Top row from left: When you are a *Bulldog*, the future is so bright that you "gotta wear shades." Jennifer Hill does her monkey imitation for Andrea Yeager. Ryan Giroux contemplates the rest of his day during STEP. Anthony Quan and Joey Cooper work on the assembly line in the Industrial Lab hoping to have the fastest time. Middle row from left: David Stout proves to Henry Elms that to get a good cast *you have to hold your mouth right*. Carrie Kale becomes a support post for Terri Doolittle as they await to check-in to the hotel at the CECNC State Conference. Cam Ormsby welcomes hungry diners to Burger King during a Career Club work night. Career Club members are nothing but *cool* at last Spring's State Leadership Conference. Mr. Bill Cunningham dazzles his fellow faculty members with *his* usual brand of humor. On a hot September

day Ms. Diane Nance gives Katherine Smith a shower during a break at the Trash-a-thon. Bottom row from left: William Salter polices his designated area during the Trash-a-thon along the Nine Foot Road. Daniel Tootle congratulates Trevino Tootle after his scoring of another touchdown against H.J. McDonald. Ben Hill sweeps up during his shift at the Burger King work night. Coach Terry Lewis imparts his infinite wisdom to the Bulldogs during a time-out. A photographer catches Patrick Cayton with that it wasn't me look during STEP. Ms. Dot Nichols and Ms. Ann Dowdy prepare a typical Friday lunch at BCMS — PIZZA.

“ Today’s students have a lot more problems to face and decisions to make than I ever did. Just knowing that makes me want to show them some happiness and love. Besides, it is hard to be mad when the rules say you have to smile.”

— Ms. Susan Shetzer

Amber Fair listens to Ms. Susan Shetzer's suggestions as to how to make her artwork more personal.

Mr. Bill Stuart, Ms. Jackie West, and Ms. Norma Pfifer are all smiles as they begin their duty of collecting money and issuing tickets at one of the football games.

According to Ms. Susan Shetzer, Carteret County's Teacher of the Year, "Art is essential in education. It can help teach problem-solving skills and promote confidence and self-esteem, especially in students having problems in other classes. Art is a release for many students." Ms. Shetzer felt that in order to be the best teacher, she needed to focus on her students. She states, "I believe in hands-on. I also believe that every child can learn, and can learn faster by doing." By integrating art with the subject matter being taught in the core classes, Ms. Shetzer gave her students a broader understanding of that subject.

Ms. Sharon Baugus attentively awaits for the referee to signal her whether a point had been scored during one of the home volleyball matches.

Administration and Office Staff

Our fifth year at Broad Creek Middle School brings new challenges and goals not only for this school year, but also for years to come. As the instructional leaders of our school, the administrators seek to provide support and guidance for the faculty and staff of our school. A safe, orderly climate is maintained in order that our students can continue their learning processes. Helping students to accept consequences for their actions, helping them to develop responsibility and organizational skills, and promoting good citizenship are only a few of the administrators expectations. **Building the BEST together is their goal.**

