

Administration

Our White Oak Elementary "School of Fish" has done very well this year! All students have put forth an A+ effort in writing. Remember the fun of our "Winter Writing Wingding" and all of the stories that were written this year? In reading, our A. R. point total really soared as you were reading to explore our amazing world and to find your own hobbies and interests in it. We've celebrated the 100th Day and Jumped Rope for Heart. What an awesome year 1998-99 has been! I am delighted that you and your family have shared our Year of the Oceans "Waters of the World" with us at White Oak Elementary School!

Renne Newman Principal

Renne Newman, Principal

Congratulations, Ms. Newman!

Wachovia 1998 Principal of the Year Carteret County

Wachovia 1999 Principal of the Year Southeast Region

At press time, Ms. Newman is one of Six finalists from across the State for Wachovia 1999 NC Principal of the Year

We are all proud of your accomplishments!

Thank you for all the positive growth you have directed at WOES!

Dr. Rita Mullins, Assistant Principal

Twenty-five "mouses" are now gathered in our new Mouse Pad! Fifteen new keyboards await little fingers to create music!

Computers are in control at White Oak Elementary School, both in our new Mouse Pad computer lab and in our new midi-keyboard music lab. The 1998-99 school year has been an exciting one in the area of technology. In September, 1998, our new computer lab opened, and in February 1999, the new computerized keyboard midi-lab was ready for student use.

Teachers and students are enthused about the integration of technology into all facets of our curriculum. Fifth graders have enjoyed creating a HyperStudio multimedia project and improving their keyboarding skills using Type To Learn software. All students are reading Accelerated Reader books and taking tests on the computer to ensure that their Principal and Assistant Principal will have to kiss a fish as part of our AR Fish Festival in the Spring. Students in grades three through five are working to improve their reading and math scores, using the CCC and Failure Free computer programs, in preparation for the End-Of-Grade tests given in late May. Our staff members have already begun making plans for next school year so that our technology

successes this year will multiply in the future.

Exploring deep into the mysteries of the ocean.

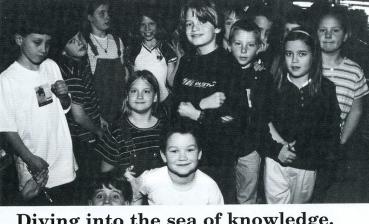

Traveling the world's oceans in quest of knowledge.

3rd Grade Activities

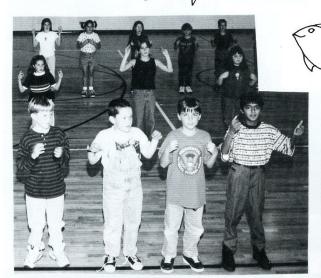

Diving into the sea of knowledge.

