High School is a time to make memories. From your first love to your last failing course, you will always remember. Some of your best friends and worst enemies you will make in high school. Everything that happens in high school becomes a memory like going to the prom and playing in or cheering at the homecoming game. You will remember the teachers that believed in you and the coaches that made you do your best. High School is a time where you have to decide what you are going to do with the rest of your life. It's supposed to be one of the best times in your life that you will look back on and remember always.

It's never easy coming to a new school and having to get used to the whole idea of meeting new people. A lot of freshmen are afraid to come to high school because of the "hype" about how hard it's going to be and how they'll get picked on. It almost always never turns out to be that way anyway. Many people are told that high school will be stressful and that they won't fit in because they're the youngest. So, instead of being excited about their first day of high school, most freshmen come to school quiet and lost because of everything they've been believing. However, most come to find that their high school experience is actually an awesome time because of the new friends they make and relationships most have with that "special someone".

A lot of the 2001-2002 freshmen at East, when asked how they felt about high school, said it wasn't as hard as they thought it would be. When their first day of high school began, a lot of the freshmen seemed to find their classes with ease and occupy the halls as any other students would. They soon came to realize that all the experiences they went through, good and bad, were just memories in the making for them all.

Memories in The Making

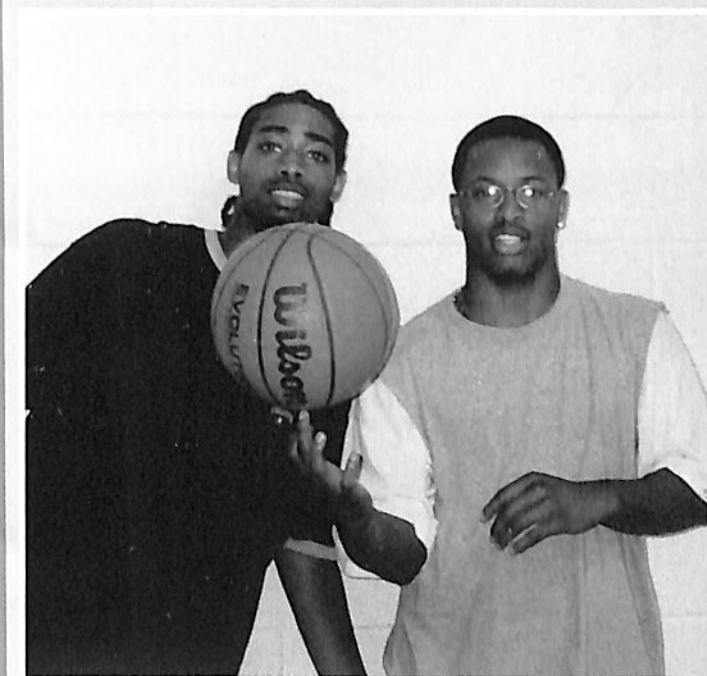

Working their lower muscles Katelyn Fulcher tries to kick the soccer ball around a determined Stephanie Millard with the outcome being a soccer ball in the ditch. Most freshmen liked soccer for an outdoor sport in P.E.

After finishing her work early for Ms. Brown, Krista Piner said, "At least I don't have to do my work." Most freshman English students found that Ms. Brown was a teacher willing to put them to work with no excuses.

It seemed that working hard was also something new to the freshmen here at East this year. All this hard work helped these students to be prepared for tests and quizzes in Ms. Woolridge's health class.

Having good friends is very helpful to new students in high school. T. Courman and Antonio Murray have been friends since 2nd grade. High school seems to bring you closer together further apart from your true friend.

T. J. Courman

"I would have to say my favorite thing about being a freshman this past year would be when I threw my first touchdown pass as a varsity football player."

Ashly Hendricks

"I liked the fact that most of the teachers didn't boss the students around as much. There was also, I felt, a better atmosphere of people."

Brooke Brazie

"In coming to East this year, I felt that all the new people I met were cool because they were a lot more socially diverse and open-minded."

Jessica Spruill

"I liked the fact of hanging out with older people and not to mention the fact that there's a better variety of guys out here, too."

Jeremy White

"The best thing to me was the lip-synchs that the Drama I classes did because we got out of class and nothing beats that."

Being a sophomore is hard work

As the year progressed, sophomores learned that school doesn't get easier. Bombed with tests like the Writing Test, students learned not to love the year so much. Due to lack of time and all the school work Shanna Morris said, "I missed colorguard but hope to be in winterguard in the winter." Students realized that high school was not all fun and games due to their overwhelming work schedule. Many sophomores feel as if they are stuck in the middle. Their freshmen year was all about meeting new people and finding your way around, but now it's all old and they can't wait to proceed to their junior and senior years. Being a sophomore does have its advantages: not being new and being familiar with places and people. Biology is always a fun class because there are dissections to do. World Culture and World History are also interesting because there are things to be learned about other parts of the world. If students think their sophomore year was more than enough, they need to hold on tight.

Hold on Tight!

Lauren Williams, Hope Pake, and Amy Appleby show their true friendship. Lauren said, "Friends last forever and I hope to make many more lasting friendships. I only hope that I make as good of friends in the future as I have now."

While doing research on violence against women, Meredith MacDonald said, "I'm really looking forward to moving on to become a high school graduate, but I know that I'm going to miss all my friends."

Amery Oden, Shane Gible, Jeff Johnson, Brent Gaskill, Tabitha Smith, Scott Robinson, and Matt Whaley all take a break from geometry class. Matt said, "I have learned a lot in this class. Miss Davis is a really good math teacher."

After a hard work out in the gym, Ashley Kelly, Pamela Gardner, Corey White, and Erica Utley all said that they have really enjoyed being able to take a class that does not require books and lots of homework.

Shanna Morris

"I have really enjoyed my sophomore year with the exceptions of a few things. I seem to have known more people and what high school is really all about. I just hope that my next two years are as great as my first two were."

John Hartsough

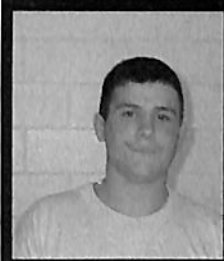

"My second year at East was alright. I had fun and I hope I have a lot more fun over the next two years. I have learned a lot the past two years and I'm sure I will learn more."

Tiffany Caddell

"I preferred my freshmen year because it was new and I met new people. Now it feels old. I hope that my next few years are a little better. I just can't wait to get out."

John Rosenbalm

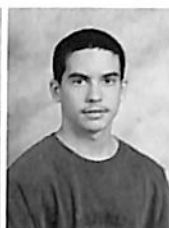

"My sophomore year is flying by. I feel like I am stuck in the middle and am just ready to become a junior. I have had a lot of fun this year. I have also learned a lot from my classes."

Danielle Dixon

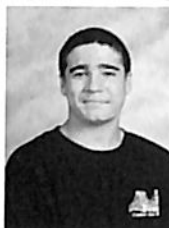

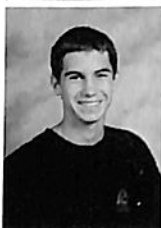

"It's been a great year but I can't wait to become a junior. I've had really good learning experiences over the past two years. I hope to learn a lot more and to have an even better time in the years to come."

The class of 2003 grasps hold of the fundamentals of junior English

Do you remember junior English? Every junior will have to take this course. It's like all the other mandatory classes here at East. One must truly put in heart and soul to pass this course. The good thing is, it's the only English exam that a student can be exempt from. English exams are usually the hardest for students to take. Kristi Mitchell states, "Junior English has been one of the most fulfilling classes as far as the stories we share, like the September 11th tragedies." There is a large workload that applies to the course such as vocabulary, journal writing, American literature, and the I-Search paper. The I-Search paper is a 1-3 week process of research and writing on a career that a student is interested in pursuing.

Hold Up, Wait A Minute!

Paula Myllykoski reads the fall sports schedule as she waits for her host mom who checked her out of school. Paula was a foreign exchange student from Finland. This was her first time in the U.S. and at East Carteret.

Kelli Compton talks to her mom on the phone during her lunch period. Kelli said, "I enjoyed every minute here at East." Kelli came here at the beginning of her sophomore year.

Gerald Huneycutt and his girlfriend Jessica Pennington-Walsh sit at lunch taking a break from their classes. They have dated for 2 years.

Mariah Lawrence and Chelsea Naegelen take a breather from yearbook class. Chelsea and Mariah said, "Being in yearbook has made our friendship closer."

SHEREE ROBINSON

"I have enjoyed my past 3 years at East Carteret. They have been lively and entertaining."

HEIDI GUTHRIE

"I've been working really hard these past three years to get to where I am. I can't believe I only have one more year before I graduate."

MONICA FALLIN

"Naturally as an African American teenager I tried to strive and do my best in any activity and I think these past three years at ECHS has allowed me to do so."

KIMBERLY MURRELL

"AP Bio is a pretty difficult class that always has me busy studying. So far, I'm very proud of myself."

CHELSEA BUNCH

"My 3 years at East Carteret have been great so far. Each class has required a lot of work, but at the end of each semester, I have gained more knowledge than before."

What is your favorite thing about being a junior?

"The fact that there is only one more year left."

"My junior year has been difficult but interesting and I'm looking forward to my senior year." -Travis Garner

CLASS OF 2002

Reality struck hard this year, with the graduating class of 2002 figuring out that this was their last year to be able to take the privilege of being under their parent's care and having everything handed to them on a platter. Excitement was roaring throughout these seniors since they entered the first day of school, knowing that they won't have to face that same day again next year.

School spirit was shown greatly through these seniors as they participated in spirit week and pep rallies. Seniors normally accumulate, what is known as "senioritis", but for this graduating class, "senioritis" was a definition unknown.

Hold'er Down

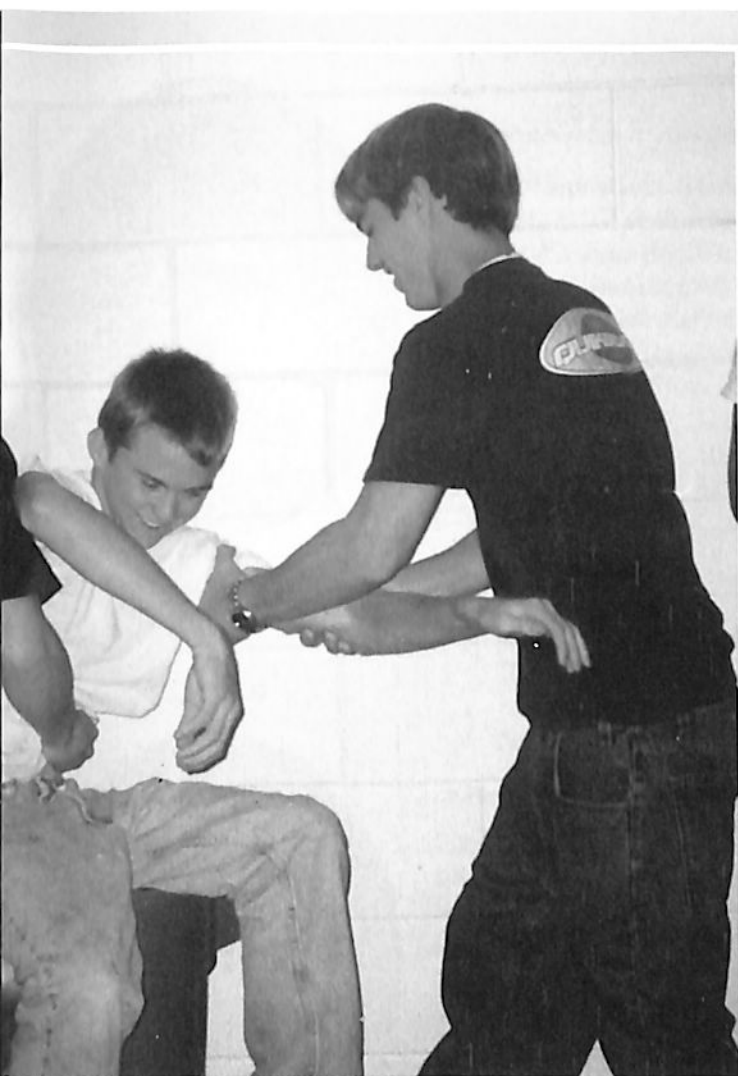

Seniors, Luke Salter and James Dixon dunk junior, Brooks Heyland into garbage, executing proud seniority. This was not a recurring ritual, but some days, juniors just needed to remember who was in charge. Talking trash to seniors left this junior in the trash.

Lindsey Metz stands proud in her pajamas as she participates in the Homecoming spirit week. Pajama Day was not different from any other day to Lindsey, "I normally dress like this for school." Lindsey was one of the many students who participated in spirit week.

Lucy Simmons, Gertisha Villa, Jason Everett, and Natasha Murrell pose for a quick picture during lunch one day. Jason and Lucy were voted "Best Eyes" in the senior superlatives. This group has been friends through elementary, middle, and high school.

Goofin' around, the seniors pull together and make this pyramid while enjoying spirit week. After hitting this stunt, all the guys and girls pulled together and did their own stunt. Needless to say, the guys came tumbling down and the girls flew high.

Jim Jones

"I can't wait to get out of high school and go to college to play some real basketball."

Zack Davis

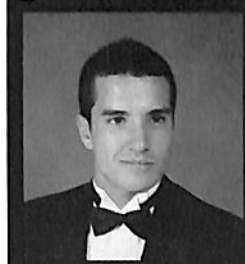

"The best thing about this year was being able to park close to the school, knowing that there is no one else above you, and senior lunch."

Kathryn Lewis

"I'm really glad that it's finally my senior year, but I'm really going to miss all of the great friends that I made throughout high school."

Jonathan Evans

"I'm happy that this is my last year in high school, but I will miss all of my friends that I have made this year and previous years."

Tonda Jones

"The best thing about this year has been looking back on memories and still being a part of color guard and winter guard."

Who's Who 2002

The Who's Who students are selected by the East Carteret High School's faculty during their spring semester of their senior year. They are selected on the characteristics of leadership, dependability, scholarship, and involvement in school. These characteristics should lead others in the paths that everyone should make. These students exemplify great qualities that the faculty and staff have seen through the past four years. This is a great honor for these students to receive, and it is our hope that they continue to be role models for others in the future.

Maggie Arrington

What lies behind us

seniors strike'

Junior/Senior Field Day again

Junior/Senior Field Day was full of chaos. It had to be postponed the first time because of the threat of rain. It was eventually held on Friday, May 17. The events included the sack race, whirly bat, three-legged race, plank walk, tug-of-war, and an unexpected water balloon riot. The day began with a little upset for the juniors. During 1st period some of the seniors "vandalized" certain juniors' cars with window chalk and also turned license plates upside down. An anonymous senior involved in the incident explained, "We were

tired of juniors taking senior parking with no consequences. We thought it would be fun to take it into our own hands. Even though we had to clean up the 'crime scene' it was worth it." The whole day was a huge competition of the juniors against the seniors. All in all the seniors came out on top with more points. Josh Boudreau, James Dixon, Buddy Lewis, and Isaac Hopkins made a sneak attack with three boxes of surprise water balloons. Everyone was running around trying to find cover. After all of the events were over the juniors went back to class while the seniors stayed outside and enjoyed a lunch of fried chicken, barbecue, hushpuppies, baked beans, cole slaw, and potato salad. Coca-Cola donated 20oz. bottles of Cherry Coke and Vanilla Coke, a new promotional product, for the seniors to taste.

Caroline Corwin, Nicole Hill, and Kelli Chadwick wait happily to eat the senior lunch. Kelli said, "I enjoyed spending time with my friends."

Kathryn Lewis, Gavin Gillikin, and Jeremy Turnage grab a coke and wait for the line to die down. This field day was better than last year's and I will never forget it," said Kathryn.

Luke Salter helps Terry Murrell with his barbecue. When asked about the day Terry said, "It was fun to run through the school with water balloons and finish the juniors off."

Nikki Brown, Reneka Murrell, Nakia Oden, Tasha Murrell, Jim Jones, Tonda Jones, and Terry Murray cool off with a drink after the events. Nikki said, "I had a lot of fun with my friends."

The seniors wait in line patiently to eat their lunch. Everyone takes time out to talk about the day.

The senior boys put all of their muscle into the tug of war. The juniors lost. Everyone on the sidelines chanted, "Hold 'er down!"

Cortney Block's team members cheer her on in the sack race. She laughed all the way to the finish line. Her team came in second.