STUDENT LIFE

TAKE 5

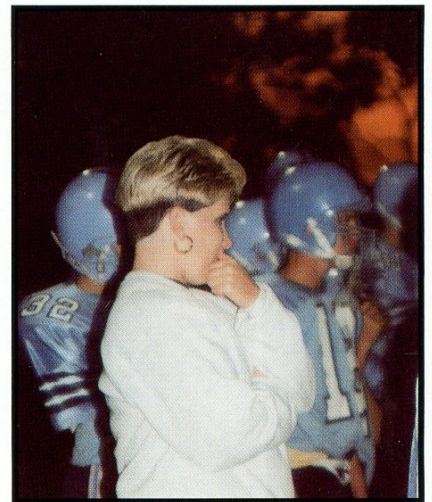

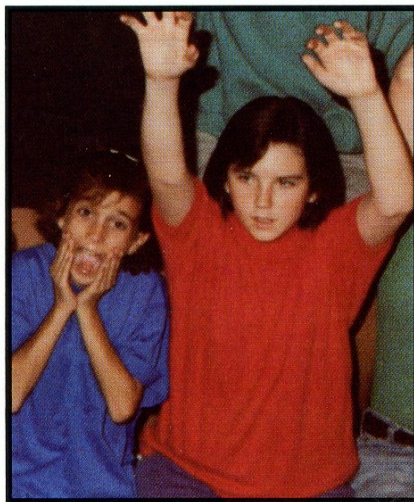

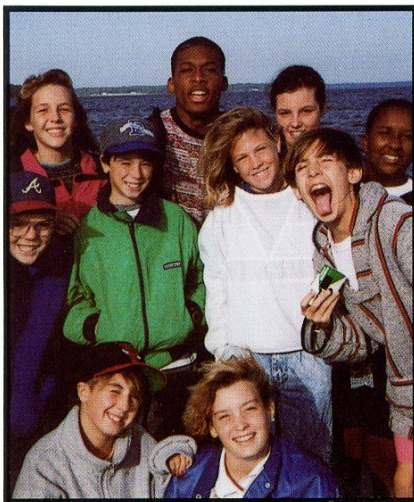

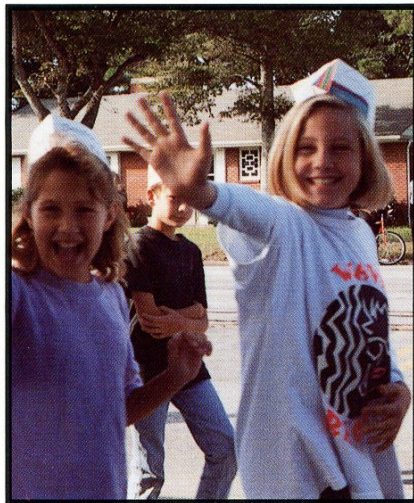

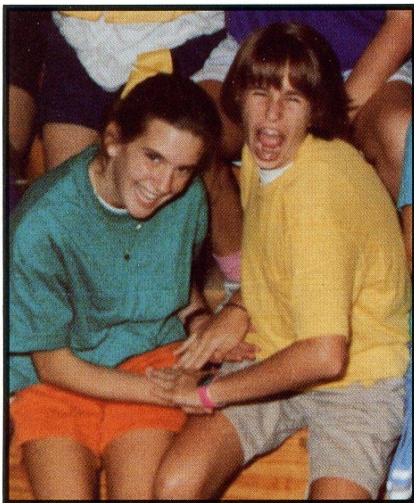

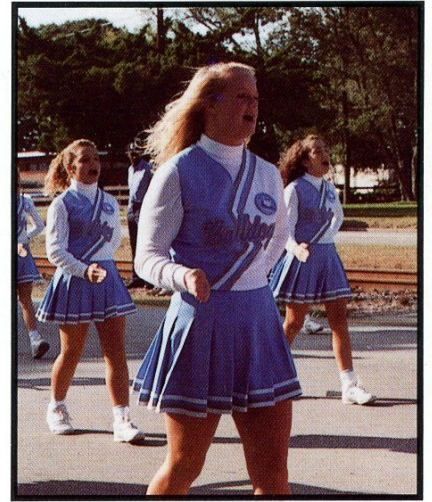

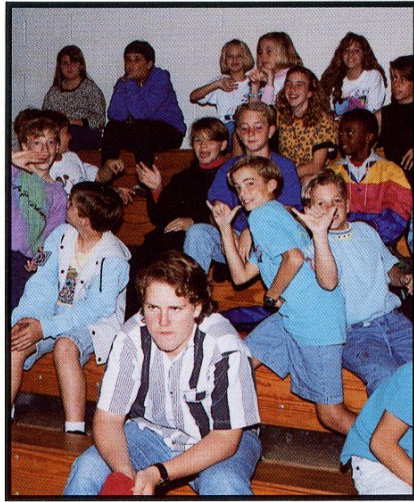

S

tudents have many opportunities to enjoy themselves outside of the regular classroom routine. These activities most often reflect a stated objective, but are yet both fun and rewarding to those who choose to participate. Student life at BCMS evolves around dances, concerts, plays, Battle of the Books, discovering the Neuse, and even actively participating in the '92 election. Each team develops activities that enhance the life of each of our students.

