Mr. Donald Leatherman was graduated from Methodist College in 1972. He has taught at several schools before coming to East Carteret, including Morehead Central, West Carteret, and Southwest Onslow. He has taught history at East for two years and plans to continue his career here. Hunting, music, and sports, especially softball occupy much of his time. Mr. Leatherman also spends as much time as possible with his two daughters, Donnie and Ty.

Leatherman has shared his love of music with the East Carteret student body at many assemblies and special events. He has devoted countless hours to coaching the East Carteret football and baseball teams and was selected 1983 Coach of the Year. For his outstanding contributions to the school, we dedicate the 1983 East Wind to Mr. Donald Leatherman.
Mr. Vance Mason was graduated from high school in 1963 and from East Carolina University in February, 1968 with a degree in Business Administration. During his high school and college careers, he participated in football, basketball, baseball, student council, chorus, Future Business Leaders of America, and Latin Club.

He began teaching at East Carteret High School in March of 1968 and was married in July 1968. Mr. Mason has three boys, ages fourteen, nine, and eight. Mr. Mason teaches distributive education at ECHS and has helped many students find a rewarding job. He is always willing to help in any school activity, and for his support and contributions to our school, we dedicate the 1983 East Wind to Mr. Vance Mason.

Time

Time, flowing like a river,
Time beckoning me.
Who knows when we shall meet again, if ever?
But time keeps flowing like a river to the sea.
Good-bye my love, maybe for forever;
Good-bye my love, the tide waits for me.
Who knows when we shall meet again, if ever?
But time keeps flowing like a river to the sea.
Till it's gone forever, gone forever —
Good-bye my friend, maybe forever
Good-bye my friend, the stars wait for me.
Who knows when we shall meet again, if ever?
But times keeps flowing like a river, etc.

East Carteret High School Alma Mater

The strength of a wave as it rolls to the shore
Reminds us of Mariners who have gone before
Of men and women who were strong and true
Whose deeds and examples challenge us to follow through.
We're Mariners, Mariners, and we'll always be
A part of East Carteret
Our strength is as the sea.
When our days grow short,
And our youth has ceased to be,
We can cling to what we've been and done
As long as there's memory.
off the year!

Who's Who

Haywood Wilder: Success is peace of mind which is a direct result of self-satisfaction in knowing you did your best to become the best you are capable of becoming.

Valerie Willis: To thine own self be true and as sure as night follows day, you will be false to no one.
Chris Golden: Do not put off until tomorrow what can be enjoyed today.

Rosemary Goodwin: For yesterday is but a dream and tomorrow is only a vision, but today well lived makes yesterday a dream of happiness and every tomorrow a vision of hope.

Linda Payler: Great victories come, not through ease but by fighting valiantly and meeting hardships bravely.

Chris Yeomans: The best are not only the happiest, but the happiest are usually the best.
David Fulcher: I am only one; But still I am one. I cannot do everything, But still I can do something; And because I cannot do everything I will not refuse to do the something that I can do.

Carol Leftin: A smile is a curve that can set a lot of things straight.

Mary Ellen Goodwin: God grant us serenity to accept what cannot be changed, courage to change what should be changed, and wisdom to distinguish one from the other.

Porter Betts: Things of this world that withstand the test of time must take time to be created.
Graham Stowe: Happy is the man that findeth wisdom, and the man that getteth understanding: For the merchandise of it is better than the merchandise of silver, and the gain thereof than fine gold.

Libby Gaskill: Grant us brotherhood, not only for this day but for all our years — a brotherhood not of words but of acts and needs.

Renee Ellison: To achieve the possible, you must attempt the impossible to be all that you can be. You must dream of being more.

James Avery: Love yourself and love your brother; we are all God's children no matter what our color.
Rolanda Lewis: The clock of life is wound but once; And no man has the power to tell just when the hands will stop at late or early hour. Now is the only time you own; Live, love, toil with a will; Place no faith in tomorrow; For the clock may then be still.

