Jeff Hall takes a well-earned break after participating in the Adopt-A-Highway clean-up program sponsored by the Careers Club. Broad Creek students always manage to find something entertaining to do during breaks.

Is Benjamin Hill really trying to open his juice can with his teeth? Yes, Amanda Jones, Brandy Parks, and Crystal Best make it across the finish line the easy way. Jay Cogger, Robert Call, and Andrew Chadwick find something humorous to laugh at while shopping at the school supply store.

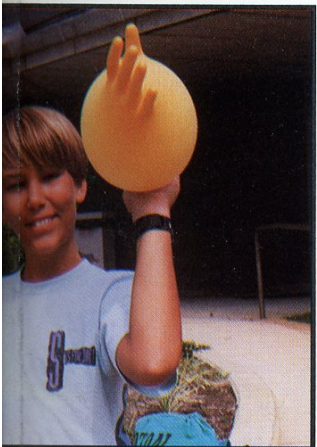

Eric Korhonen . . . huffs . . . puffs blows . . . successfully inflates a latex glove to the amazement of all who were watching.

At 3 PM students, with a new burst of energy, dash from classrooms to lockers and then to another world. Some students hurry to an athletic practice. A few kids linger about in front of the school to socialize and await a ride home. Most of our students make the trip home by bus. Once at home snacks, activities, television, food, Nintendos, telephone calls, more food, and eventually homework complete the day.

# Administration

With the beginning of the new school year faculty, staff, and students welcome a new assistant principal, Ms. Helen Cummings. This is to be only the first of many changes in the structure of Broad Creek Middle School. Already the configuration of the six teams has changed. Just as everyone seems accustomed to these changes, another is about to happen. In December our principal, Mr. Ron Parrish, is asked to become Personnel Director for the Carteret County Board of Education. In February we say our goodbyes to Mr. Parrish and a "welcome aboard" to our new principal, Mr. Bill Blair. Faculty, staff, and students look forward to working under the leadership of Mr. Blair and Ms. Cummings.

*Mr. Ron Parrish, Principal receives a Bulldog jacket at his farewell party. He'll always be a Bulldog at heart.*