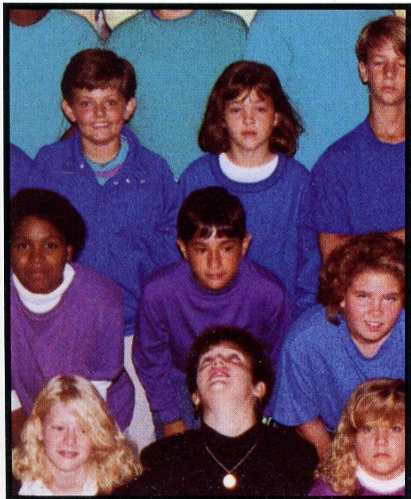

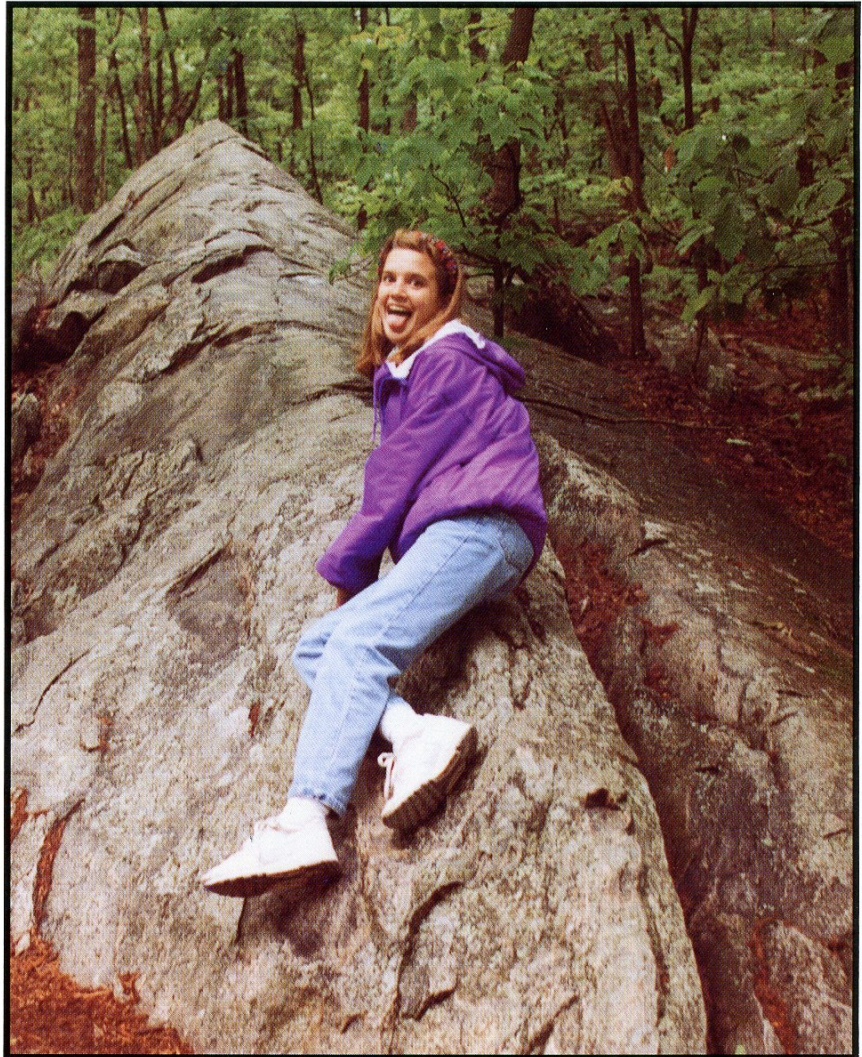

Barry Mitchell and Joshua King take notes on screen printing in their career exploration class.

