Chief Pirateers

New Members of the crew.

"Pirates Set Sail", the theme for the '67 edition of the Pirate, is indicative to the school year of 1967. Each day Pirateers set forth on new ventures. For the Chief Pirateers, the seniors, every day is a day to cherish because each day brings them closer to graduation-a rough voyage. But the seniors are not alone in their quests, each student searches for the ultimate of his ability. Students are loyally aided by the admiralty, Mr. Frazelle, and Mr. Edmonds, and their associates, the teachers.

The days are not filled with study alone for Swansboro High.

As you flip through the pages of your annual, the staff of the Pirate hopes fond memories will bring a smile to your face or maybe a tug at your heart. If this happens, our purpose will be fulfilled.

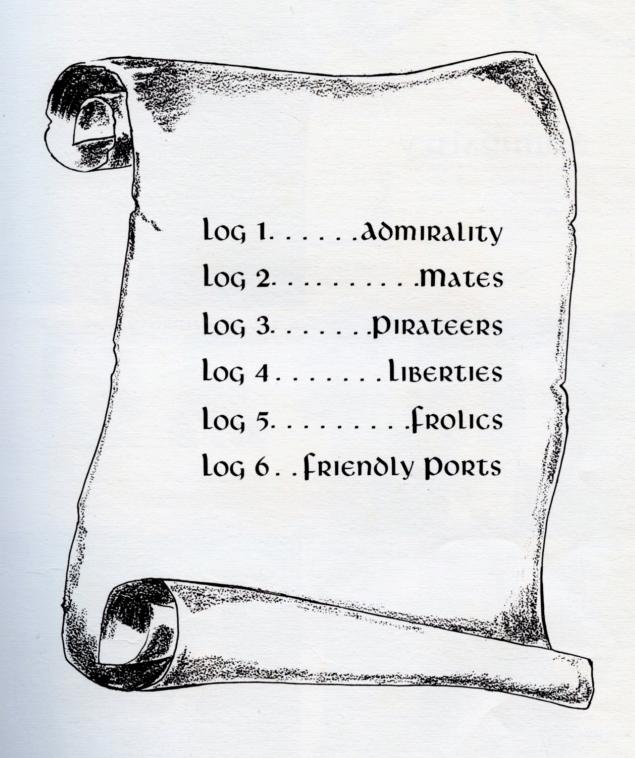

### dedication

For what she has contributed to our school, and for the personal interest she has shown in each of us, we, the class of 1967, dedicate this annual to Mrs. Betty Russell.

Through the years, Mrs. Russell has always been willing to support our school in every capacity. Just to mention a few, she has served as substitute teacher, Parent-Teacher Association president, and is now serving as a teacher's aid. However, she has always been an aid to the students of Swansboro High School. She has given encouragement when encouragement was needed as well as discipline when it was called for.

Her genuine concern for each of us and the devotion she has shown to our school has meant more to us than mere words can express. Therefore, in order to show a small part of our appreciation, we dedicate this annual to the person we feel is one of the "greatest", Mrs. Betty Russell, our V.I.P.

Swansboro High
The mighty ship of knowledge commanded by noble
Buccaneers.

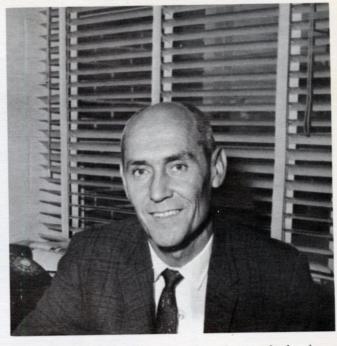

### admirality

Elementary principal, Mr. Edmonds, has a cheerful smile for each of his students.

The many problems of the Elementary school are faced bravely by secretary, Mrs. Cobbs.

Mr. Frazelle, our faithful principal, puts forth a brave smile even though he has numerous problems.

Mrs. Jones, our highschool secretary, has an encouraging smile for all, day after day.

Mr. Casper, our Industrial Arts teacher, and Mr. Porter, our Physics teacher, find time in their busy day to pose before our camera.

Teachers are faced with a great responsibility—the responsibility of preparing today's students to become tomorrow's leaders. The success or failure of their efforts is seldom if ever known by them. All they can do is hope their work was not in vain and continue to do their best to lead others to become responsible Americans.
