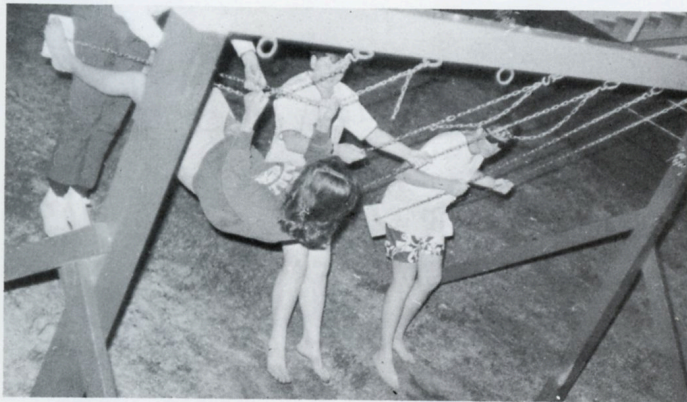

# Plenty Of Sunshine, Food, And People Make A Senior-Junior Picnic

There was a big crowd, ... would you believe a mob?

April 17 was the day, and what a day! The seniors had scraped and saved for two months in order to repay the well-deserved juniors for a most enjoyable prom. With fingers crossed for pretty weather, the caravan of food and juniors and seniors headed for the beach. When sand, water, and music are combined with a well-fed throng, the only possible result is a fun-packed day and night.

Come on, you'll love the water.

Did someone say there was a picnic here?

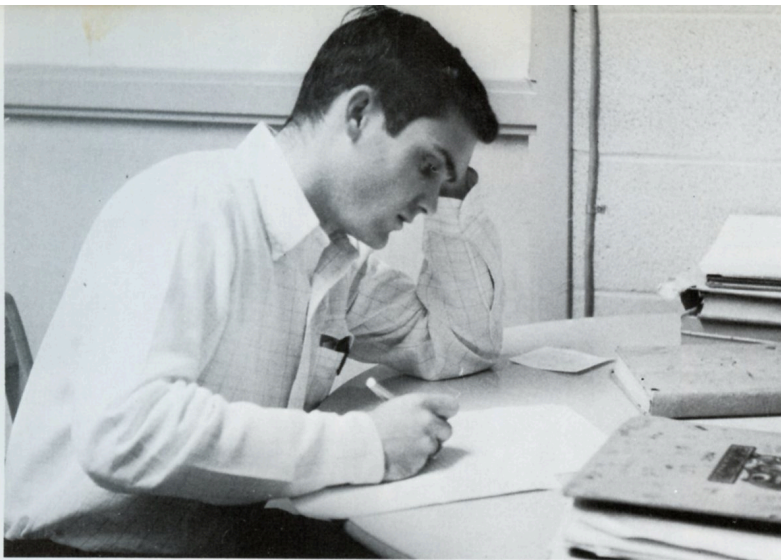

## Assemblies Highlight Year

Panel discussions by foreign exchange students, a concert by the Cherry Point Marine Band, a medley of tunes by the East Carolina Men's Glee Club, pep rallies, and speeches—all these and more enlightened and delighted students throughout the school year. Credit goes to Ben Horton who worked hard to furnish us with such enjoyable assemblies.

# West Carteret Acknowledges Her

Throughout the year, many students achieved heights worthy of recognition. Some were in sports, some in academics, others in all-round qualities. Many awards have been acknowledged in their respective sections; the remaining are described on these pages.

In the county "Young America Speaks and Acts" essay contest sponsored by the VFW ladies auxiliary, Diane Garner received a \$25 savings bond for second place. Donald Leatherman and Debbie Campbell tied for third.

Janet Mizelle was the recipient of the Home Economics Betty Crocker Award. She advanced to state competition.

Brant Barnes was the first recipient of the Carteret Theatre Workshop's "The Genie" for theatre excellence. The award will be an annual affair.

Four American Legion citizenship honors were presented on awards day. Jean Davenport and Stuart Shelton were runners-up with Maryann Hyman and Kenny Broadhurst the winners.

Several students from West participated in the Gold Star program. Winners on the district level were Jean Davenport for General Scholarship and Shelton Brown for Citizenship.

The recipients of the "I Dare You" awards for 1967 were Janet Mizelle and John Fussell.

