### You Are a Child of the Universe

No less than the trees and the stars:

You have a right to be here. And
whether or not it is clear to you, no
doubt the Universe is unfolding as it should.

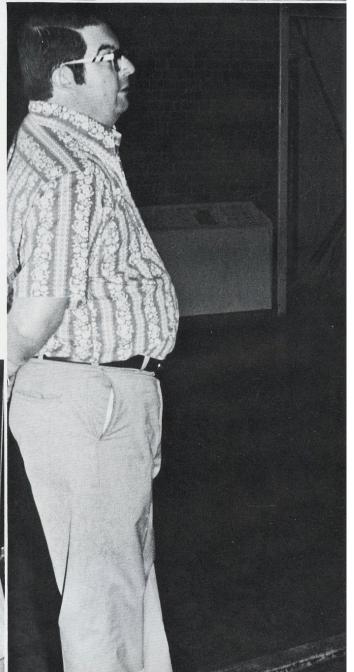

### Dedication

"Everywhere life is full of heroism" and our hero is a man concerned with what goes on around him; a teacher who cares about students; a friend who is there when you need him.

He is a man full of contentment who makes others "strive to be happy". He is reserved yet bubbling over with life and love. In returning our appreciation, we dedicate the Pirate '74, to you, Mr. David D. Porter.

# Classes

Through thick and thin We've attended this school, For twelve straight years In pain and pleasure. We have tasted the sweetness of victory and success. We have felt the pain and agony of defeat and loss. What we are, and do, this school and faculty have greatly influenced. We hope our teachers and advisors can be proud of us. And one day say, "He, or She, was in my class or attended my school, or came to me for help. We appreciate the values and morals we have acquired here. As we go through life and succeed, and take defeat in stride with the composure of mature adults, We hope to set an example for future graduates of our high school.

Nov. 5, 1973
Thank you, RONZO

#### CONGRATULATIONS GRADUATING CLASS OF 1974

#### Compliments U. S. Coast Guard Recruiting Office, Morehead City.

The Coast Guard's Missions revolve primarily around the word "help".

Each year the Coast Guard provides maritime search and rescue facilities to help stranded privately and commercially owned vessels and aircraft; sets standards for and instructs millions of pleasure boatmen in order to help make boating a safe sport; operates a worldwide chain of aids to help guide ships and aircraft safely to their destinations; provides port security units to prevent shipboard disasters in U.S. ports; operates the International Ice Patrol; enforces federal laws on the high seas and waters subject to jurisdiction of the United States.

The Coast Guard also acts as the nation's task force in detecting and supervising the cleanup of oil spills and maritime pollution; enforces maritime conservation laws; collects and analyzes oceanographic and meterorological data.

In order to carry out its vast responsibilities, the Coast Guard maintains a fleet of ships, aircraft and boats, as well as a chain of shore stations both in the U.S. and abroad.

When you join the Coast Guard, you become a member of your country's oldest continuous seagoing military service.

With a noble tradition behind you, and a promising career ahead, you do yourself and your country a proud service when you join the United States Coast Guard.

# You Are A Child of the Universe

#### (The Desiderata)

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible with out surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story. Avoid loud and aggressive persons, they are vexations to the spirit. If you compare yourself with others; you may become vain and bitter; for always there will be greater and lesser persons than yourself.

You are a child of the universe—
No less than the trees and the stars:
You have a right to be here. And
Whether or not it is clear to you, no
Doubt the universe is unfolding as it should.

Enjoy your achievements as well as your plans. Keep interested in your own career, however humble, it is a real possession in the changing fortunes of time. Exercise caution in your business affairs; for in the world many persons strive for high ideals; and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune, but do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life, keep peace with your soul. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

This school year of 1973'74 is an important must of

This school year of 1973-'74 is an important part of our lives, just as every year is; even more important are the activities and the fellowship that we as a student body shared everyday with our friends. Without learning and growing with each other as students and friends, the year would be meaningless. To account for a single school year by pictures in an annual, is a job not easily done. The Annual Staff and Beta Club members worked with the

sole desire of developing a memorable annual for everyone.

A big thanks goes to a very involved Annual Staff and Beta Club. However, no matter how involved each person is, the annual would almost be impossible without the pair of hard-working advisors, Mrs. Tucker and Mr. Beasley. Their special "know-how" is greatly appreciated. And for developing loads of pictures in such short time and never complaining, thank you Mr. Davis.

The end of this school year may be sad for some of us. A yearbook can help to bring back individuals and moments that are special to you, in years to come. To quote from this year's theme, "You are a child of the universe—no less than the trees and the stars. You have a right to be here." We sincerely hope that this annual will help each of us realize the significance of our contribution to an important year in our lives.

The Annual Staff and Beta Club give you, THE PIRATE 1974.