Someone Will Live Their Wildest Dreams

baccalaureat 2002

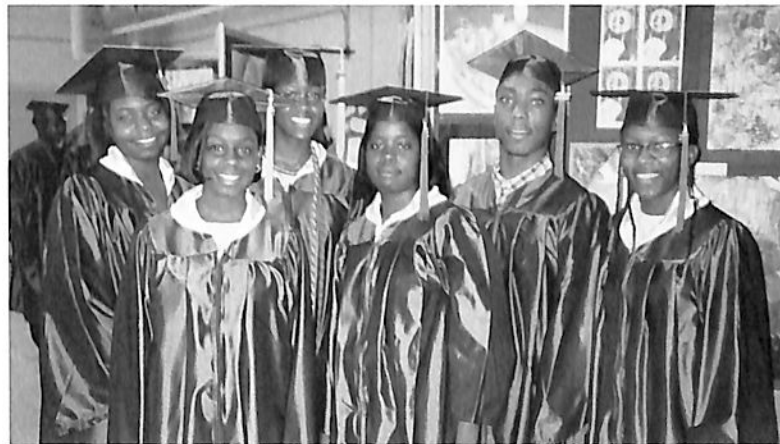

How About You?

Usually the beginning of the end for graduating seniors, Baccalaureate is a time to celebrate the academic achievements by the awarding of various scholarships. Many were honored with different awards, certificates, and grants. Towards the end of the ceremony, the vice-president of the student council, Isaac Hopkins, introduced the speaker, his father Reverend Nelson Hopkins. His speech encouraged the seniors to live their wildest dreams and if anyone could, it would be the Class of 2002.

In our hands we hold today;

Graduation 2002

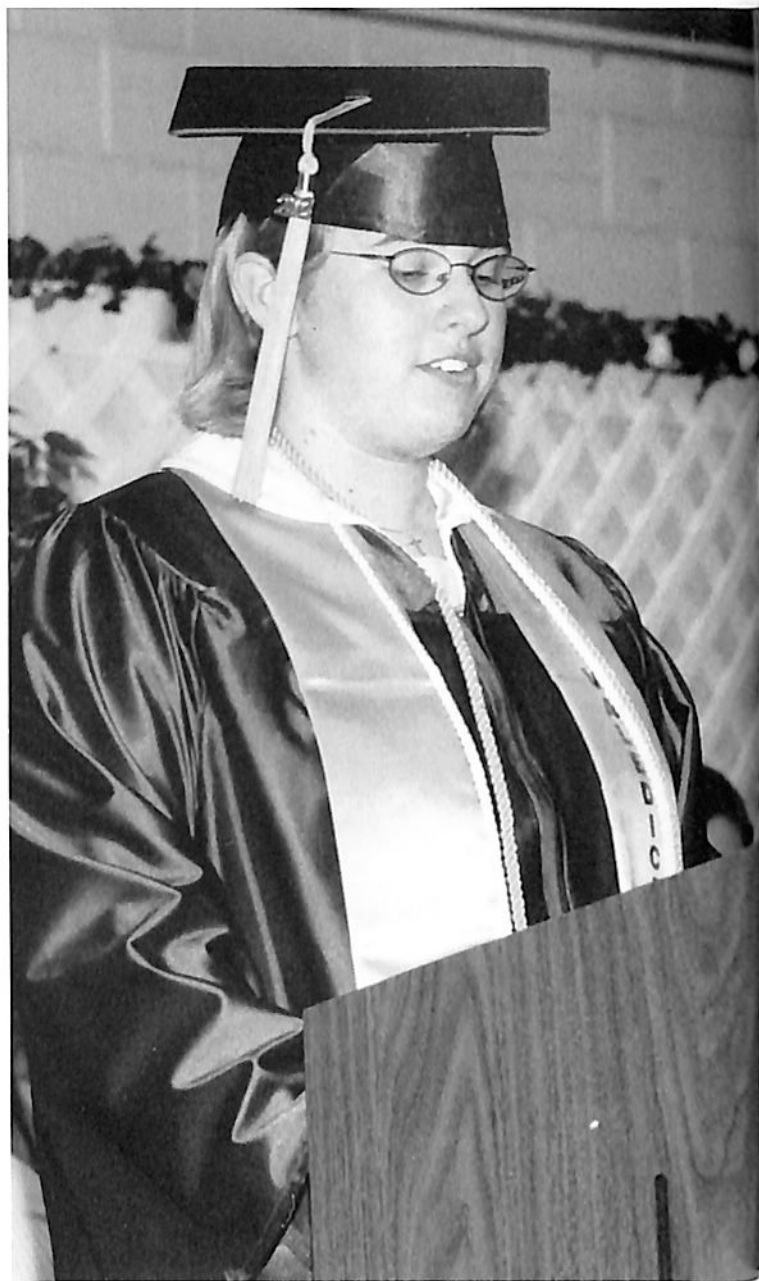

*in our dreams we hold tomorrow;
in our hearts we hold forever.*

Nervous grins, shimmering gowns, shuffling feet...the class of 2002 waits for the strains of "Pomp and Circumstance," the traditional march that has accompanied thousands of other graduates as they walk down the aisle toward their futures. Friday, June 7 was no exception. 123 seniors of East Carteret High School said their good-byes, cried their tears, and tossed their caps in celebration of the end of their high school careers.

"It was one of the best graduation ceremonies I've ever attended at East Carteret," exclaimed Reverend Nelson Hopkins, father to graduate Isaac Hopkins, "I'm not saying that just because Isaac received a scholarship either." Isaac was one of several seniors honored that evening. Both he and Caroline Corwin were awarded the Thomas H. Carrow

Scholarship. Other honorees included Josh Boudreau who was formally awarded the John Motley Morehead Scholarship, Jessica Lumsden and Randall Turner who received Academic Honors Scholarships, and Jennifer Jackson who received the ECHS faculty scholarship. Highlights of the evening included a speech and poem by Isaac Hopkins (which you see as the border of these two pages), a commencement song by Jennifer Jackson, and the turning of tassels led by Robert Oden.

If you could do it all over again

Lloyd Hyman

"I would change my attitude towards school. I would have taken it more seriously."

Nakia Oden

"I wouldn't have been so slack. I would have studied more."

Andrea Lewis

"I would have worked harder from the beginning."

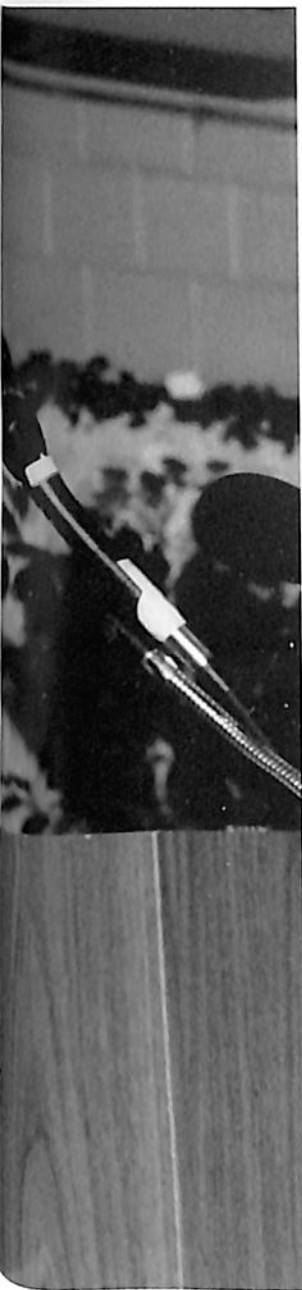

Jim Jones

"I wouldn't treat the girls like dogs. I would treat them like the angels they are."

Buddy Lewis

"I would do my homework and take school more seriously."

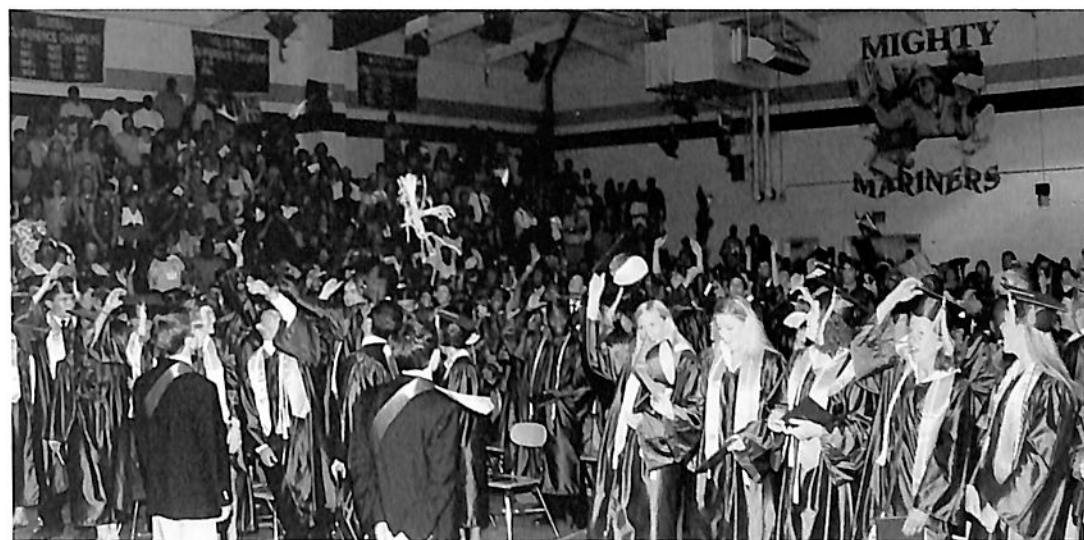

"Today is the last day of being children," stated Jessica Lumsden in her valedictorian address. Some may have been surprised that Jessica was the valedictorian but competition for the top spot can be very tough. Some years it comes down to the very last calculation of averages the day before graduation.

Giving "Pomp and Circumstance" the serious quality it needs, Mr. Joe Sizemore directs the band as the seniors prepare to march in. Many seniors had a difficult time keeping their caps, cords, and stoles on as they entered the gym due to the blowing air conditioners. "It was just one of those little things that makes people laugh and relieves the tension of the moment," stated Ms. Raines.

Robert Oden leads his class in the turning of the tassels which indicates the end of the ceremony. Many seniors decided to toss their caps instead.

What is one thing you'd do differently?

Randall Turner

"I would be more outgoing and I wouldn't be afraid to speak my mind."

Becky Starks

"I wouldn't change a thing. I liked it the way it was."

Abigail Shepard

"I wouldn't be so shy. I would be more open because you have more fun that way."

Natasha Lindstadt

"I would have more fun because it goes way too quick."

Jaclyn Day

"I would have tried harder to get in the top 10%."

Remember when . . . This is a question many students will be asking themselves for years after they graduate. High school is the time where experiences and friendships mold students into the people they will become. Life as a student comes with many responsibilities. Homework, studying, jobs, and attendance are just some of those responsibilities, but they are offset by the numerous extracurricular activities and sports open to teenagers. Football games, pep rallies, clubs, meeting new people, and hanging out with friends are just a fraction of the things students have at their disposal as a break from their hectic lives. “My years at East Carteret have given me some of my best memories,” said Robin Salter. For many, high school will be the best time of their lives; for this reason, they must hold on to the memories of the first day of school, the first date, the first football game. Students must strive to remember when.

Let's do the Monster Mash!

Students from ECHS show off their school spirit by coming in costume to the first annual “Monster Mash”. This was a time for students to get together and have a break from their studies. All proceeds from the event went to buy food for the children of Afghanistan.

REMEMBER WHEN...

Remember when . . . We made the morning announcements. Isaac Hopkins and Jeremy Lawrence will share this memory from their senior year. “Reading some of the ‘chicken scratch’ I was handed in to read was really difficult,” said Jeremy.

Remember when . . . I was just “hanging around” after lunch. Freshman Peter Ustach monkeys around in his spare time. “I’ve really enjoyed the change from middle school to high school.”

Remember when . . . We made a difference. Students at ECHS work hard to make the longest chain, as part of a fund raiser for the September 11th tragedy.

Remember when . . . I was making copies in the library. Junior Lani Nelson makes a copy while her class studies in the library.

Working Hard, or Hardly Working?

Junior Zack Dixon works on conic sections during his Honors Algebra II class. "This is the most I've seen Zack work all year!" Mr. Colvin said when Zack posed for this picture.

Should I, or Shouldn't I ???

Sophomore Tabitha Smith ponders this question as to whether she should put her books in her locker with the current ant infestations. Tabitha was a JV cheerleader and a member of the foreign language club.

Today's Top Story Is . . .

Freshman Jessica Spruill tries to catch up on what's going on at ECHS by reading the new school paper, "The Anchor". "[It] has been a challenging, yet rewarding experience for me," said Jen Harness, sponsor.

An International Melting Pot

The ECHS Media Center became a melting pot of Spanish, French, and Latin countries on International Day. Beth Laster takes a look up while preparing her booth on Cameroon.

Getting in Touch With Nature

Sophomore Billy Arrington enjoys his lunch outside in the peaceful East Carteret courtyard. Billy plays on the soccer team, and scored the game-winning goal in a 3-2 victory over East Duplin.

you got SPIRIT?

Students, teachers, and faculty at East Carteret High School are full of School Spirit. One way of showing school spirit is during "Spirit Week". This is a week that is put together by the varsity cheerleaders. Students and staff wear their wacky pajamas or dress like their favorite twin. Spirit Week is also a good way to keep the football team pumped up for the Friday night Homecoming

game. This isn't the only way that students and staff at East show their school spirit; there are also assemblies. Assemblies are a good way to get the whole school together and participate in fun activities. This year there was a new addition to the assemblies called the "Monster Mash" on Halloween. Students got to dress up in their scariest costumes and dance in the gym. Students like Anne Wheatly, Amy Shaver, Samantha Hastings, enjoyed dancing and being able to get out of class early. Another assembly

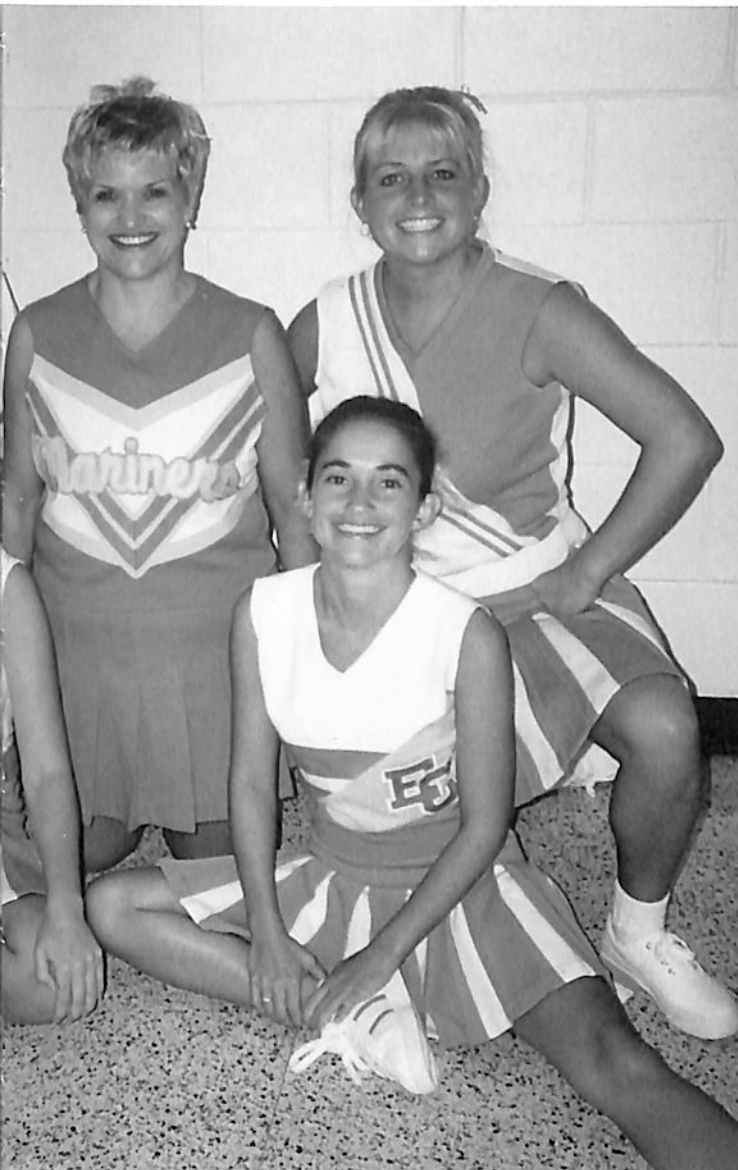

that everyone was very excited about was the Christmas Assembly because it was the day before Christmas break and everyone was anxious to leave school. The Christmas Assembly was also a time for the seniors to be recognized in front of the whole school when they marched in with candles and sang "Let There Be Peace On Earth".