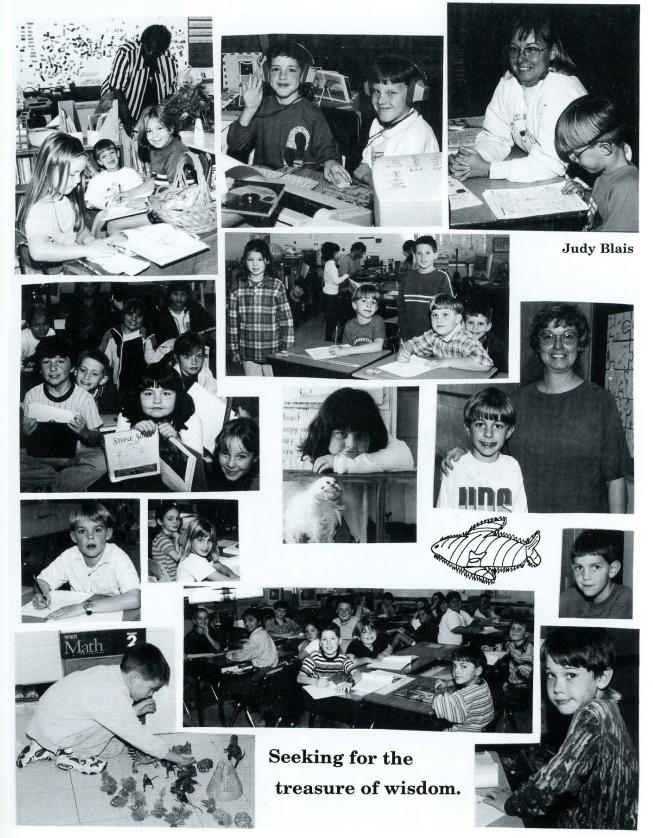

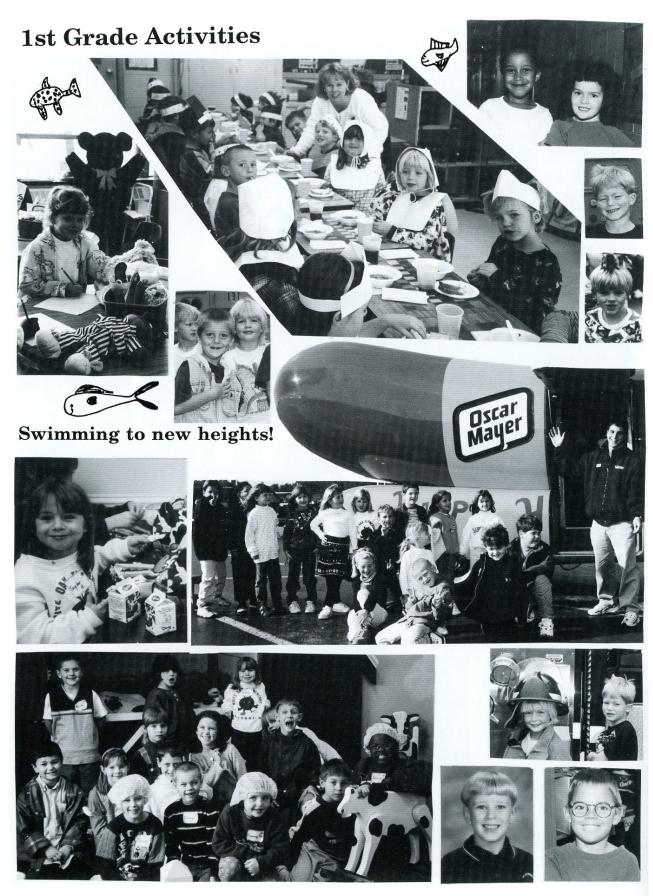

2nd Grade Activities

Teacher Of The Year

Kindergarten Activities

"All I ever needed to know...
...I learned in Kindergarten"

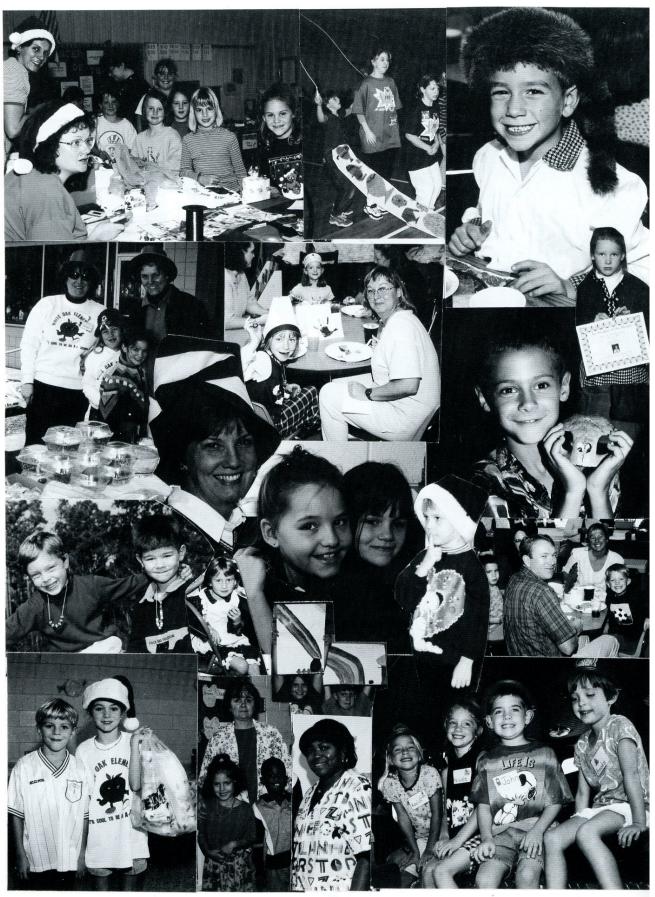

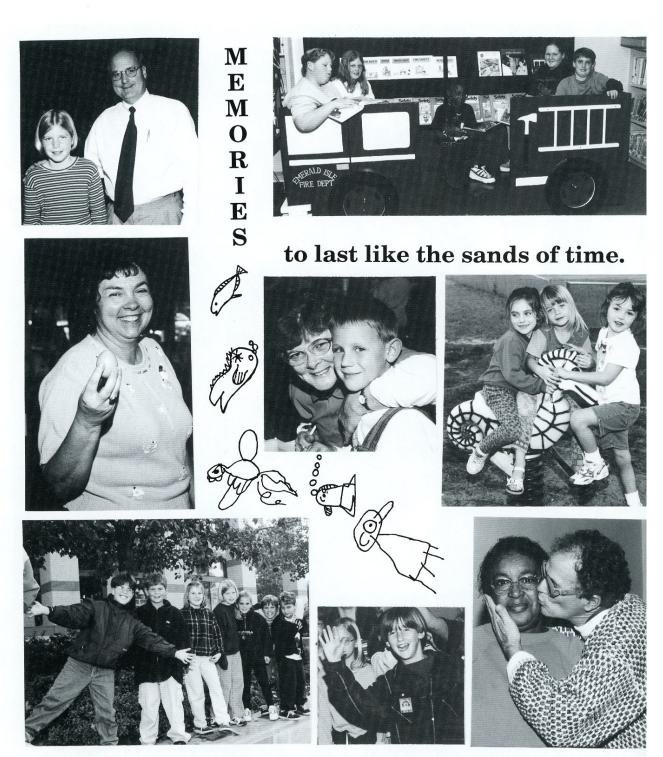

The "Year of the Ocean", what an exciting time at White Oak Elementary School! The clip art in our book was created by the children and staff at WOES. Every fish represents a "self-portrait" as each of us imagined ourselves if we were a sea creature. The fish are the portraits drawn by the children and staff. As you "swim" through the page, look for a "fish" you know!! The 1998-99 annual was created by a staff of 5th graders directed by Travis Carter, advisor and Kathy Campen, volunteer parent. We hope you will enjoy the memories of this school year as we saw them enfold. Thanks for your support in purchasing a book.

The Yearbook Staff