*Mr. Bill Blair, Principal*

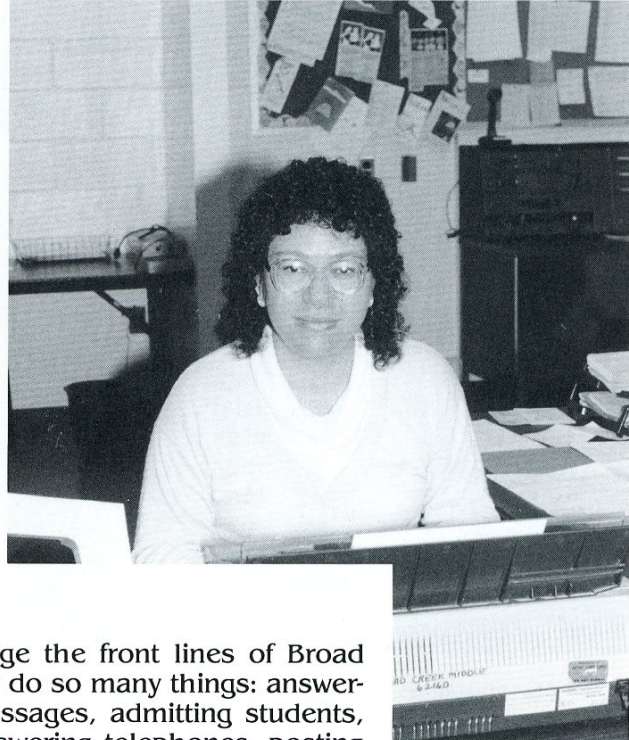

*Ms. Helen Cummings, Assistant Principal*

# Office Staff

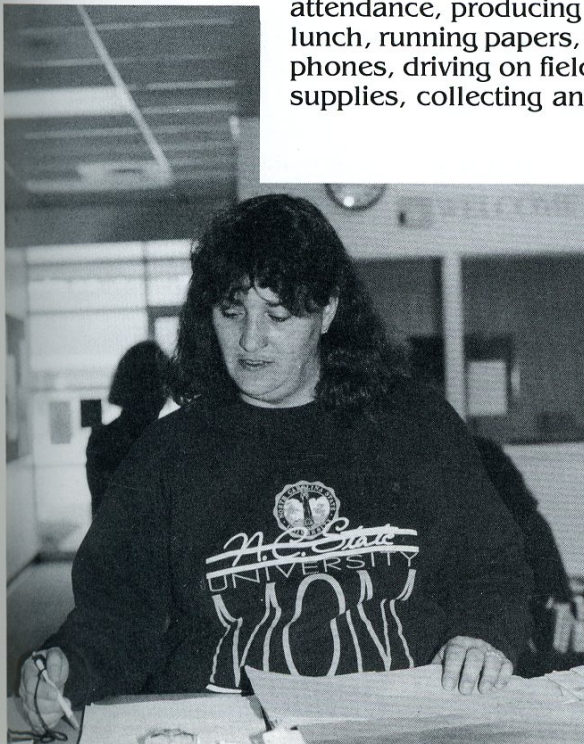

*Ms. Oriel Homan, Secretary*

*Ms. Maggie Williams, Office Assistant*

These four ladies manage the front lines of Broad Creek Middle School. They do so many things: answering telephones, taking messages, admitting students, checking out students, answering telephones, posting attendance, producing report cards, lending monies for lunch, running papers, covering classes, answering telephones, driving on field trips, ordering supplies, sorting supplies, collecting and receipting monies . . .