The Newport Board of Commissioners recognized Maryann Hyman for her responsible actions last summer as a swimming instructor.

In the spring of the year, the Carteret-Craven REA sponsored an essay contest. Out of twenty participants nominated by four schools, Phyllis Knapp was one of two winners. Her prize was a week in Washington, D.C. at a national REA youth convention.

Jean Davenport worked hard for the honor of Valedictorian with Edith Davis running a close second as Salutatorian.

# Many Gifted Students

Ronny Crowe was the county nominee for the Morehead Scholarship to the University of North Carolina.

Safe driver awards went to many of our bus drivers. Certificates and pins were presented to Debbie Cottle, 1 year; Paul Johnson, 2 years; William Allen, 2 years; Albert Lewis, 1 year; William Freeman, 1 year; Walter Kenon, 1 year; and Joe Caton, 1 year. Gary Garner was recognized as driving the biggest bus with the most people. Other drivers who received recognition were Jackie Smith, Bill Brinson, William Styron, and Carolyn Lea.

Edith Davis has been invited to participate in the Honors Program at the University of North Carolina next year. As a participant, she will have special library and dorm privileges.

Two West Carteret students were chosen to attend Governor's School in Winston-Salem. Jane Garvey to study French and Suzanne Cannon drama.

The American Legion sponsored an oratorical contest on different phases of the Constitution. Donald Leatherman won first place; Edith Davis, second place; and Ronny Crowe, third place. Donald advanced to the district contest and won second place.

Aubrey Perry was the winner of a \$25 savings bond in an Elks Club contest. His application will be considered on the state level for a National Elks Foundation Scholarship.

Three West seniors were semifinalists in the National Merit Scholarship test. Edith Davis, Robert Hicks, and Kenny Broadhurst received certificates of recommendation for their achievement.

Edith Davis and Susie Voorhees were chosen as applicants for overseas study as foreign exchange students.

Students representing the Patriots at Boys and Girls State were Ralph Ennis, Bob Morey, Walid Courie, Diane Baily, and Twyla Merrill.

Bonnie Lasiw, the person who was selected as serving the school the most in the most beneficial ways, was the recipient of the Woman's Club award presented at graduation.

West Carteret was proud to have an Angier B. Duke scholar among the class of '67. A deserving student, Kenny Broadhurst, will be a part of the freshman class at Duke University in the fall.

The Rotary Award was presented to Edith Davis at graduation.

# Turn To Realities

With a quick look behind, a hopeful look ahead, and a diploma in their hands, West's 200 seniors depart from her familiar walls. They are making their debut into a world unknown by them, but count youth and an eagerness to achieve on their side.

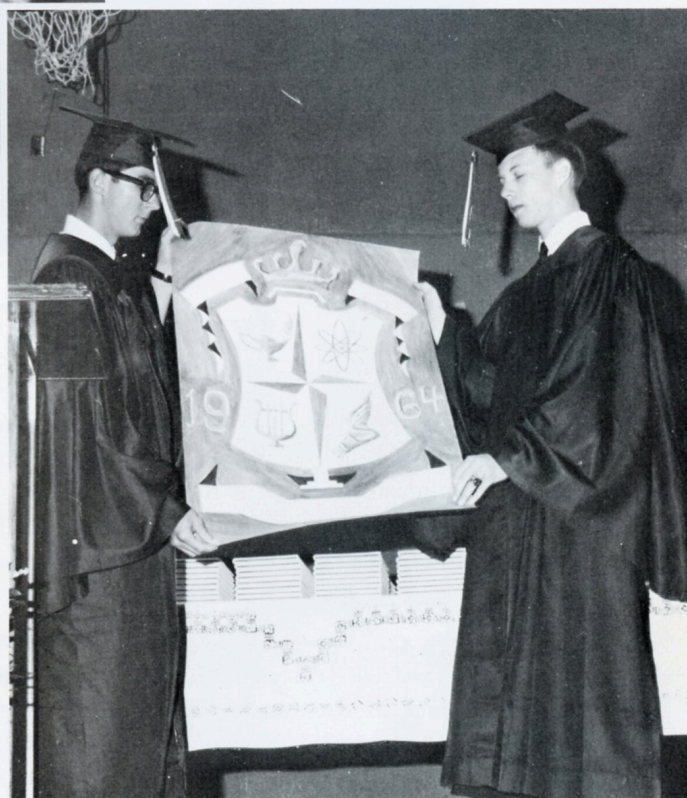

Seniors get together before graduation to laugh over old times and to discuss future plans.