Lets Go Mariners! Chris Deuble, Chris Hendricks, Shane Cook, and Jonathan Willis show their school spirit by painting their faces in school colors. The boys were cheering the varsity football team to their Homecoming victory. Shane said, "It was pretty crazy."

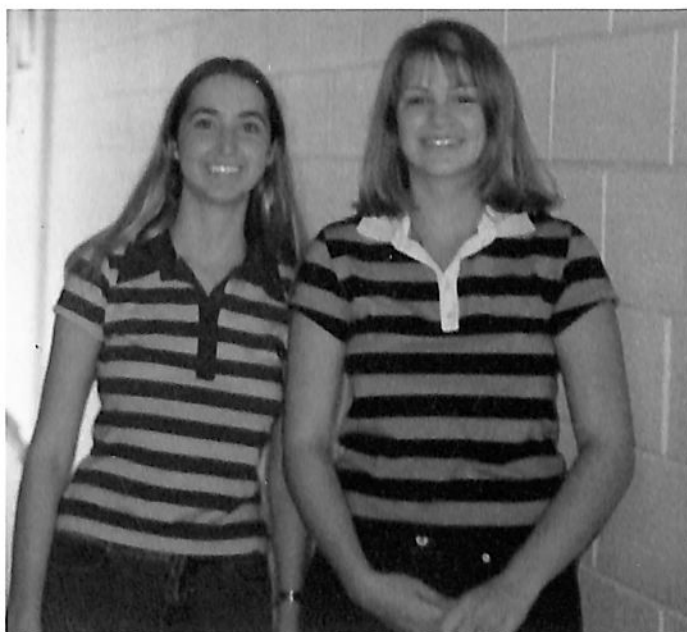

Christine Lewis shows her school spirit with her antler ears and her Christmas sweater the day of the Christmas assembly. She works on the lunch staff at ECHS and said, "All in all I got to be myself."

Staff at East Carteret are often full of school spirit. Mrs. Englehardt, Mrs. Treadway, Ms. Harness, Ms. Patton, and Ms. Lambertus participate on School Spirit day. All of these teachers had the same idea to dress like ECHS cheerleaders.

Best friends Kelli Murphy and Emily Piner enjoy participating in Twin Day. Twin Day was a day out of spirit week on which students dress like their favorite twin. Kelli and Emily both said, "It was a lot fun."

Varsity cheerleaders show their spirit for the Mariner football team at every game. Andrea Lewis said, "We are all like sisters and the bond that we made this year has made a lasting imprint in my life." This is Andrea's last year here at East and she has cheered all four years.

Hunting and Fishing Day was another day out of Spirit Week. The boys had a chance to show their school spirit by wearing their camouflage. Luke Salter said, "It was fun being able to wear my huntin' stuff to school."

A Night to Remember

Homecoming September 28, 2001 was definitely a night to remember for Chase Flood and Dicy Benders. They were crowned 2001-2002 Homecoming King and Queen. Jason Everett and Jennifer Crusie were crowned the 2001-2002 Homecoming Prince and Princess. Honor attendants included seniors: Amber Styron and Natalie Bashor, sophomores: Tabitha Smith and Amy Gonsoulin, and freshmen:

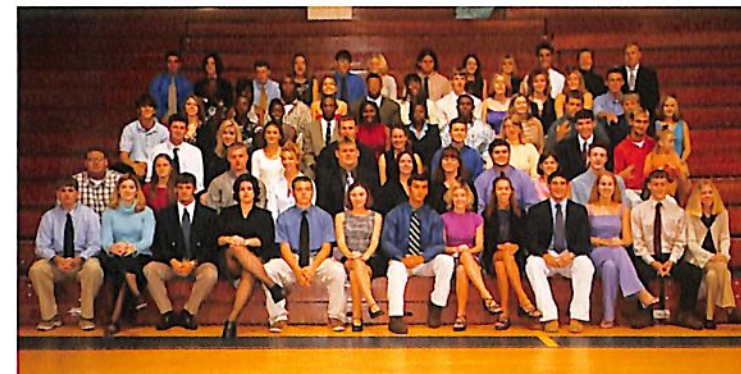

Desiree Lewis and Tameka Oden. There were no junior honor attendants this year. It was also an exciting night for the varsity football team who won their first game of the season. When asked about defeating the Northside High School Monarchs, Coach Conway said, "We all came together as a team and played a very good game all around." The final score was 34-8. Students like Kathryn Lewis that participated in the parade enjoyed the other Homecoming events like the Homecoming assembly and being honored during the halftime show.

Kelli Chadwick rides in the Homecoming Parade with a big smile and a wave. "I had a really fun time participating in this year's homecoming events," said Kelli. Kelli represented the Beta Club.

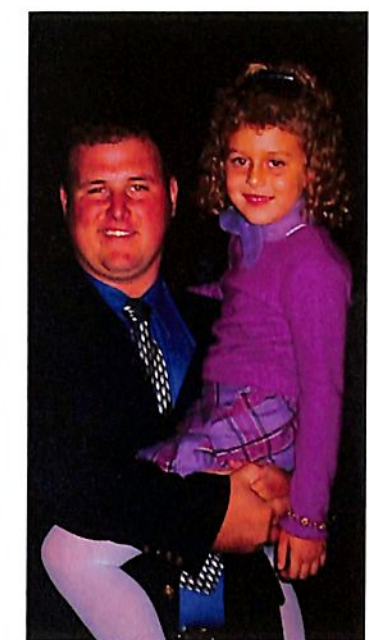

Smiling with pride, Jason Everett and Jennifer Crusie pose after being crowned. The two were crowned the 2001-2002 Homecoming Prince and Princess. Jason and Jennifer both represented the senior class.

Back row: Jonathan Evans, Kelli Chadwick, Chris Simpson, Lauren Simpson, Chris Venters, Miranda Piner, Robby McGee, Mariah Lawrence, Tabitha Smith, Mike Hancock, Caroline Corwin, Brandon Long; Fifth row: Terence Murrell, Natasha Murrell, Jason Everett, Gertisha Villa, Robert Nolen, Kim Murrell, Talbert Sabiston, Veronica Sparks, Hollie Sparks, Jennifer Crusie, Michael Tickle; Fourth row: Micah Gunn, Natasha Lindstat, Mark Johnson, Dicy Benders, Jude Jones, Tameka Oden, Tonda Jones, Terrell Henry, Kathryn Lewis, Gavin Gillikin, David Vick, Kristi Arthur; Third row: Patrick Salter, Lauren Jones, Amy Gonsoulin, Trevor Merrill, Amanda Leffers, Thomas Whaley, Jessica Lumsden, Josh Boudreau, Chase Flood, Sutherlin Flood; Second row: Robert Oden, Margaret Arrington, Jason Peterson, Jaclyn Day, Josh Arthur, Natalie Bashor, Jennifer Jackson, Isaac Hopkins, Jenny Miller, JW Mason; Front row: Matt Nelson, Stephanie Lewis, Frank Christian, Tiffany Lewis, Adam Wade, Kahla Lewis, Joel Hancock, Lauren Sechler, Andrea Lewis, Justin Bourbeau, Amber Styron, Zack Davis, Desiree Lewis

Before hopping in Dr. McReynolds' white Chrysler Sebring for the traditional ride around the track, Chase Flood and Dicy Benders the new homecoming King and Queen, stop for a picture. When asked how they liked being in Homecoming Chase and Dicy said, "It was fun."

Senior class representative, Trevor Merrill "holds" his escort Elizabeth Griffin before the halftime show. Both Trevor Merrill and Chase Flood had younger escorts as opposed to having one of their classmates attend Homecoming with them. Trevor said, "It was my mom's idea for me to be escorted by my cousin. It was something different."

Excited Miranda Piner is escorted by her boyfriend Chris Venters at the homecoming assembly. Miranda represented the senior class. Miranda said, "This was my favorite year in being in Homecoming because my dad was my escort at the game."

The fall play, "It Could Be Anyone Of Us" by Alan Ayckbourn turned out to be a great success, giving this year a great start off in drama productions. The play was put together by Mr. Goheen's Theater Arts class, with the characters played by other students in school. This comedy murder mystery was different from previous plays performed. Instead of the usual one ending, there were multiple endings, one for each night performed. None of the actors themselves knew who the murderer was until the second act.

"It Could Be Anyone Of Us" is about a family angered by the head of the family's (Mortimer Chalke [Isaac

Hopkins]) decision to leave all his possessions to his former girlfriend (Windy Windwood [Toni Hamilton]) in his will. When he invites her for a visit, the detective Norris Honeywell (Chris Wagner) suspects that someone is trying to murder her. In reality, Mortimer is the one who is murdered, leaving the entire family as suspects.

Other family members were played by Josh Arthur as struggling artist Brinton Chalke, his sister Jocelyn Polegate played by Jennie Lewis, and her out-of-control teenage daughter Amy Polegate played by Maya Lovelace. The detective Norris Honeywell was played by Chris Wagner who solves the murder mystery.

Toni Hamilton who plays Windy Windwood is pleased to be meeting the family for the first time. "I had a really great time playing this part," she notes.

Amanda Morrow was pleased to say that the play went well. All the hard work paid off for a great show. "It was a great experience working backstage," she said.

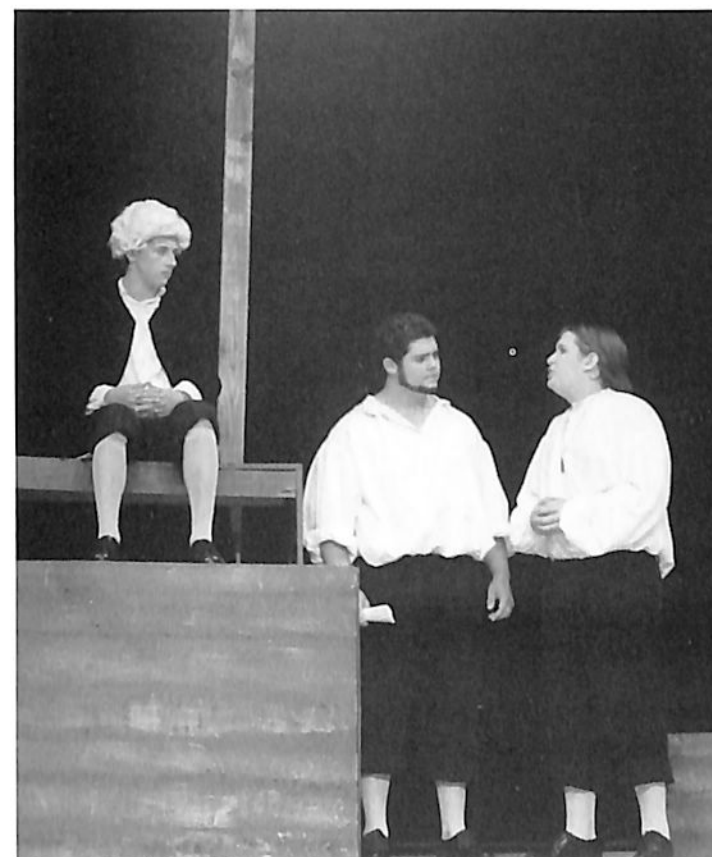

Chris Wagner, playing the detective Norris Honeywell, ponders to figure out who the murderer is. "I had a lot of fun playing this part," he stated. "It was a great experience working with old and new actors."

it could be anyone of us

A Comedy Mystery
Murder
By Alan Ayckbourn

Isaac Hopkins plays the role of Mortimer Chalke. He showed his acting talent by playing the piano himself and not by an accompanist. "I've always wanted to die on stage," he said. "I finally got to do it."

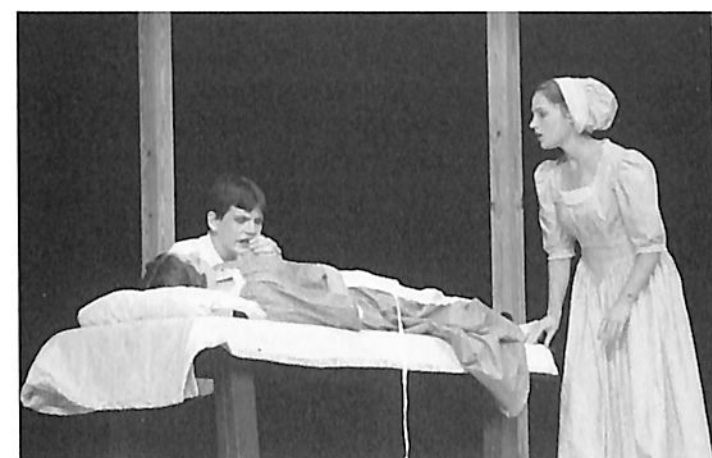

John Proctor, Reverend Hale, & Deputy-Governor Judge Danforth argue over the fraudulent girls of Salem village. Reverend Hale (Chris Wagner) exclaimed at how nervous he was because he had signed so many death warrants.

Abigail Williams & the other girls stand in court as Mary Warren "sent her spirit out" on Abigail & the others. Abigail said, "Why do you come yellow bird?" as the other girls froze.

Top to bottom: Amanda Morrow, Isaac Hopkins, Maggie Arrington, Anna Edwards, Jennie Lewis, Amber Michael, James Burroughs, Jessica Fulcher, Ash Harrell, Maya Lovelace, Jonathan Willis, J.C. Salter, Bo Hancock, Thomas Whaley, Amanda Hamilton, Jaclyn Day, Heather Caras, Toni Hamilton, Philip Jarrett, Jonathan Edwards, Chris Wagner, Monica Fallin, Sara Browning, Mandy Swierczek.

Reverend Parris & Abigail Williams hover over Betty Parris as she lays incoherent to the world. Parris prayed all night long for God to wake her, but she did not.

"Beware, Goody Proctor-cleave to no faith when faith brings blood..."

The Crucible By: Arthur Miller

East Carteret High School's production of Arthur Miller's "The Crucible" "overwhelmed" the audience with it's heated trials and convictions. Director Craig Goheen stated, "It was one of the most enjoyable productions I have ever directed." This production was also very difficult to put together. It is often said "expect the unexpected," but "The Crucible" cast did not expect all the complications that arose. Amanda Lupton, who played Mary Warren, had to have emergency surgery. The cast was rescued by Jennie Lewis who quickly pulled her part together. Two days before the show opened, a couple of the cast members were involved in a car accident. Luckily, besides a few bruises, they were okay and able to continue with the show. With Amanda's surgery, and two others being involved in a car accident, the rest of the cast members became extremely nervous. The cast members wondered... "Who's next?" but they realized "The show must go on!!!" The faith of the cast returned, to give the show more energy than ever. Lead roles included Isaac Hopkins as John Proctor, Amanda Morrow as Elizabeth Proctor, and Maggie Arrington as Abigail Williams. Isaac Hopkins stated that this was the "most dramatic and most demanding role I've had yet." The blood curdling screams of the "witched" girls will live in the minds of the audience members for years to come.

Midsummer Nights

"Come on down to Laguna Beach, where your dreams just might come true."

