The Principal's Perspective

The 1998-1999 school year has been a very busy one for us all...As we grow in numbers, we also grow in the area of opportunities that we have to "experience" life situations in our school setting. It is an honor to be your principal and to work with you collaboratively to have the "best middle school in North Carolina." Forming partnerships with others is the key to reaching your maximum potential as a young adult. I hope that you will continue to use our school motto, "Academics, Attitude and Fun" as you strive to reach your lifetime goals.

Each of you are special...There is no doubt in my mind that you are the best!

In Loving Memory

Mrs. Ann Dowdy

Her Friendship, warmth and caring will never be forgotten. Students reflect on Ms. Ann.

She typed fast.

She trusted us.

She remembered our numbers.

She would always laugh.

She always smiled and said thank you when you gave her your money.

She was always generous.

She was always helpful.

She always had a smile on her face.

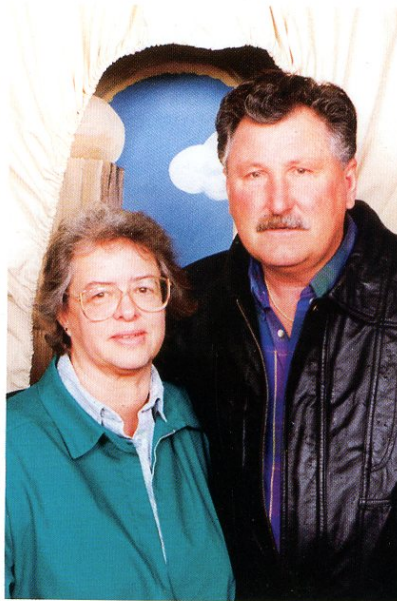

She felt like part of the family.

She would always let me get food even when I forgot my money.

I remember when she gave me soft cookies instead of hard ones.

She was very sweet and would joke around with us.

I remember when she gave me a free pass for a cookie because I said she was the best lunch lady ever.

She saved everyone's time because she knew their lunch number.

Whenever we needed money she loaned it to us.

The one thing that was so special about Ms. Ann is that she was always there when you needed someone to talk to!

She memorized many kids lunch #'s.

The lunch line went fast.

She tried to get to know you. You weren't just a number.

She was happy with her work.

She made you feel comfortable even as a sixth grader.

Dat lady wuz da bomb!