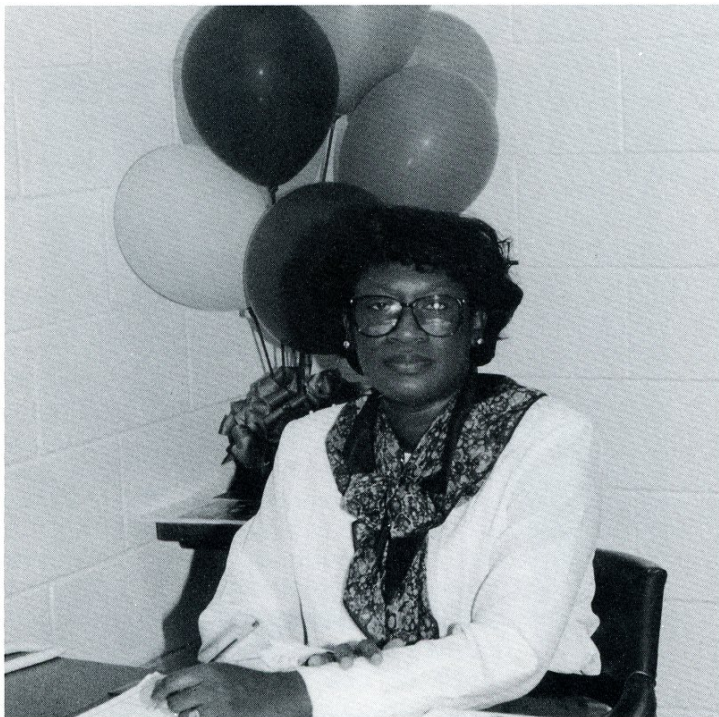

*Ms. Ida Tipton, SIMS Operator*

*Ms. Liz Vickroy, Office Assistant*

## Support Staff

*Ms. Marylene Tootle, Guidance Counselor*

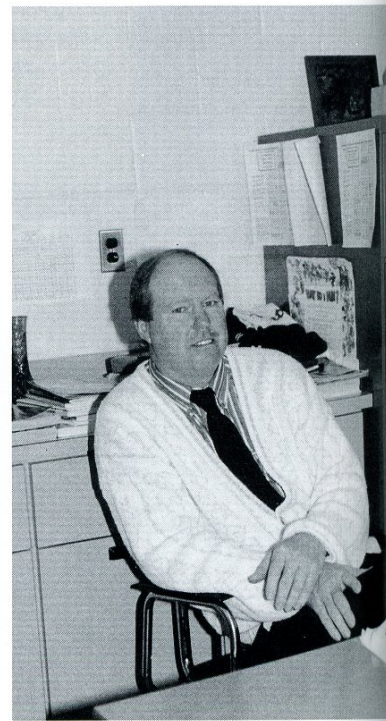

As Broad Creek's guidance counselor, Ms. Tootle is one of the busiest persons on campus. During the school day she wears many different hats—exchanging them many times during the course of the day. Though she is hustling and bustling about the school, she is still one of the most visible staff members to the student body at Broad Creek. Working with a student individually or with students in groups is one of Ms. Tootle's greatest pleasures. Time is her biggest adversary. There just doesn't seem to be sufficient time in the day for her to reach all those who seek her advice on guidance, and counseling. Ms. Tootle meets new students when they arrive at our school, introduces them to school policy, escorts them around campus, and introduces them to the team teachers. Even at the end of the day, Ms. Tootle still manages a smile as she makes out her list of "things to do" for the next day.

*Ms. Kathy Merrill, School Nurse*

Ms. Merrill manages the school health room. She tends to the needs of the child who is sick, performs the routine exams and tests that must be done according to state laws, and distributes band-aids by the dozens to all those who have cuts, bruises, and "booboos". When invited into the classroom, she conducts lessons on various health programs. Ms. Merrill manages to juggle thermometers, pink health cards, and student health problems with great ease.

The in-school suspension class is for those students who are having a difficult time following the rules at BCMS. Since this class is smaller than the regular class, students who have been assigned can receive more help with their work. Mr. Mann also listens to concerns the student may have, and he suggests ways in which the student might make better choices.

*Mr. Mike Mann, In-School Suspension*

## Service Staff

Cafeteria Staff (L-R): *Marilynn Hiatt, Jessica Ruder, Ann Dowdy, Lois Waters, Zelma Dixon, Dot Nichols, Aloa Boyd*

Long before students begin to arrive at school, our cafeteria staff is busy preparing breakfast and lunch. This year each team received a free breakfast. The cafeteria staff has run several contests in conjunction with various food service programs. What is the most popular food—PIZZA! Roughest day of the week—MONDAY! Favorite snack—ICE CREAM! Favorite part of their job—Making sure BCMS students have *enough* to eat!

Our custodial staff also arrives early and leaves late. They take care of all messes—big and small. Their job description includes *fix it* as well as *clean it*. All areas of the school (offices, classrooms, kitchen, cafeteria, gym, hallways, and the school grounds) are their responsibility. Though they consider their job as being stressful, they do enjoy watching and working with the students at Broad Creek Middle.

Custodial Staff (L-R): *James Chadwick, Caroline Arthur, Mary Butler, Gary Greenbush*