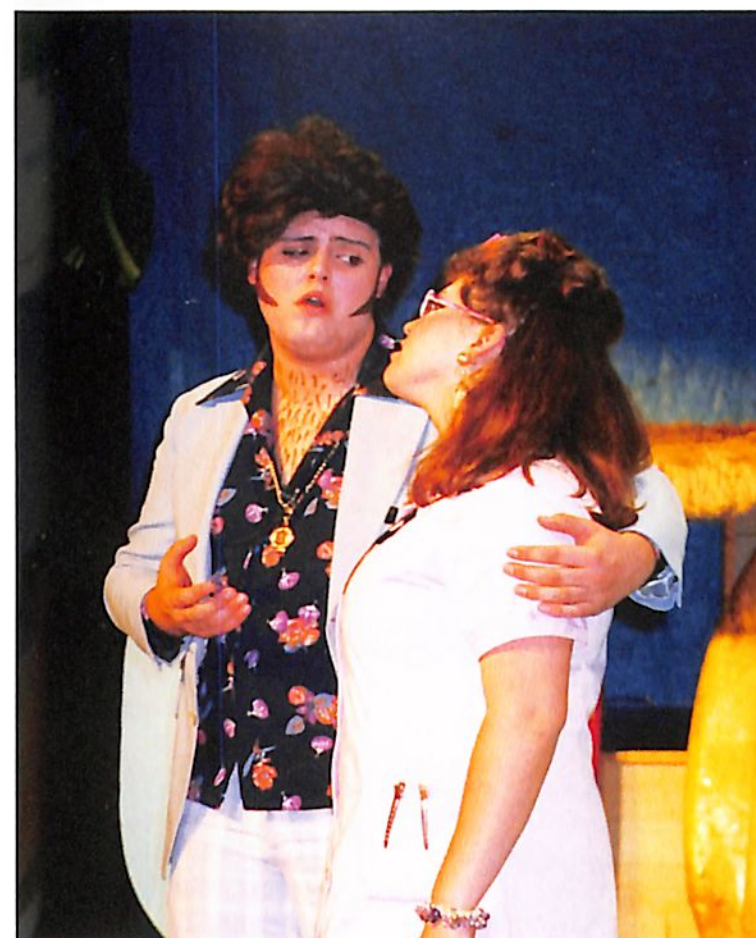

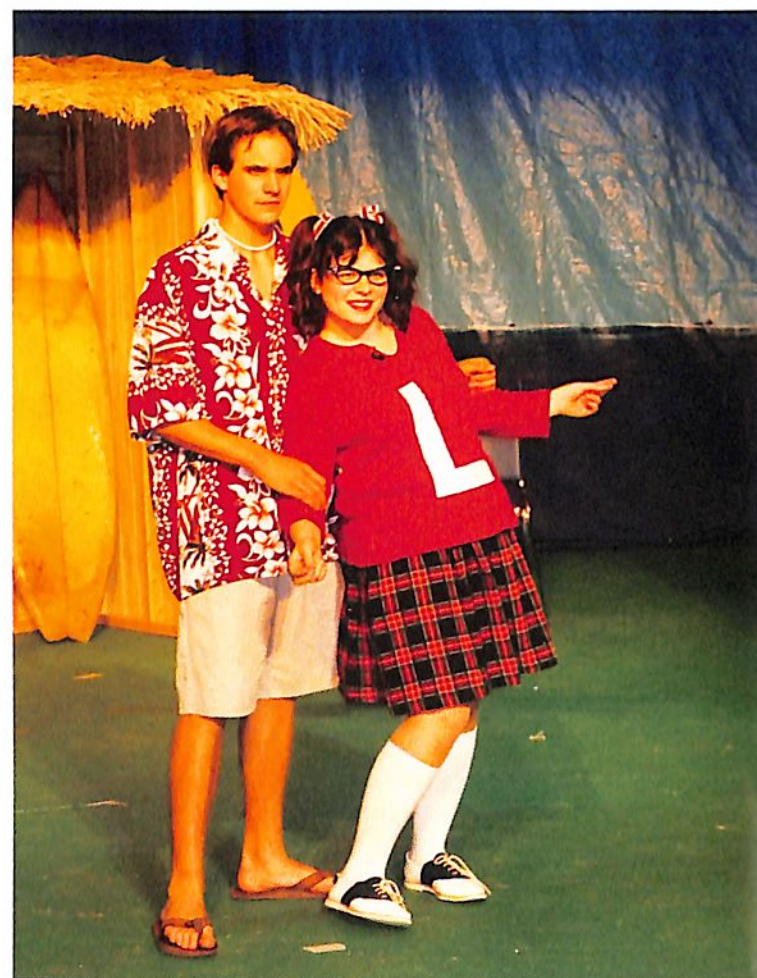

The cast of "Midsummer Nights" (top to bottom): Jen Harness, Sarah Brown, Chris Wagner, Jonathan Willis, Patrick Moore, Megan Roberts, J.C. Walter, Isaac Hopkins, Jennifer Jackson, Jeremy Gillikin, Brooke Thomas, Natasha Lindstadt, Bo Hancock, Chris Lewis, Josh Boudreau, Tiffany Lewis, Carolyn Riley, Maya Lovelace, Billy Arrington, Amanda Lupton, Ami Applebee, Amber Michael, Debra Gabrielle, Amanda Morrow, Aaron Golden, Jaclyn Day, Natash Herting, and Paula Myllykoski.

Chris Wagner, a sophomore, played a beatnik turned hippie. He commented that he "enjoyed working with the seniors and the rest of the cast." "I look forward to working with upcoming actors," Chris continued.

MUSICAL

Midsummer lovers, Amanda Morrow played a "prep" secretly in love with "surfer dude" Aaron Golden. Amanda said, "I had a good experience working on a different type of musical. As always it was fun to work with my friends."

Chezy hairstylist, Jennifer Jackson thought, "It was an unforgettable experience that I will carry with me for years to come. The cast and crew are an extended family."

Isaac Hopkins and Jennifer Jackson played old high school flames. Isaac said that he "enjoyed being with the cast and getting to laugh and have fun." These two seniors have participated in many drama performances during their career at ECHS.

Billy Arrington plays a "nerd" who gets won over by "biker chick" Maya Lovelace. He commented that he enjoyed "working with the people, and will miss the seniors that will be leaving." Billy also stated that he "had a great time working on the musical and can't wait to do it again."

Love potions, fairies, and magic come together to create an entertaining student-produced musical

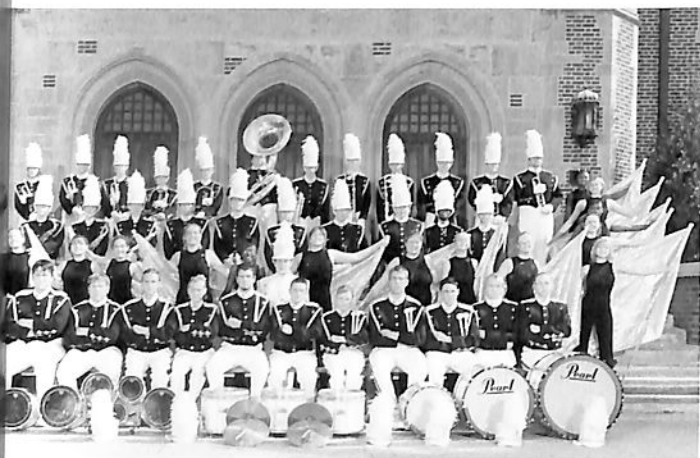

(Maya Lovelace) and a science "geek" (Billy Arrington), and "surfer dude" (Aaron Golden) and "prep" (Amanda Morrow) fall in love. Isaac Hopkins kept the audience laughing with his plaid pants and pelvic gyrations. Jennifer Jackson demonstrated her vocal skills with the song "One Small Affair". Josh Boudreau and Brooke Thomas played high school teachers in love. Megan Roberts and Chris Wagner played hip beatniks. This show definitely kept everyone's attention with its funny antics and upbeat songs.

MEET THE BEATLES! ECHS Marching Mariners

Who is the most popular band of all-time? What band has more number one hits than any other? Those distinctions, along with numerous others, would undoubtedly go to The Beatles. The Beatles' music changed the face of modern rock and roll and popular music as we know it. Their music served as the inspiration for this year's marching band show. The Marching Mariners took elaborate, full band arrangements of several Beatle hits, and brought them to life. The first sound from the field was the sweet melodies of "Black Bird" and "I Wanna Hold Your Hand". This intro was followed by the smooth, flowing ballad "Penny Lane". The show closed with a haunting

arrangement of the frantic "Eleanor Rigby". This year's show was a great success for the band, who, although down in numbers, were able to bring home many awards from the several competitions they attended. The band's hard work and dedication throughout the season showed as they took home the award for third place overall in their final two competitions, while receiving a rating of "Excellent" at all three of their competitions. This year's band was led by Senior Drum Major Natalie Bashor and Junior Drum Major Lisa Johnson.

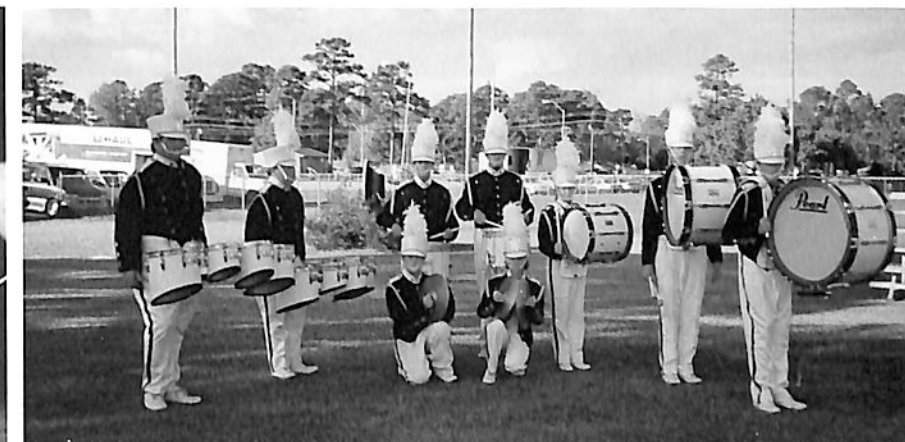

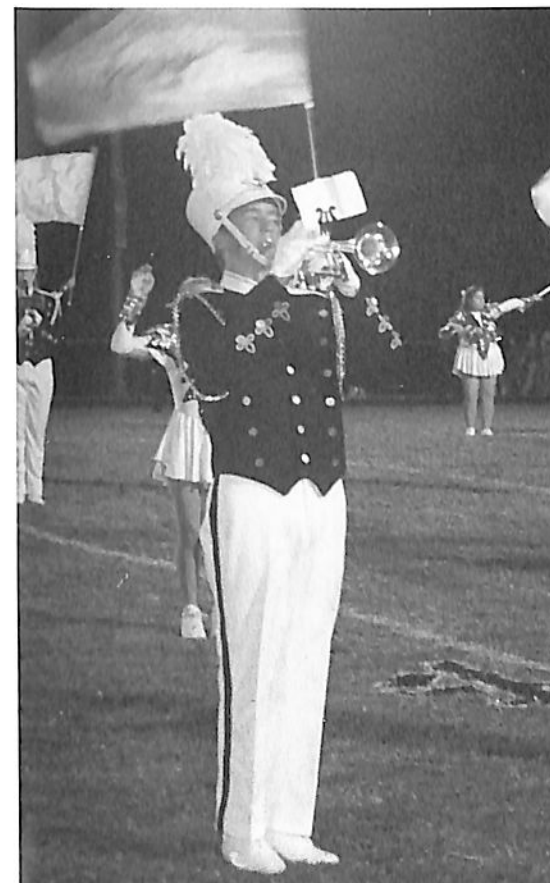

Soloists from this year's show, Amery Oden, Jennifer Walker, and Sarah Seay, perform at a competition in Havelock. Amery carried the bass line as Jennifer and Sarah provided the lead for "Penny Lane". Other Soloists were Scott Salter and Johnathon Willis.

Under the direction of Mr. Sizemore, Amanda Lupton and her fellow Marching Mariners belt out the ECHS fight song 'Anchors Away'. Amanda was a junior and a two time All-District French horn performer. "Band, through its difficulties, has been a pleasure to perform in," said Amanda.

This year the band was directed by first year director Joe Sizemore. He accepted the job over the summer and comes to East by way of Washington and West Craven High Schools. Mr. Sizemore earned his B.S. in music education from Old Dominion University.

Under the lights, Scott Robinson stands poised and strong as he plays during the halftime show. Scott was a sophomore trumpet player. As a freshman, Scott played JV baseball and was in his class's Top Twenty academically.

The drumline led by Drum Captain Devin Wells, and leaders Zack Dixon, and Matt Whaley, take a picture after the Havelock competition. The drumline won first place Percussion at the Havelock competition, as well as a second place Percussion at the West Craven Band Festival.

ECHS COLORGUARD

Colorguard practices the Beatle show in 2nd period. "We didn't have a classroom so we did the best we could in the hallways," commented Senior Carmen Fleck.

Bridget Daniels holds her Rifle, Deidre Daniels holds the state flag, and Brittany Morris holds the American flag for the home games. "I had a great year," stated Brittany.

"We still didn't have our uniforms so we wore band t-shirts. During the 2nd number the rifles had a triple to throw and we all caught them. I enjoyed my 1st year in rifle," Kara Daniels.

The underclassmen stop before going on to a competition at Havelock when Cologuard won 1st place. "I had fun being on the rifle team this year," said Jessica Lloyd.

1 Members take a picture before performing their show during half time. "This year was successful and the memories will stay in my heart forever," stated Shannon Price (flag captain).

2 On the night of this home game the colorguard pulled out the American flag to honor the men and women of our country. "Me being a freshmen has been a great experience," said Brittany Hughes.

3 Perform! The East Carteret colorguard performed at Havelock Nov. 3rd "In the beginning of the season we struggled a little but we pulled together as a team," stated Tonda Jones.

4 At the last home game, seniors in colorguard are traditionally recognized. Parents Diana and Ray Adams escort their daughter Carmen Fleck.

5 Lindsey Boyd, rifle captain, was involved in many activities at ECHS including volleyball, basketball, softball, and colorguard.

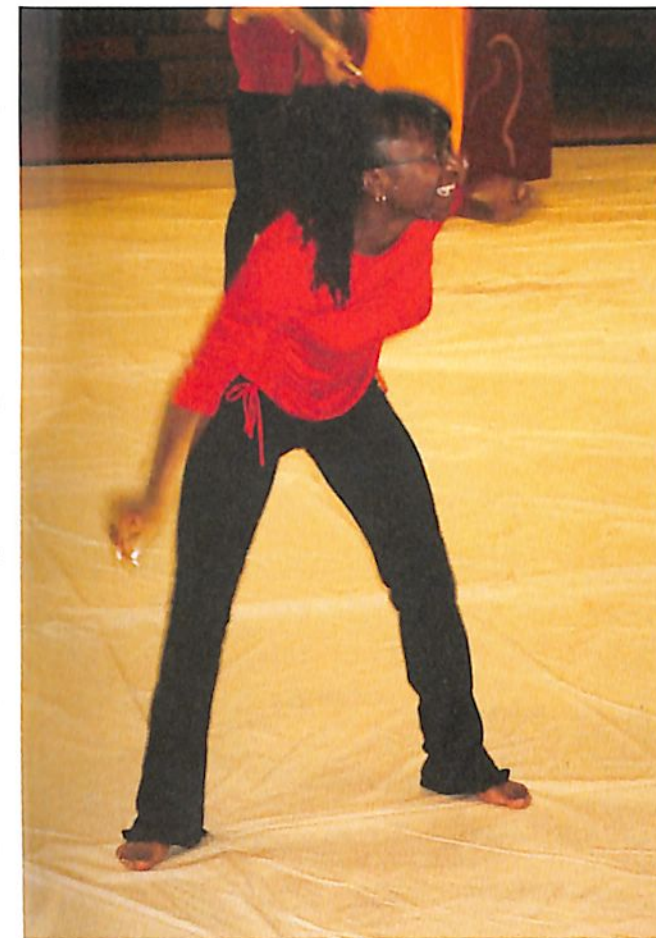

Cassandra Willis spins her way through the show. This was the last time she would perform for an East Carteret home audience. "This is the middle of our show, where the four flags perform together," cassandra stated.

Back row from left to right: Cherelle Vann, Deidre Daniels, Joni Willis, Cassandra Willis, Brittany Hughes, Shanna Morris, Kara Daniels, Meredith Hunt. Front row: Tonda Jones, Elizabeth Ely, Lindsey Boyd, and Carmen Fleck.

"The girls are wonderful to work with" commented Sarah Fordham. "The girls are without a doubt the best I have worked with" stated Allison Lewis. Sarah and Allison were both captains at East Carteret before they graduated and they came back to help the girls with their show.

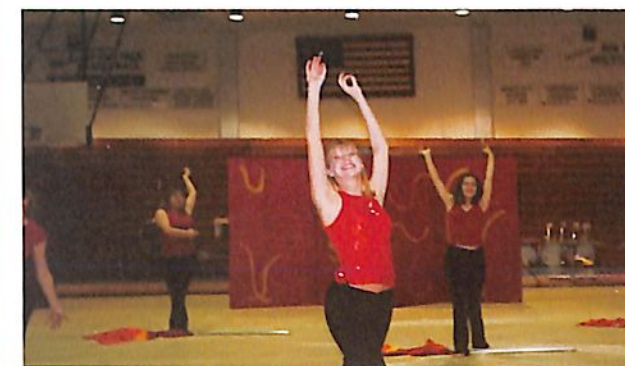

Elizabeth Ely adds some spice to the show with her dance and big smile, as the rest of the guard continues their parts in the show. "Seeing Elizabeth perform with so much energy made me want to do my part better," stated Brittany Hughes.

Winterguard

A trip back to the jazz age, with a touch of latin fun.

