Wilbur G. "Butch" Simpson, Jr.

We would like to dedicate the 1996 Year Book to a very special teacher that will be retiring at the end of this year. This is a teacher:

Who's always there and willing to go the extra mile
to care for a boo-boo and replace it with a smile?
Who will freely give his talents to those of us who care
and listen to our problems with a sympathy to spare?
Who will walk a mile to teach us the things we need to know?
Who will help us and take us as far as we can go?
Who tells us yarns and stories that make us laugh and hoot?
Who makes us do those projects and clean up to boot?
Who does these things and many more when answers need a source?
Who will we always remember? **Mr. Simpson** of course!!

FUTURE, PAST, PRESENT

***As eighth graders we go
Because the most we know***

***We leave sweet Teachers behind
But we always remember them in our minds***

***At high school we arrive
The old times we thrive***

***As we move on to harder times
We try to remember Middle School Learning***

***Everyone will always know
Graduating from Morehead Middle School
IS TOTALLY COOL***