## Support Staff

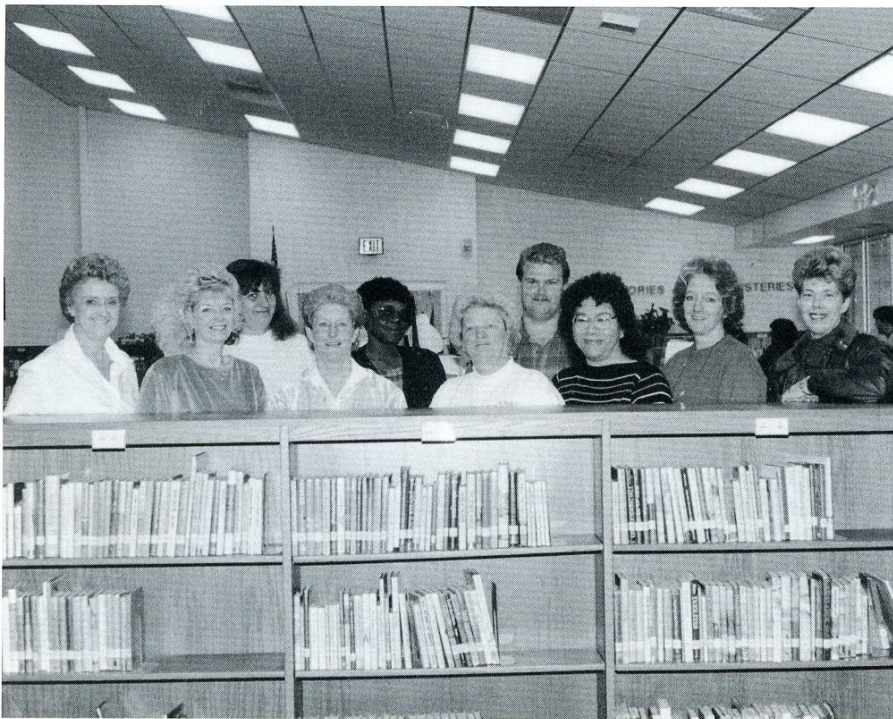

Steps to follow when

*Ms. Pat Wilkins, Media Coordinator  
Ms. Barbara Russell, Media Assistant*

**Student Media Assistants (L-R):** *David Bond, Jennifer Horst, Tabby Co, Robert Call, Debra Whitaker, Jessie Hiney, Nancy Whaley, Mandy H, Amanda Berger*

The Media Center at Broad Creek still remains one of the most facilities on campus. New and advance technologies are always introduced to the faculty and students. The computer lab is always in demand as students seek to word process their papers and report work on various skills, or just enjoy an educational game. Our media center has become the envy of all those who have visited from other schools.

**Assistants and Bus Drivers (L-R):** *Aloa Boyd, Pam Campbell, Ida Tipton, Lois Waters, Geraldine Burton, Margie Perry, Robert Casey, Maggie Williams, Barbara Russell, Bonnie Adams*

22 People

School bus drivers start out early in the morning picking up students as they slowly make their way to BCMS. Once they arrive at school, they most then assume another role—an assistant. Some go to work in the office, some to the kitchen, some to the media center, several to the classroom, and one even leaves to go to another job. During the day, these people work with students, teachers, and the public. When 3:00 rolls around, these people once again board their buses to begin taking the students home.

## Sixth Grade Teachers

**Starfish Team (L-R):** Ms. Diane Nance, Ms. Susie Willis, Ms. Penny Boudreaux, Ms. Laura Palumbo, Ms. Karen Krietzburg

Seahorses—one team—one attempt—one school—against the ordinary, the average, the status quo. Through team, we are learning some basic truths. We know that there are no free rides; that dreams become realities through persistence and perspiration; that believing is more than half the battle. Simply stated, we do whatever we attempt very well. We do it in style. *We Believe to Achieve!*

In the words of Starfish students this is what the Starfish team means to them:

“The Starfish team is a group of about 130 students with 5 teachers. We are like a neighborhood and each home-room is like a house. In the houses we share ideas and thoughts. Most of these ideas stay in the house, others are shared during team meetings with our neighbors. We have contest and projects on our team. So, all in all the Starfish team is like one big thing with lots of people involved.”

**Seahorse Team (L-R):** Ms. Sharon Baugus, Ms. Holly Smith, Ms. Tammy Lovett, Ms. Nancy Guthrie, Mr. Ralph Wade (not pictured)

## Eighth Grade Teachers

**Gator Team (L-R):** Ms. Gayle Morton, Ms. Martha Bryan, Ms. Kitty Ormsby, Ms. Sheila Moore, Mr. David Sturgill

Like true sharks our team is always busy moving on to another adventure. With the Shark teachers patrolling the school, we manage to keep them together.

Gators are a "Head Above the Res" because we work hard at word processing, poetry, parts of speech, experiments, maps, algebra, journals, projects, math, presentations, current events, more algebra, and then some fun.