Relentless

"Relentless" was the song played as the East Carteret Winterguard came out on the floor to perform their show. The music inspired the audience to cheer and shout for the girls in support. "Working with the girls has been a blast, I hope in the future that these girls put out as much effort as they have this season," stated Elizabeth Ely. The 2002 Weapon Captain Lindsey Boyd stated, "Being in guard has been fun; everyone worked hard on this show and this year was great. I'm going to miss it." As the season went on they had a lot of competitions. They had fun with the show and tried there best. Working hard they achieved their goals by practicing two or three times a week. Carmen Fleck comments "Being a senior in winterguard was the best year of my life. Having Sarah and Allison helping us, was our angel from God, this is something that I will never forget."

Dancing their way to the top, the East Carteret High School Winterguard scores a superior rating after their performance at Washington High School. The smiles on their faces were in response to the crowd cheering loudly.

Singing for the Memories

Jennifer Jackson

Chorus and Mariner Singers is not just all about singing. Most don't know that you also must be determined to learn something new, whether it be easy or difficult. Much class time is spent on sight reading and learning how to interpret a piece of music. Students learn about note values, key and time signatures, diction, tone quality and proper breathing techniques.

Not only do Chorus and Mariner Singers have concerts and occasionally sing for assemblies, but they also travel and perform in various places. This year the Mariner Singers were invited to sing at the MADD Tree of Lights Ceremony. Also they went to

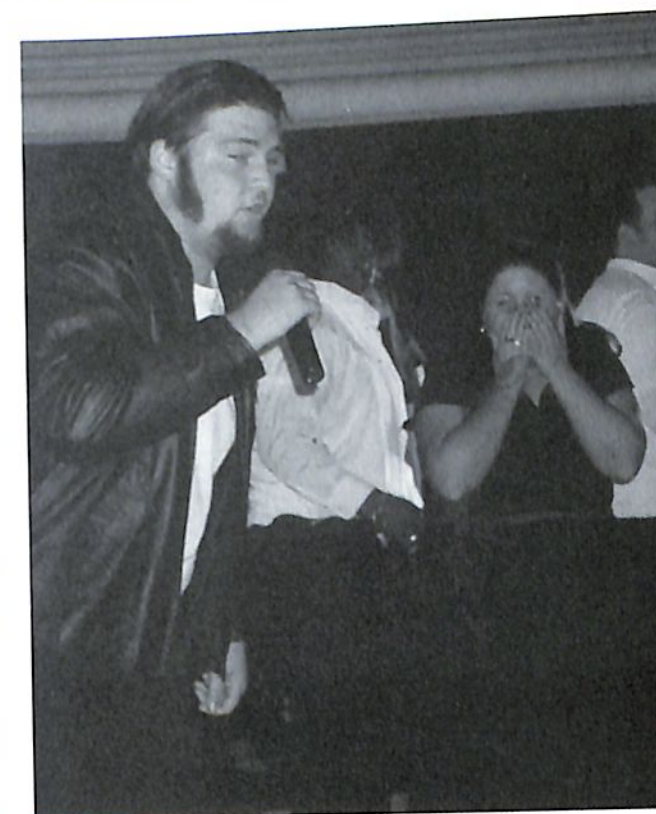

Beaufort Elementary, Atlantic Elementary, Harkers Island Elementary, Smyrna Elementary, Beaufort Middle, and Sailor Snug Harbor to sing for Christmas. They also were invited to sing in competitions held in Jacksonville and Greenville. Both classes were also able to travel out of state, competing with other Choruses from many other states.

For many students they have remarked that being in either Chorus or Mariner singers has been a great experience. "It will be something that I will always remember," stated Carolyn Riley. "It's been one of the best experiences in all of my 4 years in high school."

The Mariner Singers sing "God Bless The USA" and "God Bless America" at the Homecoming assembly. Patriotism was running high after the September 11th attacks.

Elizabeth Robbins singing, "Where the Boys Are," says that she loved being in "Dessert Theater" and that she has enjoyed being in Mariner Singers this year.

Singing, "Let Me Be Your Teddy Bear," by Elvis Presley; Jeremy Gillikin confesses, "I finally got the chance to shake my hips in public, other than in my private time."

Kahla Lewis explained that it was fun to get up in front of everyone to sing. She says she does whatever makes her the happiest.

The acappella "Carol of the Bells" was well received by the students and teachers at the Christmas Assembly.

Join The Chorus!

Choral students were asked why they decided to join Chorus/Mariner Singers. Here were their replies:

Brooke Thomas
"I wanted to try something different and I thought it would be a good experience."

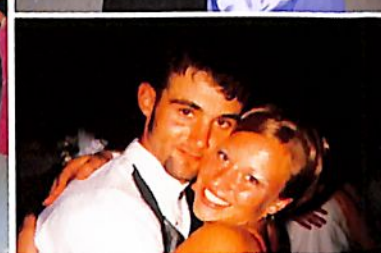

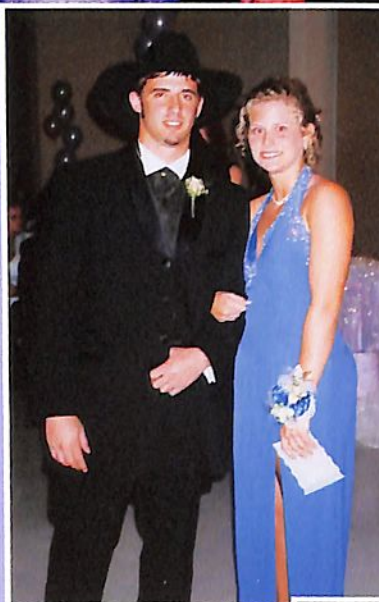

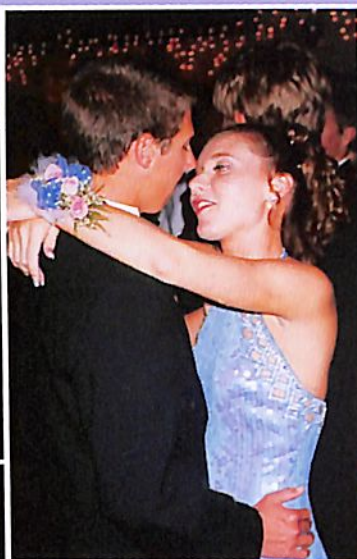

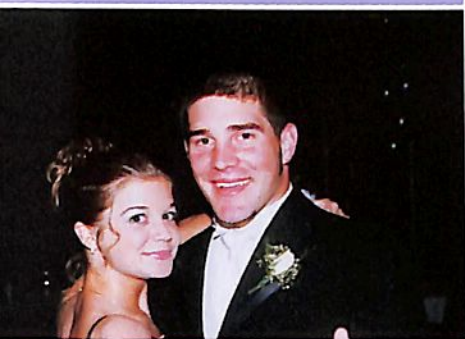

T.J. Corman
"I thought the class would be fun and I wanted to share my talent with my fellow classmates."

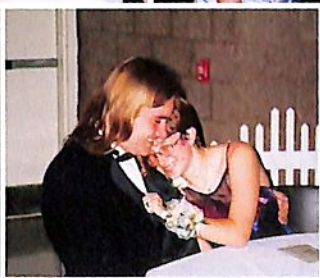

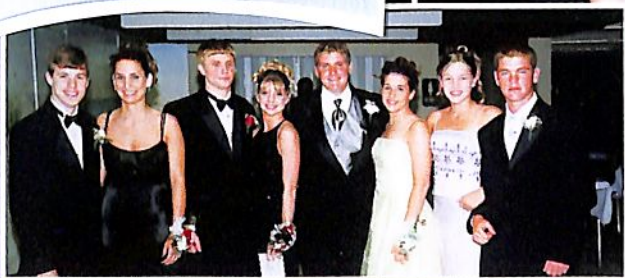

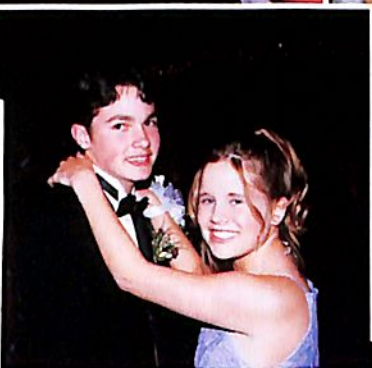

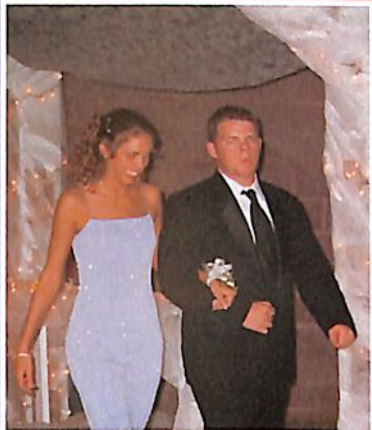

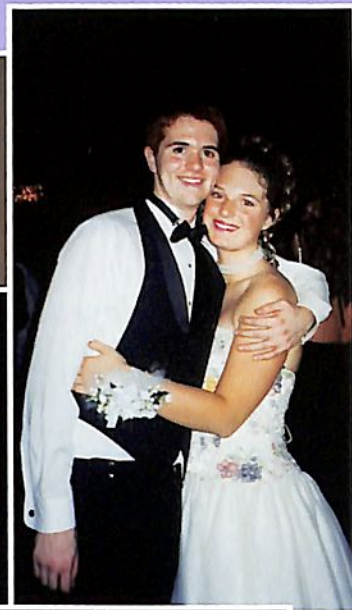

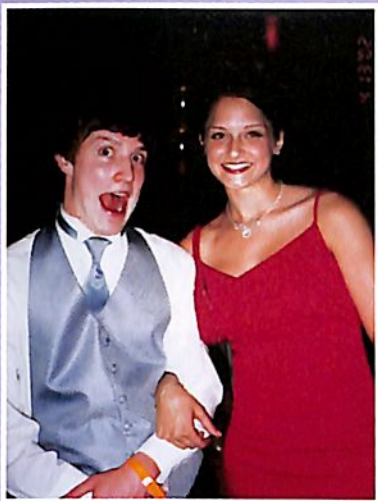

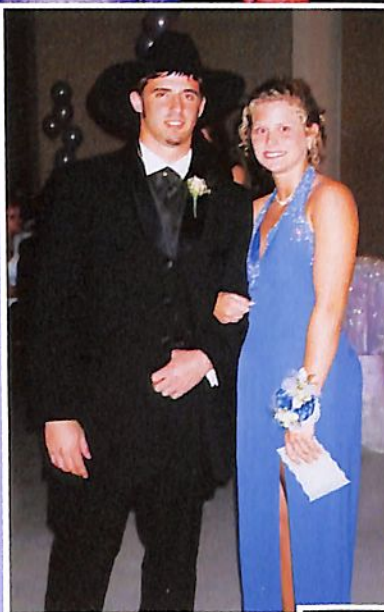

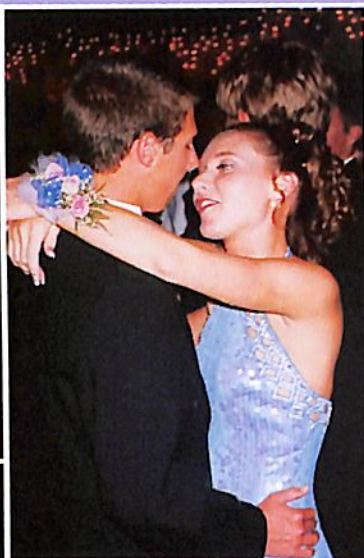

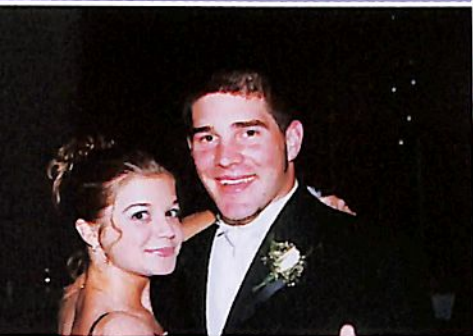

Melody Taylor
"I was pulling the curtain for the spring concert one year and I thought it was interesting."

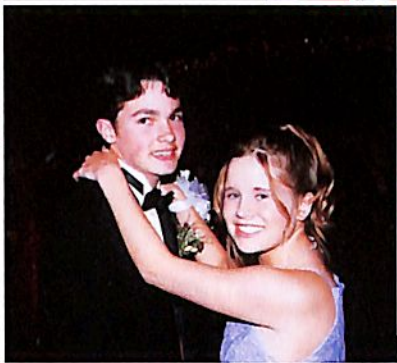

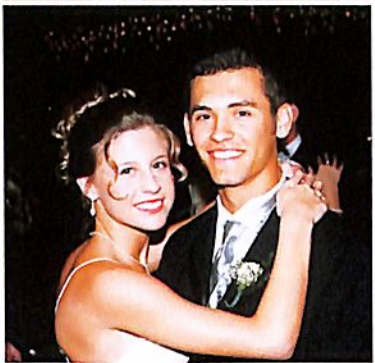

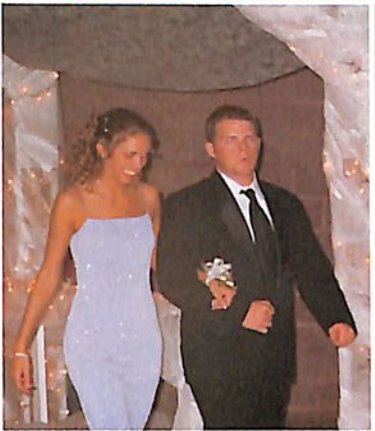

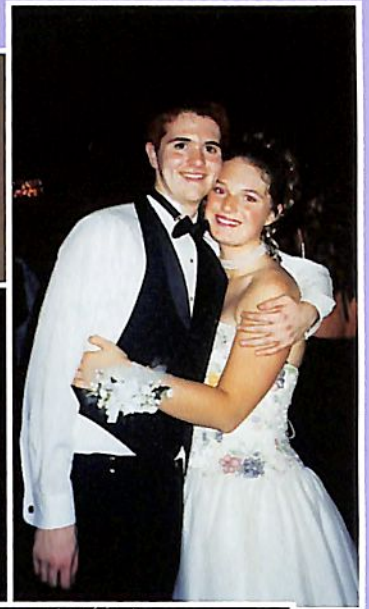

Jeremy Gillikin
"I was told that I should surround myself by the best people you could find. That's why I joined."

Sharing their last

juniors shared their enthusiasm as they danced
the night away at...

Forest Of Eloquence Prom 2002

Lean on me! Juniors Thomasina Rogers, Michael Tyler, and Gerard Osborne stop for a quick hug on the dance floor. Michael said, "I had the time of my life."

Prom 2002 seemed to go off without a hitch. "Forest of Eloquence" was decided upon as the theme and the Civic Center was decorated with a sparkling fountain, shimmering trees, and iridescent mushrooms. Thanks to the prom committee of juniors and their parents and a long night of decorating the night before, the prom

began promptly at 8:00pm on Saturday, April 13. They even made some last minute touch-ups the day of prom. Megan Gillikin added, "We invested a lot of time and effort into the prom and I think it paid off." Most people had arrived by 9:00p.m. when the dancing really got under way. There were a few changes made this year, such as the voting process. Although there was some confusion during voting, the controversial issues surrounding

whether or not Homecoming royalty should be on the prom ballots was resolved on prom night. Everything worked out in the end because students voted for who they wanted anyway. Zack Davis even gave a little victory dance when he was crowned King. Mr. Molokach had a final thought about Prom 2002: "I was very pleased with how it all turned out. I had a lot of fun."

After being crowned, Zack Davis, who "didn't mind dancing with the queen (Miranda Piner)," expressed his astonishment and commented, "I was very surprised to get Prom King, but I guess every dog has his day!"

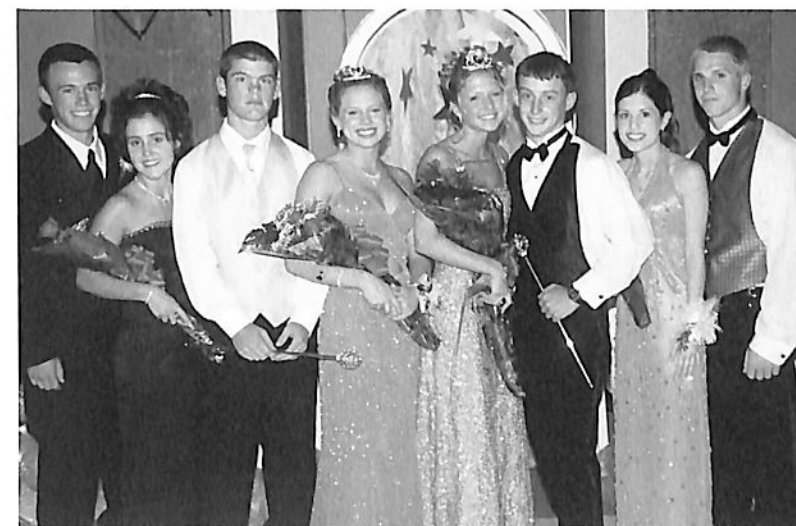

Yes! Even teachers attend the prom! Michel Jurow and long-time boyfriend Brian Lee chat with Mrs. Englehardt while they take a break. Brian said that his favorite part of the prom was the fog machine because "it made the entrance seem mystical."