TEAMS

TAKE 5

All of the teams this year had the opportunity to "Discover the Neuse". This program, sponsored by the school's guidance committee, enabled students on each team to put to use their classroom knowledge to accomplish real situations or to expand that knowledge in an out-of-class setting. Participating in activities such as "Get Lost", "River Rummage", "Predators", and others put acquired skills to use. In "Challenging Choices" students used the skills they had learned in the STEP program to overcome obstacles in order for all to successfully complete the tasks. All agreed that the cooperation among the students made this program a SUCCESS.

Scott Bertalott encourages Buddy Avery as he tries to successfully complete one of the "Challenging Choices" as Max, the counselor, watches.

Dolphins . . . Building the best together

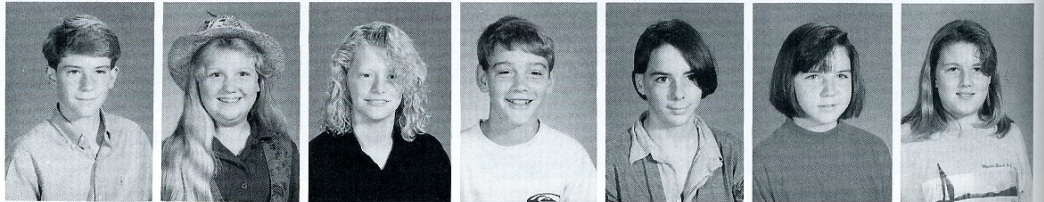

dol·phin ('dôl fən) n. any of various size mammals found in and around the seventh grade pod of Broad Creek Middle School. Most dolphins appear docile and easy-going. Since their intelligence is a step above most mammals, they may be trained to solve complex problems. Dietary supplements consists of quantities of pizza (in any form), jelly doughnuts, burgers, ice cream, and soft drinks. Most dolphins travel from place to place in various size packs.

ndefeated! How sweet that sounded! This year the Bulldog Football Team completed a perfect 7-0 season. It was to be the first winning season in the five year history of our football program. Victories over Beaufort Middle (our first ever) and two victories over Morehead Middle helped to make the season even better. According to Cam Ormsby, "all the sweating and hitting at the beginning of the season paid off at the end with a perfect record and a conference championship." Conference championships were also won by our volleyball, baseball, softball, and boys' basketball teams.

As I Grow

Please...

Understand that I am growing up and changing very fast. It must be difficult to keep pace with me, but please try.

Listen to me and give me brief, clear answers to my questions. Then I will keep sharing my thoughts and feelings.

Reward me for telling the truth. Then I am not frightened into lying.

Tell me when you make mistakes and what you learned from them. Then I can accept that I am OK even when I blunder.

Pay attention to me, and spend time with me. Then I can believe that I am important and worthwhile.

Do the things you want me to do. Then I have a good, positive model.

Trust and respect me. Even though I am smaller than you, I have feelings and needs just like you.

Compliment and appreciate me. Then I'll feel good, and I'll want to continue to please you.

Help me explore my unique interests, talents and potential. In order for me to be happy, I need to be me, and not you or someone you want me to be.

Be an individual and create your own happiness. Then you can teach me the same, and I can live a happy, successful and fulfilling life.

THANK YOU FOR HEARING ME, I LOVE YOU!