**Shark Team (L-R):** Ms. Norma Pifer, Ms. Susan Gothard, Mr. Bill Cunningham, Ms. Susan Fulcher, Ms. Kathy Tomon, Ms. Debbie Boston (not pictured)

## Seventh Grade Teachers

Students on the Whale Team have been busy with the study of different cultures in social studies, book reports for communication skills, geometry and algebra units, and science labs. As always everyone is active as we get nearer the date of the science fair. Students have arm loads of bottles, jars, and backboards. We continue collecting and recycling aluminum cans which creates funds in which we can purchase more science equipment. We are looking forward to the mini-courses of French, Spanish, drama, dance, and other topics of interest. Whales are on the move, pushing ever forward.

**Whale Team (Seated L-R):** Ms. Susan Langdon, Ms. Shelley Lewis (Standing L-R): Ms. Pollye Pruitt, Ms. Martha Whaley, Ms. Kathy Guthrie

**Dolphin Team (Front L-R):** Ms. Gerry Reed, Ms. Cheryl Baker (Back L-R): Mr. Gary Abell, Ms. Jackie West, Ms. Eura Lawrence

Dolphins are one of nature's most phenomenal creatures and, so too, are the *Dolphins* of Broad Creek Middle School. They learn through participation in cooperative learning groups, labs, role playing, group presentations, research, debates, and independent activities. Developing organizational skills, getting along with others, and accepting the consequences of their actions are areas in which the *Dolphins* strive to improve. Meeting success has been both a challenge and a reward.

## "Off the Hall Classes" — Physical Education,

The term "off the hall" refers to the classes outside of the core classes of English, mathematics, science, and social studies. All students at BCMS participate in the physical education classes. Anytime during the school year these students can be seen participating in activities that exercise and strengthen the body as well as stimulating the mind. Activities such as putt-putt golf, bowling, broom hockey, and prison ball complement the traditional PE offerings of volleyball, basketball, and gymnastics. Students also participate in the President's Physical Fitness Program.

Some students elect to take an active part in one of the cultural arts programs which include art, band, and chorus. Students may sign up to take a course for the entire year, or they may choose to sign up for a rotation either on a semester cycle or a six weeks/seven weeks cycle. The awarding of the Superintendent's Award to Gary Howe in the art classes. The art class also visited an art showing at the county library. The chorus has been busy with a Christmas concert, rehearsing for the drug-free program entitled "The Upside of Down", and practicing for a Spring choral competition. In addition to Christmas and Spring concerts with the chorus, the band performed at two basketball games this year.

The career exploration classes are conducted on a rotation based on the students' grade placement. Students explore career choices through the Business Lab, the Industrial Lab, the Service Lab, and the Environmental Lab. Many hands on activities are incorporated into the various lab programs. Students who take these classes may belong to the CECNC. Members of CECNC compete in county, regional, and state competitions as well as participate in the clean highway program.

**Physical Education Teachers (Left to Right):** Mr. Doug Garner, Ms. Melba Hunt, Mr. Terry Lewis

**Cultural Arts Teachers (Left to Right):** Ms. Susan Shetzer, Mr. Allen Pettit, Deanie Humphrey

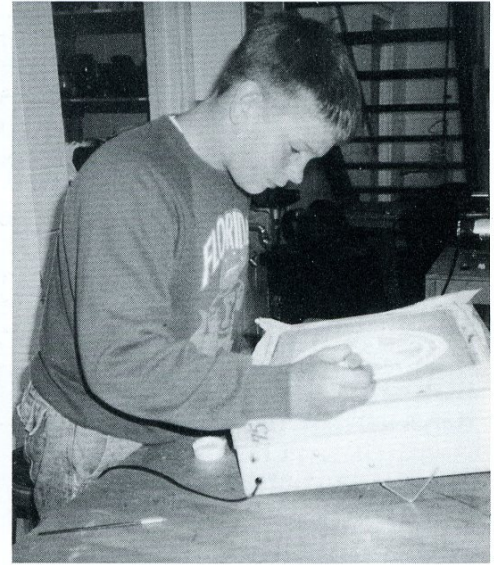

**Career Exploration Teachers (Left to Right):** Ms. Sandy Kelly, Ms. Georgea Burroughs, Ms. Bena Mann, Mr. Bill Stuart

*Clockwise: These Dolphins showed how "cool" it was to be out on the nature trail looking for fungi. "One-eyed" Joel Cockrell was one of many Dolphins participating in National Yearbook Week. William Borden and Elmore Curtis studied a science display before going on to another activity.*