Mr. Montford was chosen this year to be the D.J. at the Junior and Senior Prom. When questioned, he commented: "The staff and myself all had a great time!" Mr. Montford began his D.J. experience when he was asked to do a dance at Havelock Middle School.

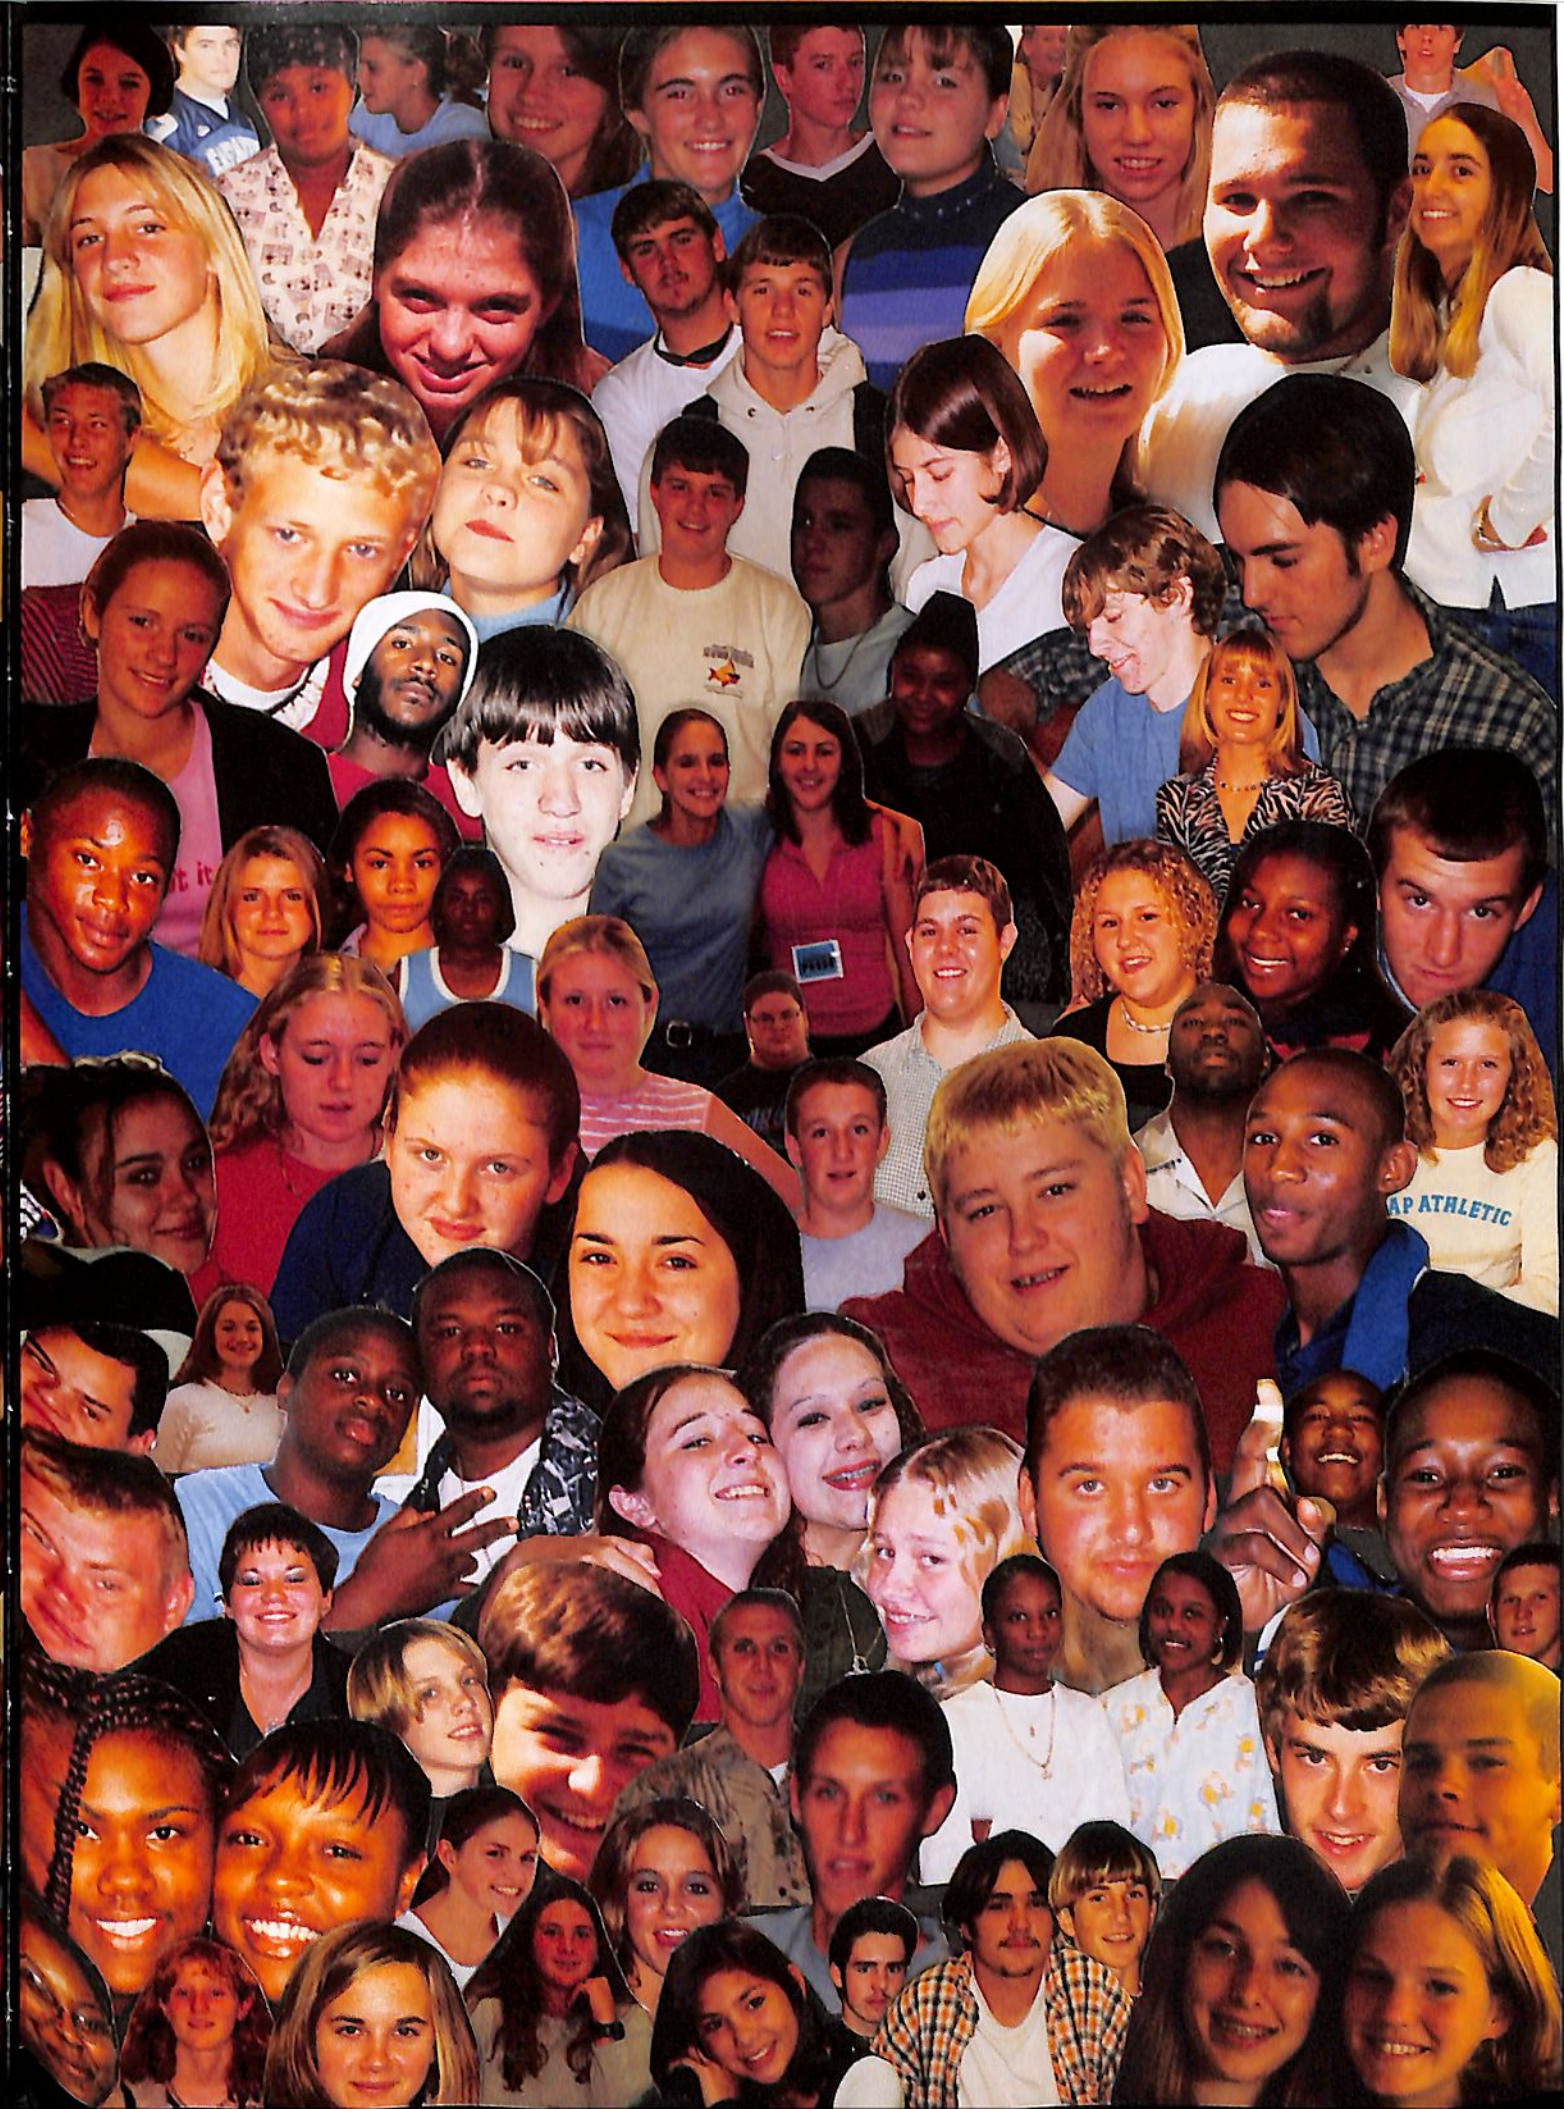

Grins of pride by these two seniors show how happy they are to be at prom. Candace Wilson said that the prom was "O.K." and Glenn said that his favorite thing about the prom was that everyone was "gettin' down." Both seniors plan to attend CCC after they graduate.

Students and teachers alike dance away to the "Cha-Cha." Ms. Raines especially shows her enthusiasm, accompanied by Ms. Harness and Ms. Lambertus. Ms. Raines stated, "It was easy to do if you could hear the instructions."

Remember This!

It is hard to remember things from every class, from studying to reports to homework. Students at East show that they have the potential to do anything.

Studying for a U.S. History test and typing a 4-8 page report for English are among the hardest activities that students have to do. Remembering to do their homework and studying for a big test helps students get good grades and a high GPA. Bringing home excellent grades to parents gives students a sense of pride that they can do whatever is given to them. Doing work in other classes like projects and research papers is challenging because students must find the time to fit it into their schedules along with usual bookwork, jobs, afterschool activities, studying, relationships, and family. Students participate in activities that interest them which makes them enjoy school even more. It also gives them a chance to do more than just read a book and use a calculator. These students have made East proud to have them and work hard to do the best they can.

Lindsay Metz
Lindsay Metz was excited to be in FFA for the first time. While doing a job for Mr. Sawyer, she walked by the FFA bulletin board and noticed the poster had fallen. Being a good FFA member she decided to do a good deed and put it back.

Matthew Gillikin and John Willis practice hard in their general music class. "What I learned in this class will make me famous one day," said Matthew proudly.

Jeremy Turnage sits patiently, waiting to be accompanied by Gavin Gillikin. "I was waiting for him so we could do our report for English."

Christine Nau, Christie Barrington, and Geary Smith work hard in Mr. Kappel's U.S. History class. "U.S. History was not as hard as everyone said it was," replied Christie.

Working hard Luke Salter and Justin Gilgo prepare to put cross beams on the trailer. "We did a really good job fixing Mr. Johnsons trailer. It was somewhat easy but it took a long time," said Luke.

Maggie Arrington

"AP English is a hard class, but I have learned a lot from the work." Maggie is planning on attending N.C. State and hopes to become a genetic engineer.

Jessica Hunnings

"I have enjoyed meeting new people and I had a really fun year. I liked all of my classes and my teachers were really nice." Jessica will be a sophomore next year and is looking forward to a great year.

Lindsay Newkirk

"I really enjoyed making the bag, although it was really hard work it turned out to be a great finished project." Lindsay took clothing design with Ms. Carver and said, "This class has helped improve my sewing skills a lot."

Paula Myllykoski

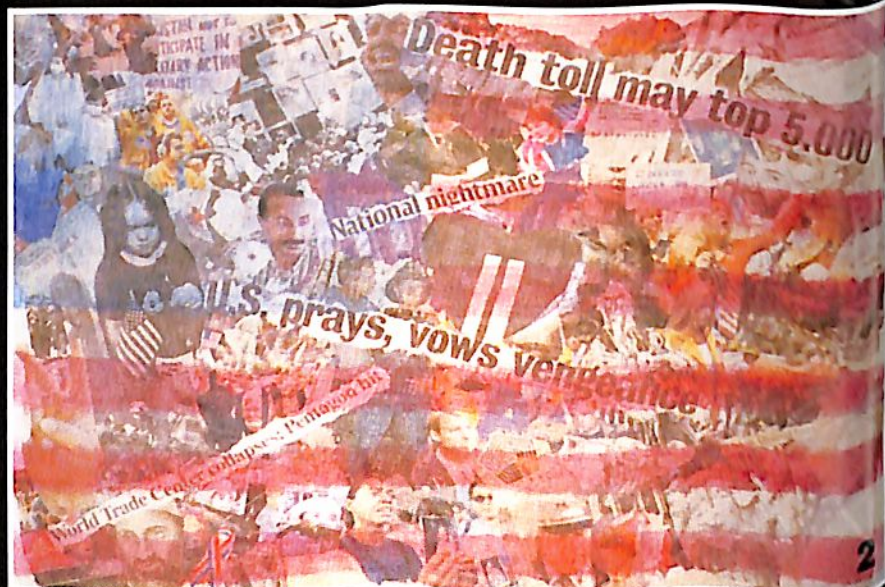

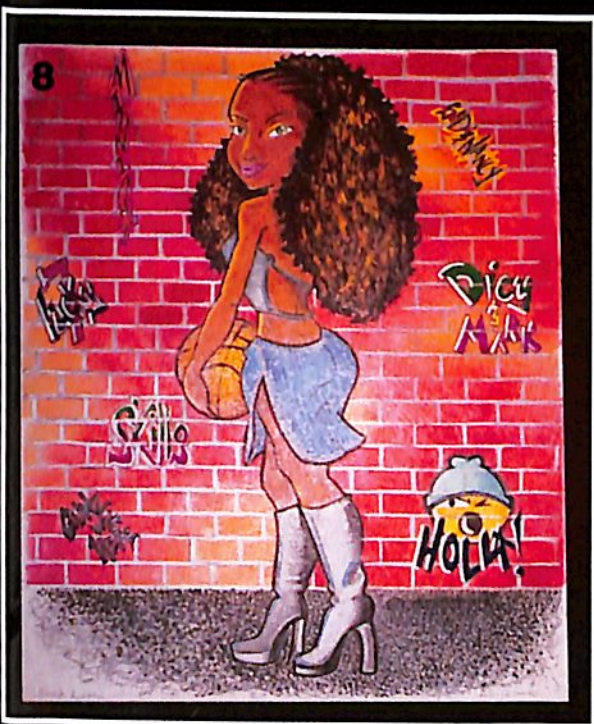

"I really enjoyed going here at East. It has been an awesome experience. It is way different from Finland." Paula was a foreign exchange student and really enjoyed her time here at East.