The long-awaited moment!

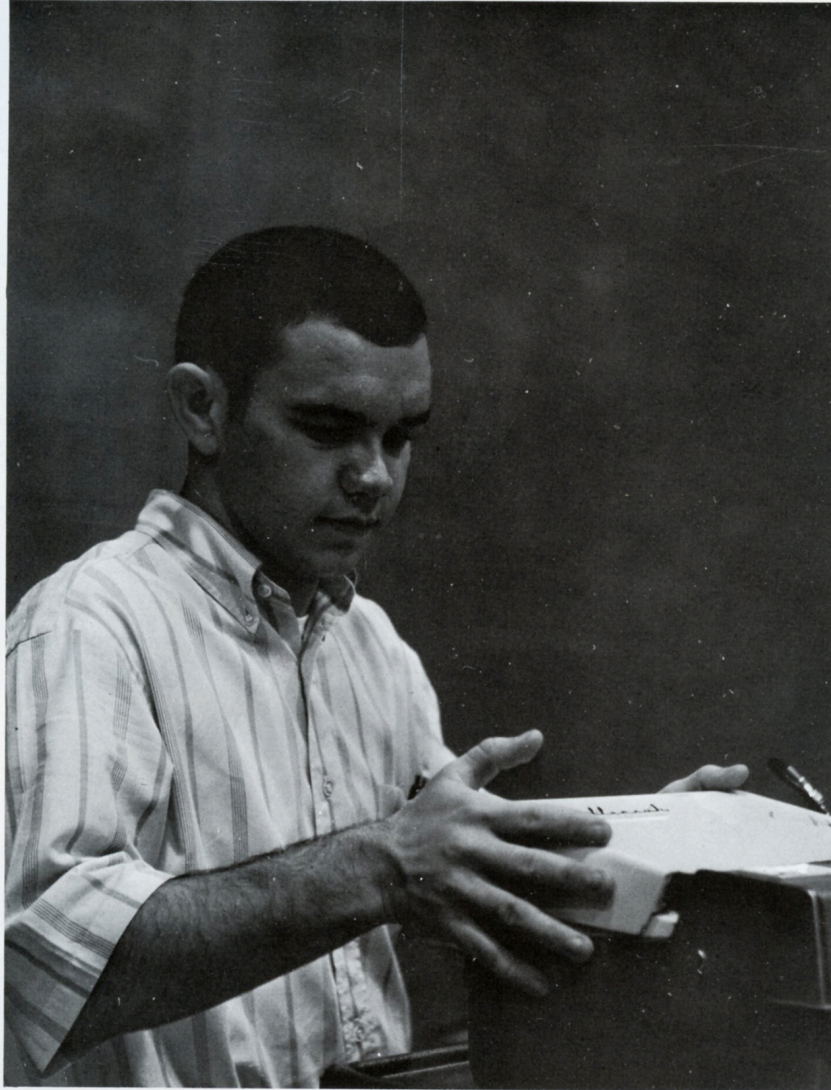

Jean Davenport delivers her Valedictory speech.

Senior Class President Ben Horton and Vice-President Mike Salter present class gift to the school.

# West Carteret Elects Ronald Crowe

## Citizen Of The Year

Ronald Crowe well deserves the title of "Citizen of the Year." As president of the Student Council, he put many hours into developing an efficient and successful student government. Because of Ronny's initiative, West Carteret had the biggest Homecoming ever, raised over \$500 for the Heart Fund, and originated the citizenship awards. Ronny proved himself to be a true Patriot, and we at West Carteret are proud to claim him as our first "Citizen of the Year."

Also deserving recognition as Citizens of the Week are freshman Lucy Marino, sophomore Patrick Travers, junior Kim Brady, and senior Sarah Wood.

In memory of Ronny, the Crowe family established the Ronald H. Crowe Trust Fund for the purpose of granting college scholarships to the recipients of the "Citizen of the Year" awards. The first scholarship, approximately \$100, will be made to the "Citizen of the Year" in the class of 1968.