I AM ME

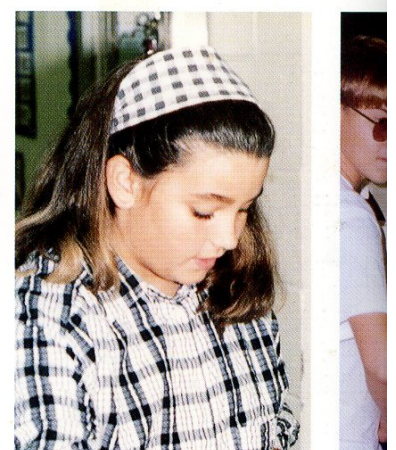

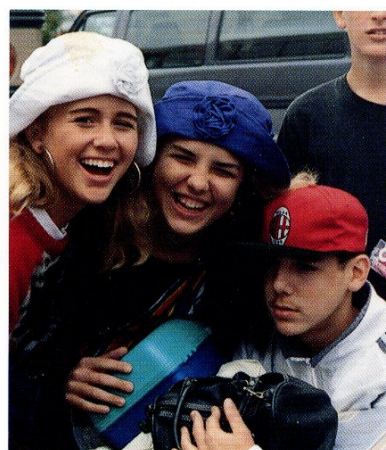

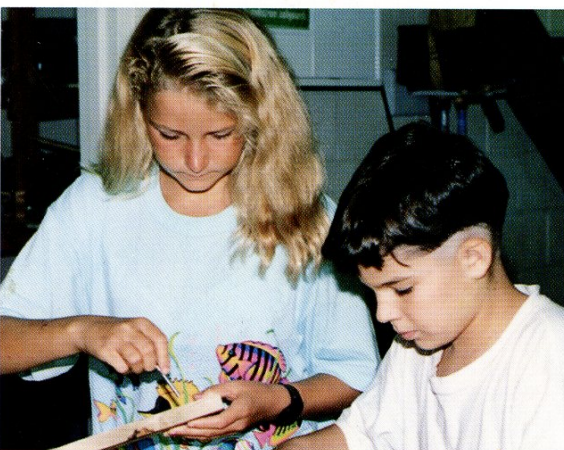

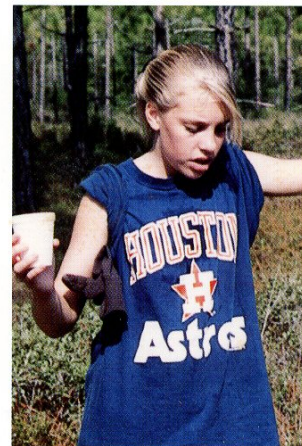

IN ALL THE WORLD, THERE IS NO ONE ELSE EXACTLY LIKE ME- EVERYTHING THAT COMES OUT OF ME IS AUTHENTICALLY MINE BECAUSE I ALONE CHOSE IT-I OWN EVERYTHING ABOUT ME -MY BODY, MY FEELINGS, MY MOUTH, MY VOICE, ALL MY ACTIONS, WHETHER THEY BE TO OTHERS OR TO MYSELF-I OWN MY FANTASIES, MY DREAMS, MY HOPES, MY DEFEATS-I OWN ALL MY TRIUMPHS AND SUCCESSES, ALL MY FAILURES AND MISTAKES -BECAUSE I OWN ALL OF ME, I CAN BECOME INTIMATELY ACQUAINTED WITH ME-BY SO DOING I CAN LOVE ME AND BE FRIENDLY WITH ME IN ALL MY PARTS -I KNOW THERE ARE ASPECTS ABOUT MYSELF THAT PUZZLE ME, AND OTHER ASPECTS THAT I DO NOT KNOW-BUT AS LONG AS I AM FRIENDLY AND LOVING TO MYSELF, I CAN COURAGEOUSLY AND HOPEFULLY LOOK FOR SOLUTIONS TO THE PUZZLES AND FOR WAYS TO FIND OUT MORE ABOUT ME-HOWEVER I LOOK, AND SOUND, WHATEVER I SAY AND DO, AND WHATEVER I THINK AND FEEL AT A GIVEN MOMENT IN TIME IS AUTHENTICALLY ME-IF LATER SOME PARTS OF HOW I LOOKED, SOUNDED, THOUGHT AND FELT TURN OUT TO BE UNFITTING, I CAN DISCARD THAT WHICH IS UNFITTING, KEEP THE REST, AND INVENT SOMETHING NEW FOR THAT WHICH I DISCARDED-I CAN SEE, HEAR FEEL, THINK, SAY AND DO- I HAVE THE TOOLS TO SURVIVE, TO BE CLOSE TO OTHERS, TO BE PRODUCTIVE, AND TO MAKE SENSE AND ORDER OUT OF THE WORLD OF PEOPLE AND THINGS OUTSIDE OF ME- I OWN ME,AND THEREFORE I CAN ENGINEER ME-I AM ME AND I AM OKAY
