BEAUFORT	MOREHEAD CITY

Our Cover . . .

Cape Lookout Lighthouse is one of the major aids to navigation along the North Carolina coast warning mariners of the dangers of Cape Lookout shoals extending for many miles seaward from the lighthouse. The lighthouse has become a symbol for this area and for the Cape Lookout National Seashore Park, which is now well beyond the planning stage. The Cape is a favorite spot for a family outing for people in this area. It also affords excellent scenery possibility for the watercolorist.

Use Direct Distance Dialing

Station-to-Station (Fast-Easy-Economical)

You can dial direct from Morehead City, Atlantic, Beaufort, Marshallberg, Newport, Ocracoke to most of the telephones across the nation.

Three Easy Steps

1. Morehead City, Atlantic, Beaufort, Marshallberg and Newport Dial "1"
Ocracoke Dial "120"

This connects you to the direct distance dialing equipment

2. Dial the Area Code
See next three pages for area codes

3. Dial the Telephone Number
An Operator will come in on the line and say, "Your number please."

You won't be charged for a wrong number—If you find out what city you have reached and notify your "Long Distance Operator" promptly.

Collect calls, person-to-person calls, credit card calls, calls from coin telephone and other calls requiring operator assistance may be made by dialing "OPERATOR".

Information Service for dialable cities may be reached without charge. Morehead City, Atlantic, Beaufort, Marshallberg and Newport Subscribers Dial "1", Ocracoke Dial "120" followed by the proper Area Code (if it is different from your own) then Dial 555-1212.

CALL GUIDE 4

Use Direct Distance Dialing

PARTIAL LISTING OF CITIES YOU CAN DIAL DIRECT

(YOUR AREA CODE IS 919)

If the desired city is not listed dial "Operator" and she will assist you.

★ These points are within your area. The Area Code is not dialed.

This map shows telephone areas and area codes in the United States and Canada. Since some localities cannot yet be called by using area codes, please consult the listings on Call Guide 4 through 6 for the area code of the place you are calling.

Types of Calls

station-to-station

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

person-to-person

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging starts when conversation begins.

conference

You can talk with several people in different places at the same time. Tell the Long Distance Operator you wish to make a conference call.

collect

You can make most calls "collect" if the person you are calling agrees to pay the charge. If you want to make a collect call, please be sure to tell the Operator when you give her the call.

mobile and marine service

You can also make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask Long Distance for the Mobile Service Operator, or the Marine Operator.

overseas calls (including Alaska and Hawaii)

You can call practically all the world's telephone from your telephone. Tell the Long Distance Operator you wish to place an overseas call and give her the name of the country you are calling.

charges

Reduced rates apply on most calls made after p.m. weekdays and all day on Saturday and most Holidays.

Further reductions apply on station-to-station calls made between 7 p.m. and 7 a.m. daily and all day on Saturday and Sunday.

General Information

Advertising Telephone Numbers

... There are recognized advantages of showing telephone numbers on stationery, signs, cards, etc. Growth and changes in telephone facilities may require the changing of telephone numbers therefore, any of these showing telephone numbers should not be printed in large quantities.

When You Hear a "Beep" Tone

... If you hear a short "beep" tone on your telephone about every 15 seconds, it means that person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is not authorized and is a violation of the Company's tariffs.

Out-of-Town Directories

Directories of other cities may be obtained at a nominal charge. Call our Business Office.

Directories

... Telephone directories are provided as an aid to good telephone service and remain the property of the Company.

Even though every effort is made to compile this directory accurately, errors sometimes occur. The Company assumes no liability for damage arising from errors or omissions in publishing this directory. Please report incorrect listings promptly so that we may change our records and do whatever we can to protect your service in the meantime.

Attachments to Telephones and Directories

... Telephone wiring, instruments, etc. on customers' premises are the property of the Company and may be moved or removed only by the Company. In the interest of safety and good service, nothing may be attached to or connected with the Telephone Company's facilities except as expressly authorized by its tariffs.

No binder, holder or auxiliary cover, except those furnished by the Company, shall be used in connection with any telephone directory.

Annoyance Calls

The Telephone Company is concerned about obscene and harassing calls and is trying to help stop them. You don't have to talk or listen to such calls — just hang up. If the calls persist, call your service representative at the local Telephone Company business office. If a threat is made at any time, also call the police. Malicious, threatening and abusive calls, including those in which obscene or profane language is used, are prohibited. The making of such calls may constitute cause for disconnecting service and possible criminal prosecution, and civil action by the person called.