Kelli Murphy

"I really enjoyed being in Mr. Kappel's class even though it was hard. I really felt like I learned a lot." Kelli worked hard to keep a B average all semester. She is really looking forward to being a senior next year.

BETA • CLUB

East Carteret's finest get a taste of the sweet success that comes from dedication, hard work, and achievement

Proudly getting inducted into the Beta Club, junior, Paula Myllykoski, waits patiently as returning member, Thomas Whaley, brings her the Beta Creed. Paula was a foreign exchange student from Finland, so getting this recognition "meant a lot to her".

The 2001-2002 Beta Club consisted of thirty-two returning members, and thirty seven new members. These members were chosen based on their academic ability of achieving a 3.5 GPA and a 90 overall average. Since these students are chosen the last two years of high school, this honor is very hard to receive. A student's GPA is cumulative, based on the freshman and sophomore years so students must achieve academically on a consistent basis. The junior and senior years are also the most difficult ones. One of the newest members of the Beta Club was the sponsor, Mrs. Ilse Englehardt. Mrs. Englehardt said, "I was very pleased with our fund-raising efforts, I think we made a difference this year." The Club participated in many activities, such as, a walk-a-thon for the Cystic Fibrosis Foundation, a drug/alcohol seminar with Sgt. Mike Stafford, Toys for Tots, and a fund-raiser for the Red Cross after the September 11th tragedy. President and homecoming representative for this year was Kelli Chadwick, Vice President-Allison Smith, Secretary-Nicole Hill, Treasurer-Jessica Lumsden, and Parliamentarian-Josh Boudreau.

Top: seniors, Ben Guthrie, Philip Jarrett, Beth Laster, Jeremy Lawrence, Robin Salter, and Lauren Sechler get inducted into the Beta Club. Normally seniors lose the privilege of getting into this club because of a disease known as senioritis, but these seniors worked hard and earned this recognition.

NATIONAL ART HONOR SOCIETY

National Art Honor Society recognizes the best artistic talent of East Carteret. To become a member a student must maintain a 93 average in art and an 85 overall average. Members must not only be dedicated art students, they have to be dedicated to maintain a good grade in all their classes. Each

member is required also to make two works of art during the NAHS meetings. Mrs. Kathy Gillikin holds meetings every Wednesday night. She provides the students with interesting art ideas. Each piece of art work is usually displayed in all the art shows held by the county and by the school.

Brooke Thomas and Jennie Lewis learn new art techniques. To do this they use block printing and learn that there are many different ways to make art.

Mrs. Gillikin's NAHS members were asked to paint murals for all the halls. Michael Rhinehardt began this one for the history hall. He displayed his talent and painted it all by himself.

The National Forensics League helps develop character, integrity and requires hard work and dedication. This is not only a class at East but an after-school activity. The students spend the year with classroom meetings both during school and after.

*Homecoming Representative
Maggie Arrington*

They spend hours preparing for their many competitions. The students strive to move on to the next level as they work hard on their public speaking skills with interpretation, poetry, oral interpretation, etc.

Brianna Gillikin, a sophomore, commented that "the NFL is an honor society that everyone should get involved in. It will bring out and develop any leadership qualities you have."

National Forensic League

Ashley Harrell commented "Forensics look really good for college. Also, you gain speaking skills needed for the future with leadership roles and jobs," she added. "Speech and Debate has helped me progress a lot in the FFA, plus Speech and Debate goes on a lot of fun trips."

Josh Boudreau and Thomas Whaley are working together at one of the many Speech and Debate competitions. Josh was the president of speech and debate and had this to say on how it relates to the future, "Daddy always said that 'people don't know your ignorant unless you open your mouth.' But, when you have knowledge you have to be able to relate it. That is where forensics comes in."

Award-Winning Academics

Students Receive Awards For Their Hard Work And Academic Achievements

The 2002 Academic Honors Banquet and Dinner was held on May 22 at the Crystal Coast Civic Center. This ceremony honors those students that have maintained at least an 88 overall average or have an 85 in each class. The Civic Center was decorated with art work from Mrs. Gillikin's art classes and the meal was catered by Lorraine Wade. Mrs. Englehardt was the

teacher/sponsor this year for the Banquet. She was very nervous about things going right because this was her first year being the sponsor. When asked how she thought things went she commented, "It was a lovely evening and a good time was had by all." Students were awarded from various departments for their hard work and dedication in those classes.

These are a few of the many bright students that will be seniors next year. After just being handed their certificates for the top 20% of the junior class they wait patiently for the rest of the names to be called so they can be applauded by proud friends and family.

Being recognized for the second year in a row, Amanda Lewis receives the English II Honors award. When asked about how she felt about being in the Top 20% of her class she commented, "I have worked hard and was successful and achieved the goals I set at the beginning of the year."

Smiling as she accepts her award for U.S. History, Sarah Henry later commented, "I was really 'unexpected' of this award." When asked how she felt about receiving this award she commented, "I worked really hard in history and I'm glad to see that my hard work paid off."

"The academic banquet is a wonderful opportunity for students to be recognized for their academic achievements," exclaimed Tonya Juarez. She received the award for the highest grade in 11th grade English. She was also recognized for being in the Top 20% of her class.

Dr. McReynolds

Dr. McReynolds has been a principal for 20 years. She started her career as principal at a school in Raleigh. In later years, she transferred to Atlantic Elementary School. In 1997 she was hired as the principal at East Carteret High School, where she remained for 5 1/2 years. Dr. McReynolds was forced to retire on November 1, 2001 due to health reasons.

Mr. Holloway

Mr. Holloway started his career at Kinston High School as a Health & P.E. teacher/assistant football coach. He also taught at Cummings High School and West Carteret High School before coming to East. He has coached football and girls track. Mr. Holloway has also taught physical science as well as filled the role of athletic director. He arrived at East Carteret in December 2001 to fill the principal position left open after Dr. McReynolds retired.

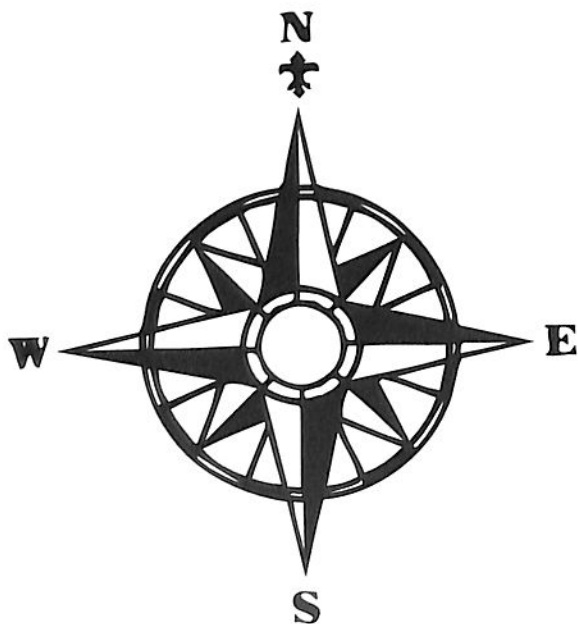

Mrs. Hudnall

For twenty-nine years, Mrs. Hudnall has been working here at East Carteret High School. For thirteen years, she taught English. She has been an assistant principal for sixteen years. Her main job at East is to keep track of attendance. It sounds easy, but it's not! She is also in charge of textbooks, schedules, and evaluating one-third of the teachers. Her current plan is to "graduate" with the Class of 2003!

Mr. Guthrie

Look at the new addition to East! Mr. Guthrie is the new assistant principal at East Carteret High School. Mr. Guthrie took Mr. Eades position. Mr. Guthrie started his career in education at Northwoods Park Middle School, where he taught Physical Education for 2 years. Then, he taught in Towson, Maryland for 4 years. After that, he taught at his home school of West Carteret High School for 7 years. Mr. Guthrie started his administration career, he was at Bangent Elementary in New Bern for a year.

Farewell Mrs. Walker!

The East Wind Staff would like to bid a fond farewell to Mrs. Pauline Walker. She has taught at East Carteret for 30 years and has been an influential member of the faculty over the years. 2002 saw Mrs. Walker retire. When asked what she would do with all her free time, she stated, "I am going to sleep late, keep smiling, avoid very stressful situations, and stay on my 'soapbox'."

Dave Johnson

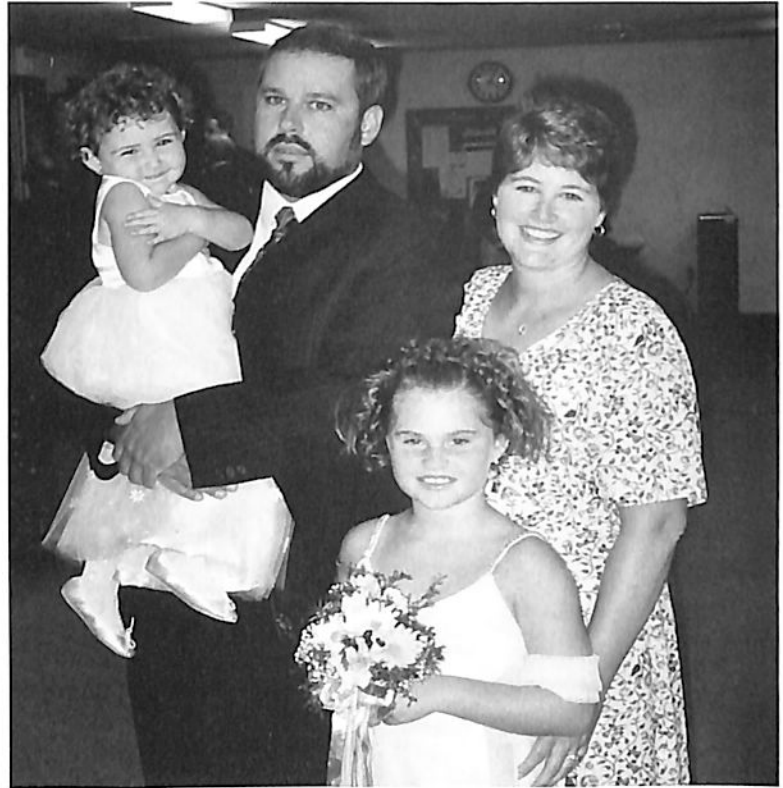

East Carteret High School Teacher of the Year

This year the faculty and staff of East Carteret High School nominated Mr. Dave Johnson for Teacher of the Year.

Mr. Johnson was born and raised in Oak Hill, West Virginia with his parents, Richard and Ruth Johnson, and his two older brothers and sister. He began his education at Fayetteville Elementary. As a young boy Mr. Johnson was interested in motorcycles, football and also enjoyed hunting and fishing. He then continued his education at Fayetteville High School and went on to the West Virginia Institute of Technology. After college Mr. Johnson began teaching in 1987, and later

came to East Carteret.

Mr. Johnson is now married to Mrs. Laine Johnson and together they have two children: Courtney and Lindsey. In his spare time he enjoys going fishing. When asked why he decided to teach, Mr. Johnson stated, "I like being around young people because they seem happier than old people." In regards to receiving the honor of Teacher of the Year, Mr. Johnson explained, "I felt very appreciative of receiving the honor although there are more deserving teachers than myself." Although Mr. Johnson doesn't look towards retirement in the near future, we hope to see him many more years at East.

Above: Mr. Johnson as a smiling one year old. His mischievous ways were never shown through his tiny smile.

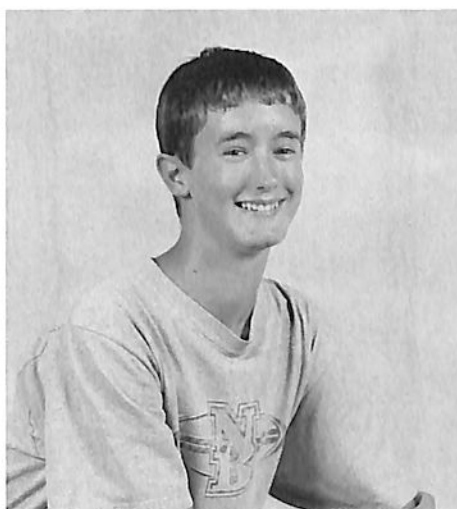

Right: Construction students look on as Mr. Dave Johnson demonstrates the task at hand. The class built a workshop for Mr. Kappel.

Taking A Stronghold!

Sports at East Carteret have always been an important part of student life. Participating in athletics benefits students in many ways. They learn how to work through intense situations with many different people. They also learn to depend on others and work as a team.

Without teamwork, winning is not an option. The athletes also benefit physically. To be a good athlete you have to have endurance and stamina. Many hours are spent after school and even on weekends but the hard work pays off in the long run.

This year the boys varsity basketball team finished up the season with an overall record of seventeen and eight. East's junior varsity boys basketball ended with a fifteen and five overall record. Varsity volleyball had an overall record of seven and eight, while the girls track ended with seven and five overall.

The 2002 track season was a good one for Dicy Benders who signed a scholarship with the University of North Carolina at Greensboro. Also this year Lily Stewart signed a tennis scholarship to play at Barton College.

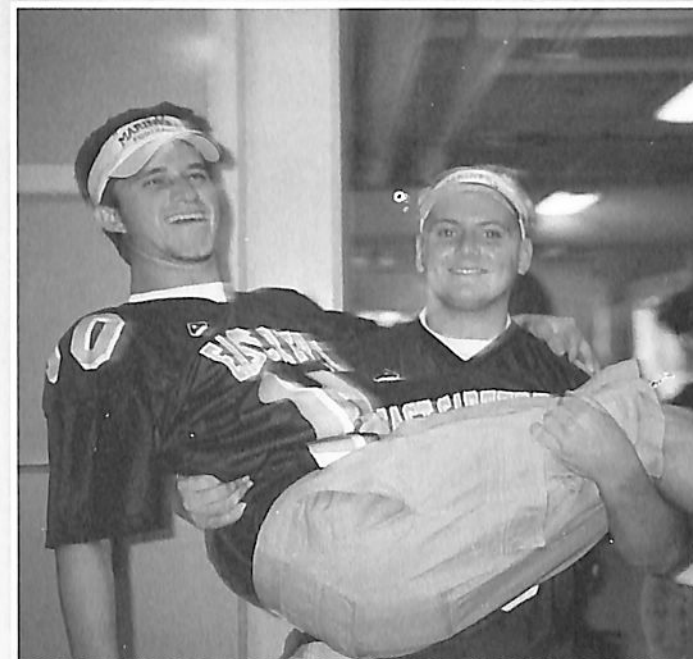

Waiting with fear, both JV and Varsity Cheerleaders stand firm for the charge at the homecoming game against Northside.

Cross Country is not a widely recognized sport. Those who participate in it know just how tough of a sport it really is.

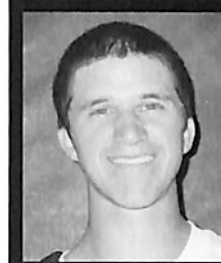

A cheerleader is a huge contribution to athletic programs everywhere. They dedicate their time to bring support to different events. That support is more than just a voice in the crowd.

Michael Tyler and Devin Daniels show off a little character on game day. The two seniors demonstrate the comradeship that develops from participating in sports.

What is your favorite thing to do before a game? Why?

Devin Daniels

"Take batting practice, so maybe I'll get a hit during the game."

Lindsey Boyd

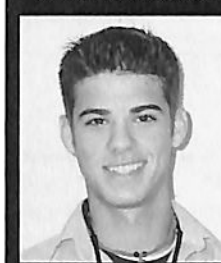

"Go to Cubbie's and eat with the girls because it's good luck."

Ryan Lilley

"Eat because I'm hungry."

Mike Hancock

"Go see Brooke because it relaxes me. After the game I like to see Brooke because she helps relax me after a hard loss."

Tasha Bartram

"Go and eat with Lindsey and the team because it's a lot of fun."

