Will   Here?

You Be

East Carteret High School

## MOM and DAD

Sometimes you take for granted  
The people who are always there,  
Who take the time to show you love  
When it seems that no one else cares.

The ones who teach you right from wrong  
And show you the way to go,  
Who love you enough to hurt you,  
And show you the friend from the foe.

They're the ones who will always stay with you  
When life and times gets rough,  
They'll believe and never leave  
And help you get through the tough.

There's only two words to describe these people  
Who have given you all you have,  
It's hard to express the love you feel  
For these people- your Mom and Dad.

By Alyson Faye Hancock

## Our Parents

You have always been there for us  
When we needed a Friend.  
You showed us the way,  
Even if it was the path we didn't want to take  
You helped us in our homework  
And made us study for the big test.  
You have watched us grow into what we are today,  
As adolescents, you lose us a little day by day.  
You gave us so much and we know we can't return the favor,  
But deep inside it's enough when we're together.  
You think sometimes we have no love for you,  
Even though we don't show it - we really do.  
You have loved us since the day we were born,  
But at times we were not sure if you did.  
You, Mom and Dad, are inspirations in our life  
There are so many things we would like to thank you for,  
But only three words can express how we feel...  
We Love You