Laws Concerning Telephone Usage

IT IS UNLAWFUL TO . . .

Refuse to give up a party line in use in an emergency.

Make nuisance or malicious telephone calls.

Use credit cards numbers to fraudulently obtain goods or services.

Charge a call to another person's telephone without his consent.

These are points from some of the laws both Federal and State which govern telephone usage and their violation should be reported to the proper civil authorities.

CALL GUIDE 9

LOCAL TELEPHONE CALLS

To make a local call

1. Look up the number before you dial
2. Listen for dial tone
3. Dial each digit carefully—pull the dial around to the finger stop—let it return by itself

To Call a Party on Your Line

Morehead City and Beaufort Subscribers

1. Obtain proper dialing code—dial 726-6116 and give the operator your number and the number you wish to reach.
2. When she gives the code number, hang up.
3. Dial the code and hang up.
4. When your bell stops ringing, your party has answered, pick up the receiver and talk.
5. If your bell does not stop ringing within a reasonable time, lift your receiver to stop the ringing. Try the call later.

Atlantic, Marshallberg and Ocracoke Subscribers

1. Atlantic, Marshallberg and Ocracoke subscribers dial 6 and the last figure of your own number and the last figure of the number you wish to call.
2. Hang up.
3. When your bell stops ringing, your party has answered.
4. If your bell does not stop ringing within a reasonable time, lift your receiver to stop the ringing. Try the call later.

Newport Subscribers

1. To dial another party on your line, the following instructions will apply:
 - a. Dial 6
plus the seven digit number you wish to reach.
 - b. When you hear the busy tone hang up.
 - c. Your bell may or may not ring; allow sufficient time for the called party to answer.
 - d. Pick up your receiver and talk. If on returning to the line you hear a tick-tone, this indicates the called station has not answered. Wait a short time to give the called party additional time to answer before hanging up or hang up and try the call later.
2. The called party on answering will receive a tick-tone indicating a special call has been made, and should wait for the calling party to return to the line.
3. Always be sure to pick up your receiver at least once after placing a call to another party on your line. This will free your line for other calls.

Convenient at Night . . .

the Telephone Light

Consult Your

Telephone Business Office

Modern LOW-COST TELEPHONE CONVENIENCES

For Home and Office

TELEPHONES IN TEN DECORATOR COLORS

Imagine the beauty and style added to your home and office by having telephones in smart new colors to blend, contrast or harmonize with each decorative scheme.

ADDITIONAL TELEPHONE

Whatever your type or size home, we have a low cost, modern telephone to fit your need. Actually, you can have extra phones—in color too—for less additional cost each month than you now pay for your main telephone.

MULTILINE TELEPHONES

For those businessmen who need two lines and an intercommunicating service. Lights flash to indicate incoming calls and a light remains on while a line is in use, preventing interruptions. Holding feature permits keeping a party on the line while you consult with personnel in your office.

BELL CHIMES

Your "Telephone" Ring is a very gentle and cheerful chime. You can also change it to a loud bell or the familiar telephone ring. The cost is low and maintenance is always free of charge.

VOLUME CONTROL TELEPHONES

Ideal for those with impaired hearing. Brings in softest voices loud and clear. Telephones to amplify speech are also available.

WALL TELEPHONES

Beautiful, Modern Space Saving Telephones bring added convenience in the kitchen, game room and work shop. Available in a number of smart colors.

Carolina Telephone Co

EFFICIENT COMMUNICATIONS

For Every Business

Efficient telephone service means the right amount and kind of equipment, at the right location for the right person to put to the right use.

TELEPHONE ANSWERING SET

Automatically answers when you are out, gives all callers your message and records any message or orders left for you. Do not miss important calls.

SEVERAL TELEPHONES IN ONE

The push-button phone enables the businessman to place, answer or hold calls on any one of several lines in one instrument. Provides privacy, interoffice conversations and signalling. Available in color.

PRIVATE BRANCH EXCHANGES

The cordless switchboard is designed for small and medium-sized businesses. Easy to operate and to look at. This one handles 5 incoming lines and 12 extensions; a smaller one 3 incoming lines and 7 extensions.

SPEAKERPHONE

No need to use your hands to make or receive calls over this telephone. Ideal for desk side discussions where several people can talk and listen on the same conversation.