The Dolphin team spent one entire day participating in the "Discover the Neuse" program, an outdoor classroom that incorporated and enhanced previously taught skills. Left: Andy Miller, Ashley Ipock, Joshua King, and Melissa Keesling walked the shores looking for aquatic life. Below: Allison Wade, Jenny VanDeVoord, Warren Thacker, and Rusty Tootle were eager to swing across "the Great Divide", an activity designed to build cooperation among team members.

Clockwise: Joshua King and other students studied their aquatic finds under the microscope. A group of Mrs. Lawrence's science students posed for the camera on the nature trail. Eddie Tootle's smile reflected the fun he was having being a participant in the "Discover the Neuse" program.

**Top:** As part of the Career Club's community service project Rachel Sapp, Jenny Weeks, and Janelle Matthews gather trash along Highway 24. **Bottom Left:** At one of the school dances, Ms. Humphrey confers with her DJ-husband about the next selection of songs. **Bottom Right:** The sixth grade band warms up by playing the scales.

Even a Bulldog will find a way to seek the "hidden treasures" at BCMS.

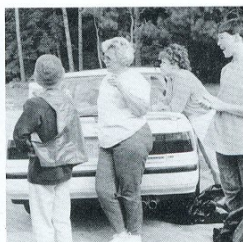

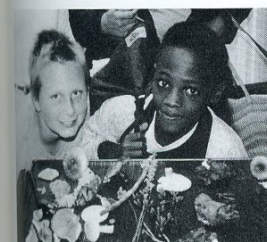

The doors to classrooms were decorated for National Yearbook Week.

Broad Creek's "little mermaid" dives for the treasure on Ms. Reed's door.

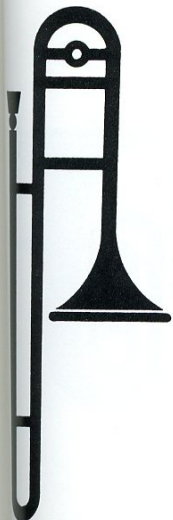

Top: Mr. Stuart and Ms. Mann discuss Robert's Rules with the officers of the Career Club. Center: Teshara Boston, Jeonita Rose, and Mary Fowler select pictures to go into the yearbook. Bottom Left: William Borden and Elmore Curtis study a science project. Bottom Center: Ms. Kelly and several students take a break during the Trash-a-Thon. Bottom Right: Russell Flint, Crystal Averette, and Tanya Howe follow along with the music in chorus.

# Colophon

The fourth edition of the Broad Creek Middle School yearbook was printed by Delmar Publishing Company in Charlotte, North Carolina. The cover is teal embossed Lexotone with a black screen printing. The book was printed on 80 pound gloss enamel paper with black ink. Headlines and body copy were printed in Benquiat Book type in sizes ranging from 8-18 point. Four hundred fifty copies, 8½ inches by 11 inches, were printed containing seventy-two pages each. The books sold for fourteen dollars each plus two dollars for namestamping until delivery when the price increased to sixteen dollars.