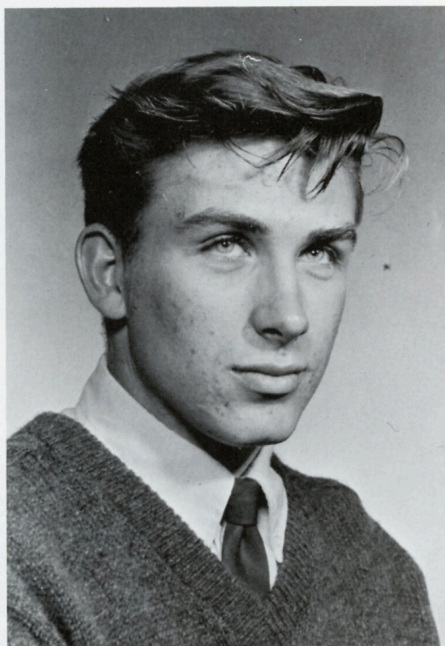

## The Crossing

They that love beyond the world can not be separated by it.  
Death can not kill what never dies.

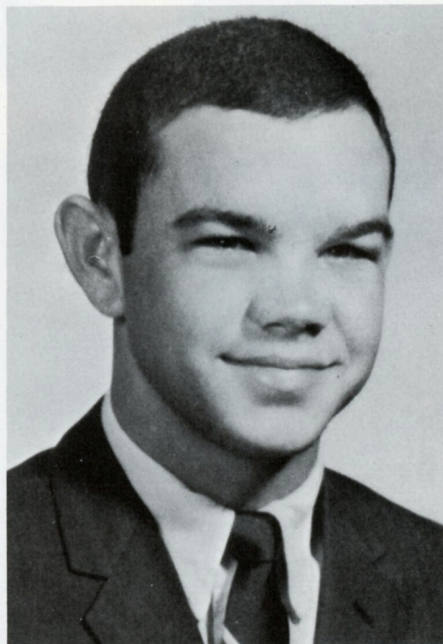

Nor can spirits ever be divided, that love and live in the  
same divine principle, the root and record, of their friendship  
. . . Death is but crossing the world, as friends do the seas;  
they live in one another still . . .

This is the comfort of friends, that though they may be said  
to die, yet their friendship and society are, in the best sense,  
ever present because immortal.

From a new stadium, Patriot fans cheered our football team to another touchdown, a higher score, victory. But, many times this season, instead of conquest came the dejection of defeat. Yet, even in the midst of a lost game, the Patriots gave their all. The whole student body gained new respect for, and pride in, the wrestling team as each match lengthened West's string of victories. The long hours of practice that the wrestlers invested in their sport paid off in the form of the conference title. Although winning the conference championship was their moment of crowning glory, defeating Goldsboro, the defending state champions, and placing a man third in the state tournament were other moments of triumph.

Just a little higher boys.

It takes Conference Champions to defeat a No. 1 team.

Co-Captain Billy Graham sets up another two points for the Patriots.

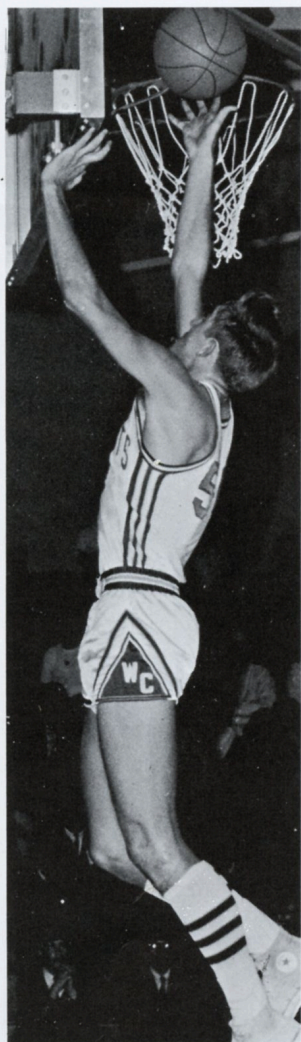

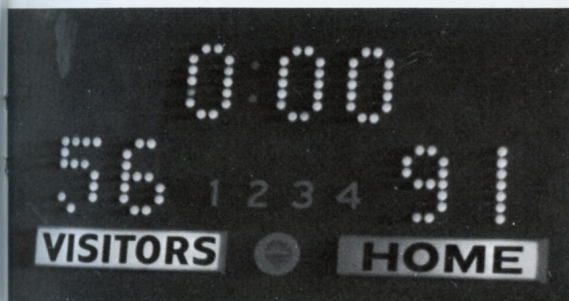

Defense—a key to victory.