TELETYPEWRITER SERVICE

This service does for the written word what the telephone does for the spoken word. The speed, accuracy and efficiency of teletypewriter service are doubly useful today with more automation in business record-keeping and data-processing. Private line service tailored to meet your needs is also available.

TELEPHONE PLANNING SERVICE

When building or remodeling commercial and industrial buildings, remember it costs very little to provide outlets for telephone service. Let us consult with you, your architect or builder. Call for "Telephone Planning Service."

YOUR TELEPHONE SERVICING REPRESENTATIVE WILL BE GLAD TO SUGGEST COMMUNICATIONS TAILORED TO YOUR BUSINESS.

Seconds from now,
your mother's phone could be ringing
Anywhere in North Carolina.
Or in Maine.
Or in Florida.
In fact,
Eastern Carolina is only seconds
from anyplace.

Carolina Telephone

HISTORICAL PAGE—CARTERET COUNTY

Morehead City was founded by Mr. John M. Morehead one hundred years ago. Known through the early years as a popular summer resort with its wide expanse of ocean-side beach and resort attractions, it has taken on of late years a program of commercial development. Less than one hour's run from the shipping lanes of the Atlantic, the Port of Morehead City has gained world-wide fame for its safe, land locked harbor and for the hours saved in docking. Nowhere along the Atlantic coast can the ocean beach adjoining the city on the south, be excelled for the beauty of its sand dunes and shore vegetation, its safe bathing beach with little undertow. History is written in the long stretch of Bogue Banks. Blackbeard, the pirate is claimed to have visited the Banks and some persons have spent hours digging for "pirate gold" but as yet none has been found. Upon the shores of the Banks has drifted the wreckage of boats and men of three wars, within a hundred years. The sound and outer ocean has given a livelihood to many through the years, either fishermen or whalers, from the early days of the settlement to the present day. The downtown business district of Morehead City covers about seven city blocks, lined with modern establishments, which offer complete shopping and service facilities unequaled in Central Coastal North Carolina.

Atlantic Beach, an incorporated town, is located just across the bridge from Morehead City. This is the most developed spot on the twenty-four miles of matchless, east-west beach on Bogue Banks.

Fort Macon, located east of Atlantic Beach, was built in 1826-34. It is an outstanding example of military architecture of the 19th century with jetties designed by Robert E. Lee while a young lieutenant. In 1862 the fort was bombarded while the Beaufort and Morehead City

residents watched anxiously and after an all day siege, the fort fell to the Federal forces.

Beaufort, the County Seat of Carteret County, was named for the Duke of Beaufort at its incorporation in 1722. Founded in part by French Huguenots and English sailors in 1709, Beaufort looks to the sea for its entertainment and its livelihood. Surrounded on three sides by water, this third oldest town in North Carolina faces a limitless horizon. In the center of Beaufort is the historical cemetery, resting place of North Carolinians of renown. Here lies Otway Burns, under a cannon from his privateer, "Snapdragon" which harassed the British in the War of 1812. Here too, is the grave of an unknown English seaman, who asked to be buried standing straight up—and he is! Tombstones in the cemetery mark the passage of time since 1775. Stroll through this quiet, landscaped place and feel that you're surrounded by history. Few towns with the antique charm of Beaufort have resisted the exploitation of the modern age . . . but in Beaufort you'll find a leisurely beauty, an unhurried way of living that is deeply appealing. The climate of Beaufort and Morehead City is unsurpassed, averaging 64 degrees year-round.

Those seeking historical lore will be rewarded by a study of Carteret history. Quakers played an important part in the early days of the county's settlement. From the outer world came settlers of various nationalities. Many came by ship through Old Topsail Inlet to land at Beaufort. Others trekked their way along rough Indian trails from the colonies to the north. This mingling of personalities produced a heterogeneous group, out of which came the men and women who helped to establish the early settlements of Carteret County.

If you ever hear a brief, high, almost musical note on your telephone line while you're talking—A sort of gentle "beep" repeated every 15 seconds or so—you will know that the person to whom you are talking has a recording machine which is making a record of your conversation.

Remember, it may be your best friend, or your best customer, who is telephoning. Answer him as pleasantly as you would if you were face to face.

Talk Naturally—Normal tone of voice is best over the telephone. Whispered words are indistinct. Shouting distorts the voice and may make it gruff and unpleasant.