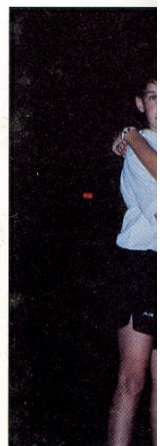

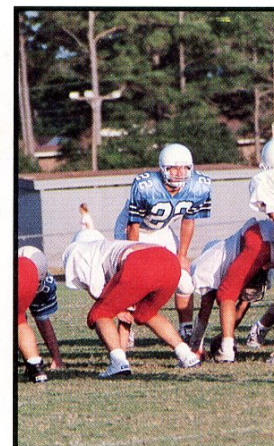

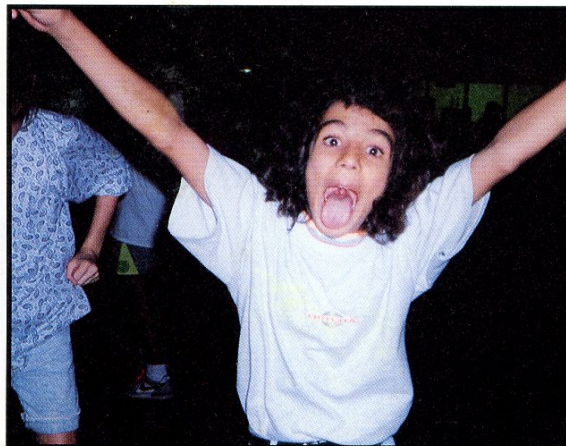

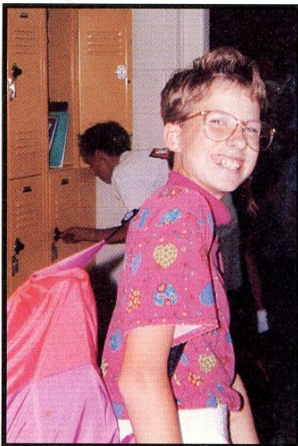

Class portraits and team pictures were made by Kerry Willis of Autry-Willis Photography of Beaufort, North Carolina. Color processing was done by Sun Photo of Morehead City, North Carolina.

The yearbook staff of 1991-1992 would like to extend their heart felt gratitude and appreciation to the following people and groups for their support and cooperation in the production of this book: Our Delmar representative, *Mr. Joe Hughes*, for his interest, patience, and guidance; *Ms. Penny Boudreaux*, *Ms. Holly Smith*, *Ms. Cheryl Baker*, *Ms. Susan Langdon*, *Ms. Martha Bryan*, and *Ms. Susan Gothard* for doing the pages for their team. A special thanks goes to the *parents of our staff members* for providing support and transportation for after school meetings and weekend work sessions, and to the *PE teachers* who had to give up their "classroom" so we could shoot group photos.