Not even the New Bern Bears can stop David Sledge's drive.

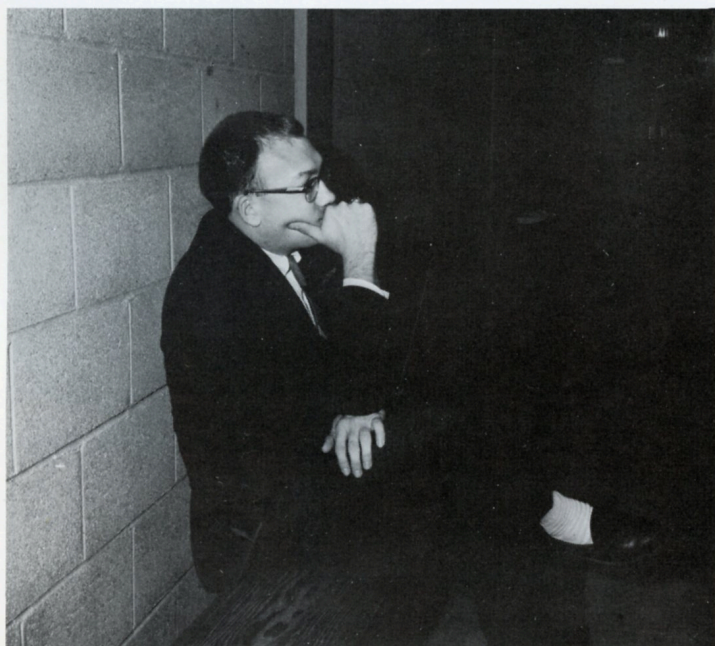

Patriots' board strength is made evident as Alex Fox pulls down another rebound.

Failure to cooperate on the part of the coach and the team made it necessary to use this poor shot of Henry Washington, Steve McNiel, David Livingston, Mike Bradshaw, Mike Houge, Mike Scarborough, Steve Thrower, Rodney Garner, Robert Hill, Doug Howard, and Calvin Dowty. John Thompson, David Morrison, Pat McNamara, David Oglesby and Robert Cummins are not pictured because they are in the process of finishing the game.

# Athletic Awards

The Northeastern Conference proved to be no obstacle to the Patriots. When the smoke cleared and the dust settled, West Carteret was left standing with five conference championships.

Determination was the key which opened the door to the awards room for several athletes. These athletes placed high in their respective teams, and their efforts were rewarded at the Athletic Banquet and on Awards Day. The trophies were quiet reminders that these people had done their best.

Awards winners: *Front row*—Larry Horton—Most Outstanding Wrestler; *second row*—Donny Crowe—Best Defensive Football Player, Bill Padgett—Most Valuable Wrestler, Frances Morris—Most Outstanding Majorette, Tony Childers—Most Improved Basketball Player, Mike Mitchell—Best Offensive Football Player, Lee Gray—Sportsmanship (Football), Linda Leary, Most Outstanding Cheerleader, Tom Freeman—Sportsmanship (Basketball), Dickie Day—Most Improved Wrestler; *third row* David Sledge and Ray Ball—Most Valuable Basketball Players.

These section editors—features editor Linda Leary, classes editor Laviece Mooney, sports editor Anna Murdoch, copy editor Diane Baily, and organizations editor Vaun Masey—were not always seen standing in doorways.

# Proclamation

The architecture of a yearbook is a variable thing. Although there are certain rules that always apply, much is left to the originality of the staff. Beginning in September the staff utilized all their skills (art, photography, writing, typing) and if they lacked one, they looked in their bag of nails and found it ... somehow. Now the yearbook is finished and the staff takes pride in presenting it to you, hoping that you find all pictures firmly nailed to the pages.

Looking through yearbooks was a frequent activity for staff members Steve Lee, Gary Abell, Keith McElroy, Wanda Padgett, Susan Smith, David Peterson, and Hank Dutch.