Dennis Temple: Remember this also, and be well persuaded of its truth: the future is not in the hands of fate, but in ours.

Gregory Bargeman: Cease to inquire what the future has in store, and take as a gift whatever the day brings forth.

Marsha Oden: The future is a world limited by ourselves; in it we discover what concerns us and sometimes by chance, what interests those whom we love the most.
Jon McComas: To become what we are capable of becoming is the only end of life.

Donna Barnes: Caring for others gratifies oneself and makes life more fulfilling.
Most Talkative: Diane Gillikin, Jody Engleby

Quietest: Joseph Madden, Leigh Willis

Most Talented: Linda Faylor, Charlie Fulcher

Faculty
Our Principal — Mr. Ronald Parrish

The 1982-83 school year has been another excellent one at ECHS. This could not have been accomplished had it not been for our one and only Mr. Ronald Parrish. Married and the father of four, he resides in Beaufort, N.C. and has been principal at East for five years. His many hobbies and interests include country music, fishing, sports, and hunting. A many thanks for his devotion at making East an excellent high school.

What is Graduation?

Graduation is a milestone in life. It is an ending and beginning. It is a stepping-stone from the past with its hours of study and its marvelous moments of fun to a new and somewhat different life filled with great challenges and responsibilities. Graduation is a sad and glad time of life when we must say “farewell” to fellow students and faculty and look ahead to new friends and acquaintances in our chosen profession. It is a time of laughter and tears, praise and witticism, orations and reflections. It is a day to be dead serious and lighthearted, enthusiastic and apprehensive. It is leaving behind the old well-traveled ways and setting out on a new, unexplored roads, knowing that we are equipped, through years of diligent study, work and application, with the tools necessary to make our way. Graduation is a proud and wonderful time of life, a happy and unforgettable event, sprinkled with moments of deep contentment, satisfaction and high hopes for the future. Yes, Graduation is an end — and a beginning.

Good Luck to the class of 1983!
Libby Gaskill
Rosemary Goodwin
In Memoriam

Donna Lupton
1963-1982

Most people are content to walk around, breathe, and just exist. Most people are content to perform the minimum requirements of life. There are, however, extremely rare human beings who come along too infrequently. These rare people are in love with life in all its aspects. These people have compassion and love for others. They are excited about the joy and beauty of the world and of all its accomplishments. They study, they love, they work, they care . . .

Donna Lupton was such a person. She was one of those rare people who love the world and the people in it and respect and use the great knowledge this world contains. We who knew her and loved her are glad that she crossed our lives and made our lives more meaningful and beautiful. We shall be eternally grateful.

Maybe you thought catching smugglers, stopping poachers and saving lives only happens in the movies.

Wrong.
Life in the Coast Guard is a lot better than a movie. It's the real thing.
You probably already know that the Coast Guard has the unique mission of saving lives and property.
We do a lot of other unique things, too.
We're law enforcement officers, patrolling thousands of miles of America's coastlines, on the lookout for narcotics smugglers.
We protect our national resources, keeping our 200-mile fishery conservation zone safe from "poachers" who illegally fish our waters.

These are big jobs, important jobs to our country and to the men and women who perform them. So are the other things we do.
Working to prevent pollution of our waterways and coasts. Maintaining the lights and markers that guide ships. Promoting safety in recreational boating.

Helping others is helping yourself.
It's not all hard work, though there's plenty of that.
In the Coast Guard, when your job is done and you're off duty, your time is your own. You can get out of your uniform and into your own thing.
The paycheck you get (over $500 a month after basic training) goes a lot further. We pay for your uniforms, medical and dental care, and when quarters aren't available, we provide an allowance for housing and meals. So most of your pay is yours to keep—or save for your future.
And because we're smaller than the other military services, your chances of being recognized are greater.
Good performance earns promotions. Which means a bigger paycheck, a bigger job and a brighter future. It all adds up to something pretty exceptional. A meaningful job, with an exciting lifestyle. If you would like to be involved, contact your local recruiter.

HELP OTHERS. HELP YOURSELF.