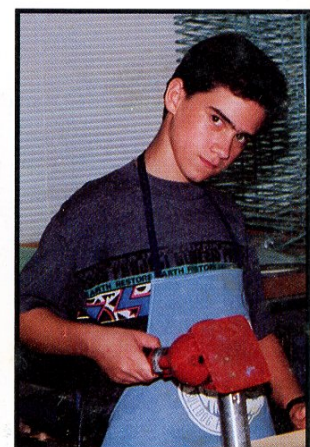

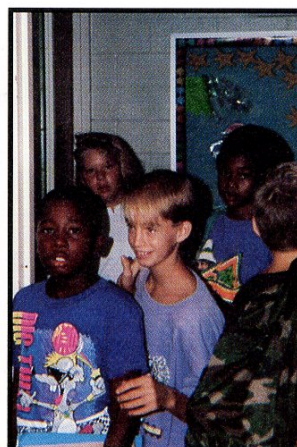

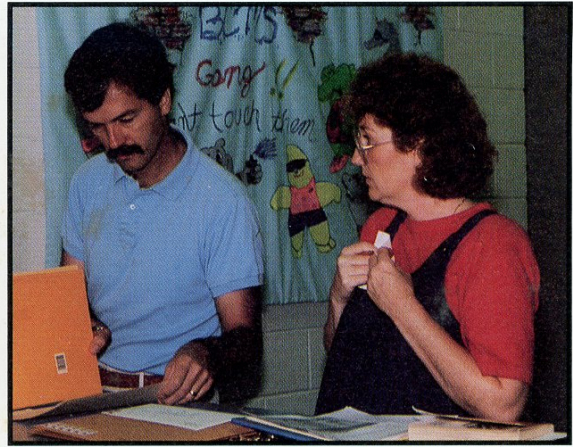

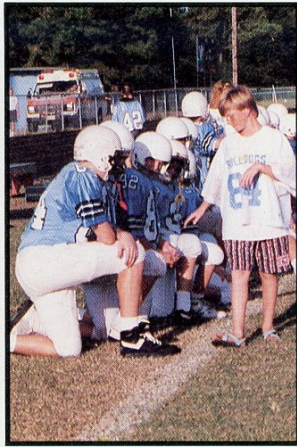

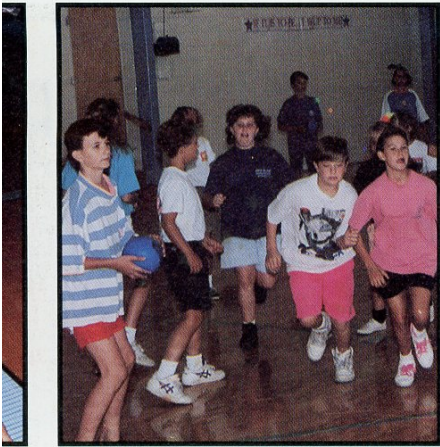

*Life, like the ocean, deceives*

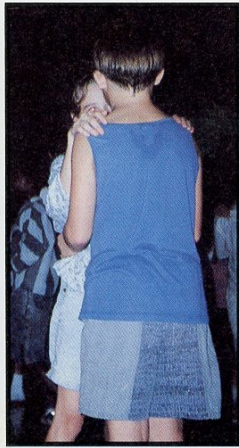

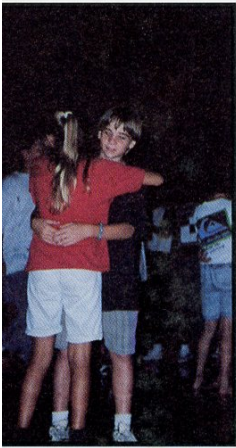

*while, beneath the surface, energies*

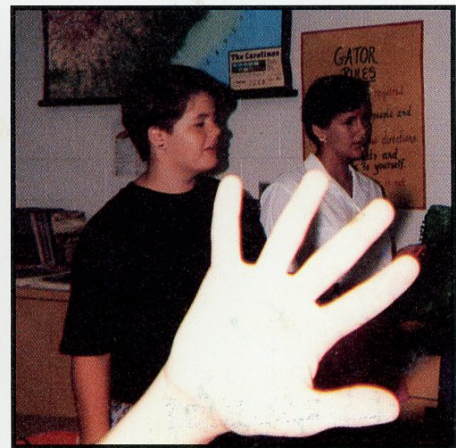

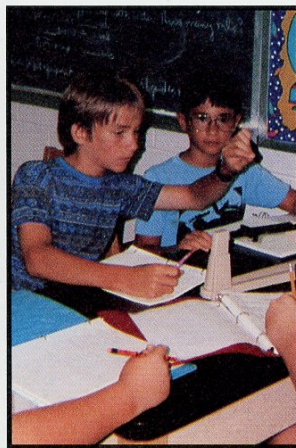

*Top row from left:* The Bulldog "pit" is the place to be prior to the beginning of school. Coach Doug Garner and David Sekely watch Andrew Chadwick perform the "sit and reach" portion of the President's Physical Fitness Test. "Jailbreak" — Sixth grade students escape during the Prison Ball activity in PE. Doug Nicely checks to make sure the players have all of their equipment. Mr. Bill Stuart and Ms. Jo Glancy search the master list for a student. *Middle row from left:* Bonnie Hudson is all smiles on a Friday afternoon. Vivian Esmail shows off her dancing style at a school dance. Broad Creek Bulldogs make a goal line stand against Morehead. Slow dancing is still popular with these seventh grade students. Joanne Stocking and

*with its surface calm;*

*surge with vitality and exuberance.*

Chris Graham enjoy one of many dances together. School buses silently await the mass exodus of departing students. *Bottom row from left:* Ms. Eura Lawrence assists a group of Dolphins as they prepare their lab sheets. Eager Starfish students enter their new classes on the first day of school. David Cannon demonstrates the correct use of the heat gun of "puff" ink. Ms. Dot Nichols serves breakfast to Mark Denning and Chris Braxton before school. Chris Edwards adjusts the weights as his lab partners record the results. Stop! You can't take that picture!