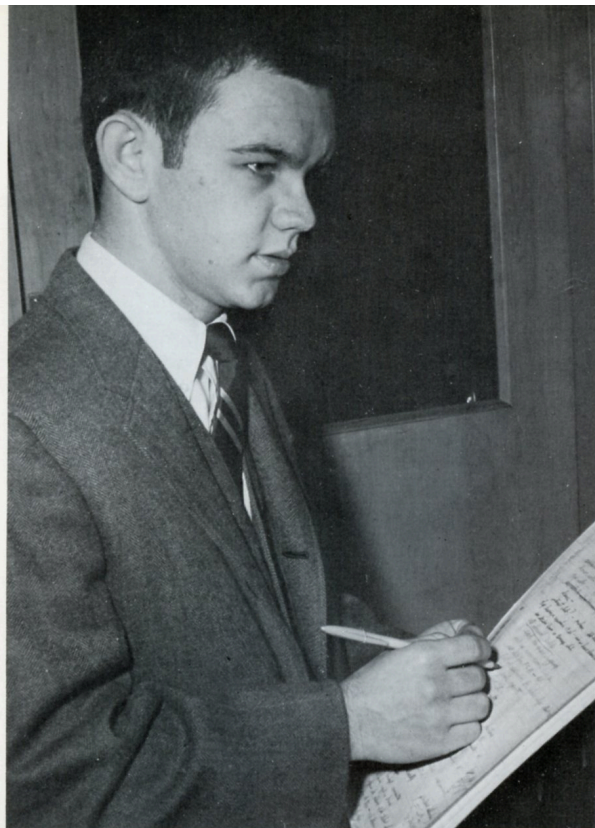

Dennis Sessom, Polly Wilson, and Ginger Pollard were part of the reason for a successful sales drive.

Good Pictures are a necessity in any yearbook. Photographers Tom Vickers, Art Drewyor, and Rodney May kept the staff well supplied.

# Student Council

A yellow pad, a pen, and an alert mind were only a few of the trademarks of president Ronny Crowe.

An exceptional student council served the school in sundry ways. One of the most far-reaching was the promotion of student-faculty rapport. During the year the council sponsored a tea for the teachers, placed flags in the classrooms, and kept the student union clean so that the teachers could have their break. The council through its "police force" also proved that order was possible even when 1150 students were in the halls.

The council's "corps of homeroom representatives" echoed the opinions and suggestions of the student body. Of this "corps" there were many who were prominent. To recognize one of these whose work was invaluable, the council awarded the "Most Outstanding Homeroom Representative" medal to Stephen Herring.

*First row*—Jean Turnage, Sally Davis, Bill Jackson, Virginia Gaskill, Ben Horton, Cindy Hill, Donny Crowe, Sarah Wood; *second row*—Steve Hunter, Lucy Marino, Bill Hoffman, Chris Davies, Terry Barts, Kathy McKinley, Dewey Willis, Gwen Garner, and Donald Leatherman are proud to be members of an active and progressive student council.

# Promotes Student-Faculty Relations

If smiles are any indication of success, it was definitely a successful year. *First row*—Chris Reintjes, Carole Gibbs, Janice Edwards, Twyla Merrill, Judy Stiles, Debbie Alexander, Linda Lewis; *second row*—Susan McNiel, Ralph Wade, David Morrison, Shonie Pavone; *third row*—Sara Kittrell, Clara Sanderson, Bonnie Lasiw, Bob Rausch, David Peterson, Jim Brown, Jim Stafford, Anna Murdoch, Hank Dutch, Diane Carraway, and Betsy Wilkins.

Student council officers—treasurer Pat Sumrell, president Ronny Crowe, secretary Anne Leary, chaplain Shelton Brown, and vice-president Steve Lee—were guiding posts for both the council and the student body.

## A Selection Of The Finest —

Juniors and seniors who have excelled in scholarship and leadership, have developed outstanding character, and have rendered their services to the school and community were inducted into the National Honor Society. Once in, they used their talents to sell brownies at baseball games, teach underclassmen the mysteries of mathematics, and light candles for the student body. The National Honor Society was, indeed, a selection of our finest.

Inducted in the spring ceremony, not pictured, are Mari Amaral, Walid Courie, Aubrey Perry, Judy Morton, Mike Barnes, Donna Nelson, and Charles Lupton.

If Kenny Broadhurst should be president of any organization, National Honor Society is surely the one.

Both beauty and brains are characteristic of these members—Pat Sumrell, Kim Brady, Karen Howard, Edith Davis, Cecilia Haskett, Susan McNeil, Gwen Garner, and Carole Willis.

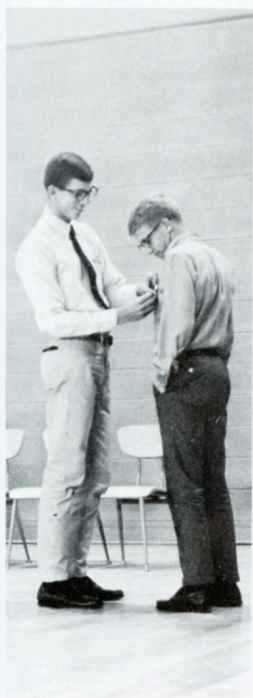

Treasurer Bob Morey, parliamentarian Gwen Garner, secretary Bonnie Lasiw, president Kenny Broadhurst, and vice-president Travis Credle seriously accept the responsibility of office.

## Senior Personalities Add Style To Their Class

A prominent class is led by prominent students. These students are the pacesetters. Their ideas, their tastes, their personalities determine the individuality of the class. In this section we wish to recognize the seniors who have given the Class of '67 a personality of its own. These students are not only the scholars, but the musicians, the congenial comrades, the fashionably elite, and the creator of "Patriot-man". These are the senior personalities.

## Seniors . . . Class Of '67

The door to their childhood is closed. With new ideas and hope in their hearts the Seniors step into an adult world. They anticipate the future whether it be college, business training, a manual craft, travel, or marriage. No matter what their endeavor, each of them has a goal, an impossible dream, that will forever hang before them like a guiding light.

## Juniors . . . Class of '68

Being advised by the "boss" are Gwen Garner, treasurer; Harry Lockey, president; Debbie Campbell, vice-president; Nancy Taylor, secretary.

Monkey see. Monkey do.

"How in the world are we going to build a mushroom big enough for the band to stand under?"

How familiar this question became over Easter holidays! All year the Juniors had worked toward one event, the Junior-Senior. They sold magazines and booster ribbons. They held bake sales. They listened to Senior "weather forecasts." They spread paint from one end of the school to another. They slaved over "grounded parachutes." And, finally, they uncovered the tunnel leading to "Alice in Wonderland."

But "Wonderland" lasted only one night. The rest of the year was filled with everyday things: chemistry experiments, U. S. history reports, and club meetings. There were occasional breaks, like the day the Juniors ordered their class rings (all of them were late for class). And then there were the Senior-Junior picnic and the SAT. The Juniors always had something to do.

## Sophomores . . . Class Of '69

Around November, West's students went on the alert. A surge of newly licensed drivers crowded the school parking lot. When the Sophomores started driving, the rest of us started hiding.

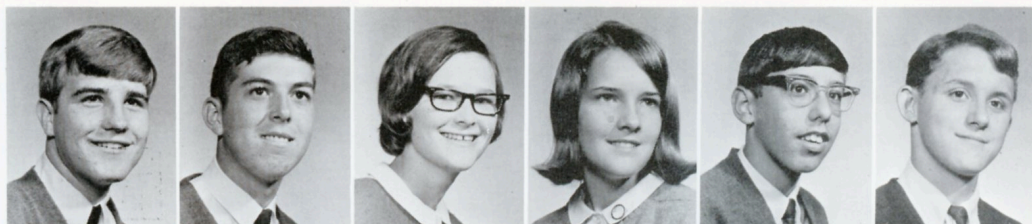

The driver's license was one of the highlights of the Sophomore year. Now that they were sixteen, the Sophomores were getting hard to live with; but when the J.V. football and basketball teams both won conference titles, they became unbearable.

"Now if the Varsity had only done as well as we did . . .," they would say.

Of course, being Sophomores had its drawbacks. There were worms to dissect, scalene triangles to prove congruent, and "Julius Caesar" to memorize. But somehow the Sophomores survived.

## Freshmen . . . Class Of '70

On the first day of school there were many unknown faces peering into doors, contemplating room numbers, and generally feeling lost. These strange invaders were the Freshmen.

The Freshmen constitute a vital part of our student body. Although they are the least involved in activities, they are perhaps the most enthusiastic students in the school. They experience a new freedom that high school life affords. They volunteer to be worms, Mad Hatters and March Hares. And more than this, without the Freshmen, who would the rest of us pick on?