PUMP IT UP EC

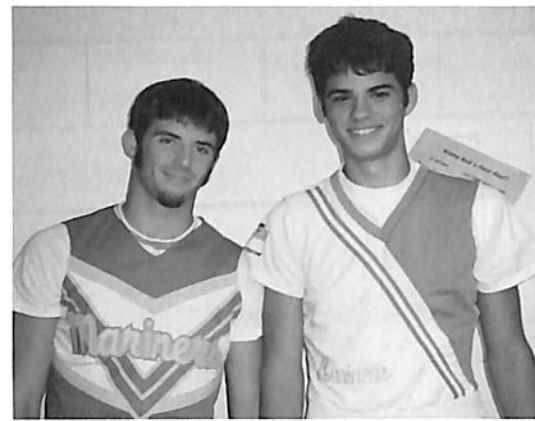

Carrie Campbell, Elizabeth Daw, and Brittany Halstead fight to stick their ending stunt for their up coming conference competition.

"This was a great year, I was so surprised when I got captain! We've come a long way, and I hope we go further. I love them all!!" says Samantha Hastings.

Cheerleading, it may not be considered a sport but cheerleaders are the ones that put the spirit in the crowd. They give the players the support they need to encourage them to win. The junior varsity cheerleaders do just that! Cheerleading is a year long event. The season begins with tryouts in April and continues through football and basketball seasons. Usually some competitions take place during basketball season. Cheerleaders are very dedicated athletes. You can't have a great squad without a great coach. Mrs. June Vann was the JV cheerleading coach again this year. She has been doing this for four years now.

Frank Christian and Mike Hancock sport old cheerleading uniforms, luckily, they seemed to fit perfectly. These football players lost a bet they made with certain cheerleaders about a game between ECHS and Croatan High School. If the Mariners lost then Frank and Mike had to wear cheerleading uniforms to school all day.

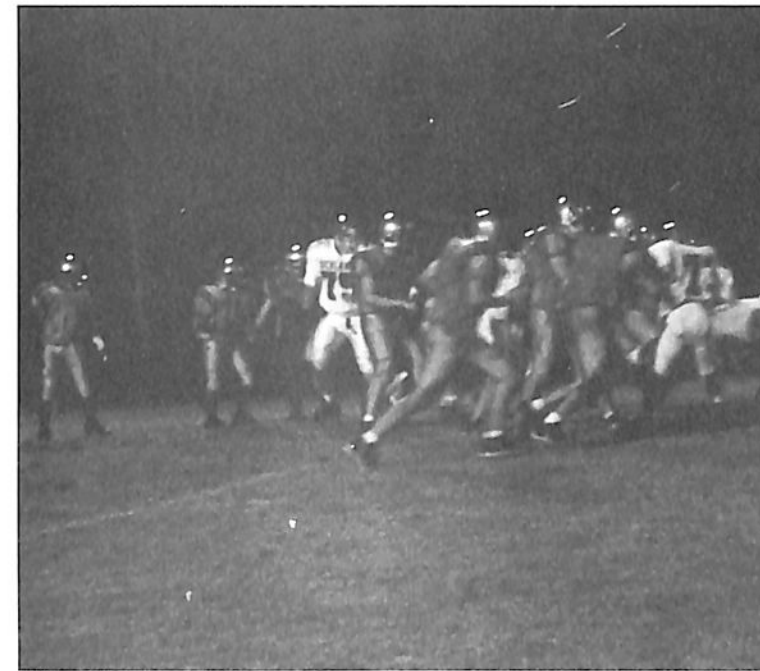

Front row: Tabitha Smith(co-captain), Samantha Hastings(captain); **Middle Row:** Brittany Halstead, Danielle Dixon, Cambria Pokrzywa, Amanda Lewis, Krystal Roach, Shanna Morris; **Back Row:** Shelby Gillikin, Elizabeth Daw, Megan Lewis, Coach June Vann, Jennifer Inman, Carly Naegelen, Carrie Campbell.

Excited about the East vs. West game, Carrie Campbell, Elizabeth Daw, and Shelby Gillikin pump up the crowd during the Christmas assembly.

A Mariner and a Wildcat scrap to recover a loose ball. Even though the Mariners lost, they put up a good fight. Coach Ciamillo said, "They improved a lot at the end of the season."

As the Wildcats' running back sprints down the field, the Mariners chase him in hot pursuit, trying to prevent him from reaching the first down marker. Randy Conway said, "We did better than what we've been doing; we executed more of the plays better."

Push'em Back

JV Boys Work Hard and Dream of Next Year

The Junior Varsity football team put forth a lot of effort this season. They worked very hard, but unfortunately they didn't have any wins. The J.V. coach Tony Ciamillo said, "The kids worked hard and every week we put a little more in and was able to execute and that's what it's all about." He was proud of the group of boys he had to work with this year and hopes they will return next year. Daniel Feagle said, "It was a learning experience for me, but it was fun." Daniel was an offensive and defensive tackle. Overall, the team seemed to have a fun time playing J.V. football this year. When asked if they were going to play next year, many replied that they were.

Back Row: Coach Conway, Coach Lewis, Chris Deuble, Tevin Godette, Casey Tosto, Brandon Davis, Jeremy Ferguson, Coach Maccarelli, Coach Smith; **Middle Row:** Robert Osborne, Daniel Feagle, Joseph Willis, Gaston Davis, Chris Sodowski, Randy Conway; **Front Row:** Brandon Willis, Chris Hendricks, Derek Pate, D.J. Godette, Tony Murray, Shea Burke, Tyler Brazie; **Not Pictured:** John Purdom, Jared Green, Romal Godette, Falanta Simmons, T.J. Courman, Steven Joiner, and Coach Ciamillo.

When asked how Coach Ciamillo liked coaching J.V. football he said, "I liked it, I had a good group of guys to work with this year."

SENIORS

"I'll always remember..."

...getting my front tooth knocked out, and winning first place at ECU, my senior year," by Andrea Lewis.

...cheering for the East/West basketball game and getting first place my freshman year," by Kahla Lewis.

...being chosen for the All-Star Squad and competing in Greenville at ECU," by Lauren Sechler.

...receiving All Conference Cheerleader my junior year and being made captain my senior year," by Amber Styron.

get ready... get set... **CHEER!** I know you can't dig this...

Starting off a brand new year, the varsity cheerleaders attended a camp sponsored by Spirit Express at East Carteret. Even though camp didn't go over too well with people getting hurt and losing their teeth, the squad still managed to pull together and hit awesome stunts. They even accomplished a double twist with flyer, Jenny Miller. During football season, the cheerleaders helped the guys out by decorating their locker room before games and cheering in cold and wet weather. Senior, Andrea Lewis represented the cheerleaders in the Homecoming Game this year where East took a victory over Northside.

Basketball season was quite hectic for the cheerleaders. Not only did they have to cheer at all of the home and away games, they also had to practice a lot, sometimes even four times a week, to prepare for competition. This must have paid off because they took second place at an ECA competition at West Carteret in November, where they also attended a clinic, and first place at East Carolina University Cheerleading and Dance Championships in February. They also attended Conference Championships where they beat Swansboro. A lot can be said about these cheerleaders, but the one thing that made these girls shine was the way they brought back a lot of spirit into this school. Faces and cars were painted blue and gold, dances were held to bring the students together, and even a new fan club was started, the Mariner Pound.

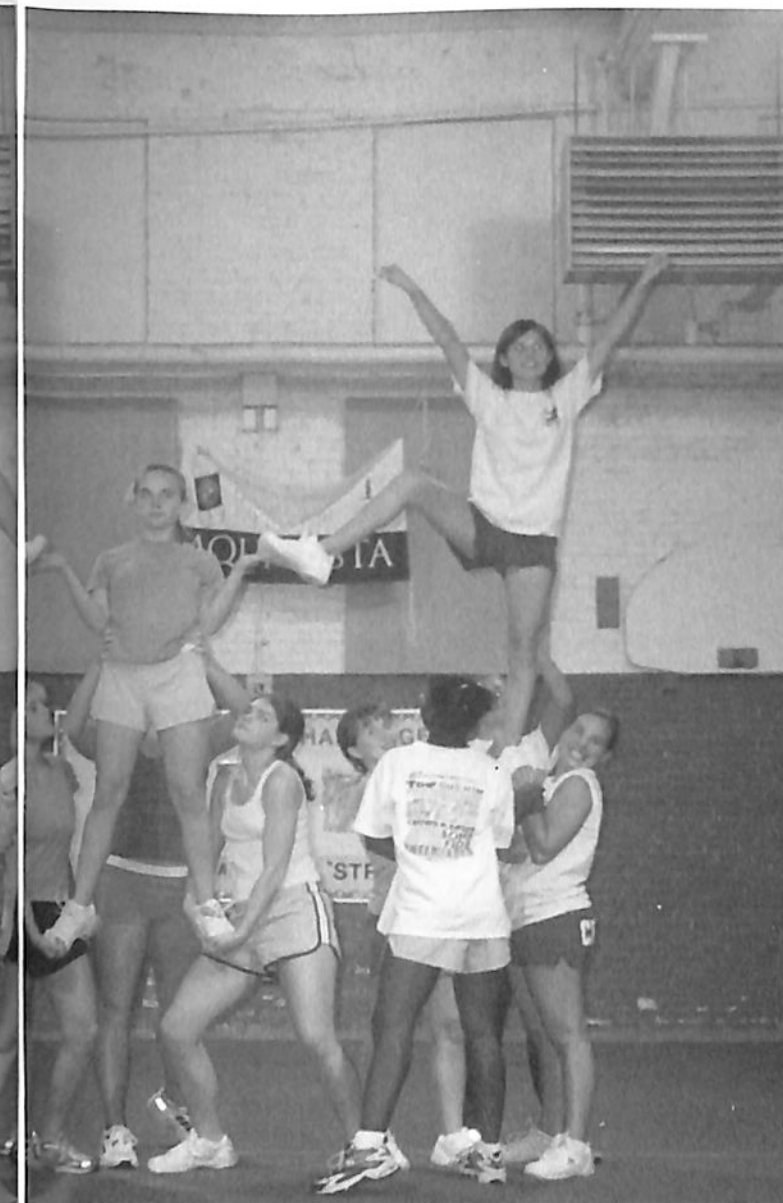

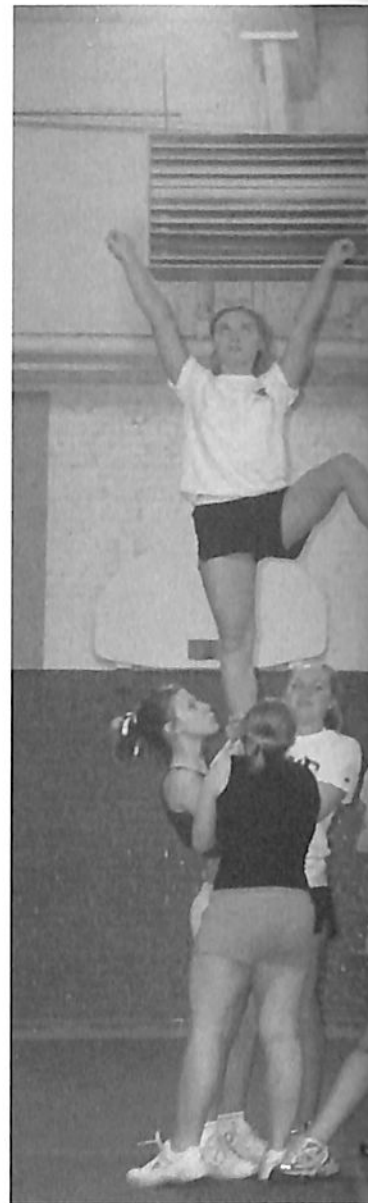

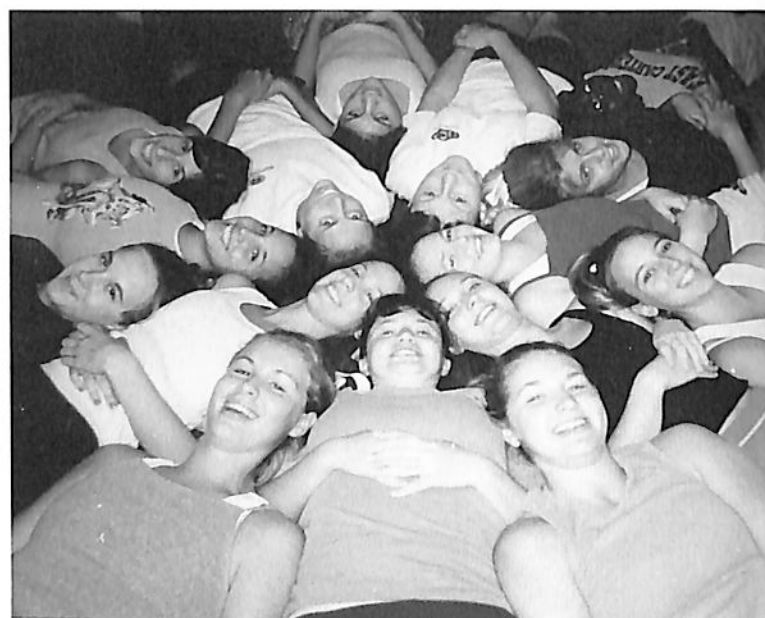

Coach's Corner Jamie Wilkins

"I have enjoyed coaching this year's squad. This will probably be the most memorable and eventful year ever."

Putting their heads together, the varsity cheerleaders look like they are thinking about new ideas. Actually, they are just taking a break from cheerleading camp to pose for a picture. They attended a camp sponsored by Spirit Express.

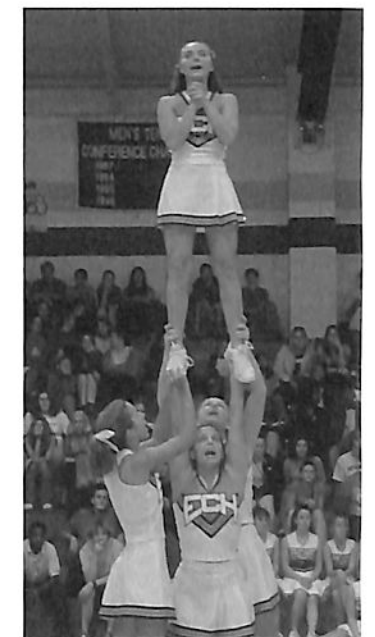

The entire squad pulled together to make this ending stunt possible. Many options, and arguments, were made to pull this together. Although this was not used during their first place routine, they did receive second place with this stunt.

Flyer, Jenny Miller, sticks another liberty included in the squad's competition routine. This group has stuck this stunt everytime since camp. Even after changes with bases and spots, they still managed to get it up in the air.

Homecoming Representative
Andrea Lewis

Kahla Lewis, Megan Gillikin, Jessica Fulcher, and Andrea Lewis hit this one-man press-up with consistency. During stressful basketball seasons, they still managed to get this into the air. Sticking this stunt motivated the team to score high.

Varsity Cheerleaders are from top left to bottom right: Thomasina Rogers, Tracy Merritt, Chelsea Naegelen, Megan Roberts, Shelby Futo, Kristi Arthur, Jessica Fulcher, Megan Gillikin, Karli Arthur, Lauren Sechler, Kahla Lewis, Amber Styron, Andrea Lewis, and Jenny Miller.

Showing their spirit, the cheerleaders throw their hands into the air to show their football team that they are behind them all the way. The girls always tried to get the crowd pumped up even if it took throwing miniature footballs, or even candy, at them.

**Buddy Lewis
Senior**

When asked about his best memory of football Buddy said, "Winning homecoming both years."

**Clay McCarthur
Junior**

"Yes, I like playing football and I am planning to play next year" Clay said.

**Mike Hancock
Sophomore**

"Yes, definitely, I am going to play football my next two years at East," Mike said.

**Jude Jones
Freshman**

When asked how does it feel to be a freshman playing varsity, Jude said, "It feels real good!"

On the Defense

Even though the varsity football team had a tough season, they still managed to pull through. Coach Smith said, "The defense played aggressively all season." The offense was fast but had a few mistakes. All the coaches had positive comments about the team. They turned in especially strong performances against Northside, West Carteret, and James Kenan. The team was saddened by the loss of Joel Hancock due to an injury midway through the season, but Adam Wade did "an exceptional job filling the position." "Terrell Henry also had a solid defensive season," said Coach Smith. Though the Mariners had some struggles, they pulled off a victory for everyone at the Homecoming game October 28, 2001 against the Northside Monarchs. The final score was 34-8. Coach Conway said, "We all came together as a team and played a very good game all around." Michael Tyler also added, "The offense played good, but the defense played even better."

Stretching during the game. Terrell Henry recovers from an injury with Coach Piner. Terrell is a running back and a line backer for the team.

Coach's Corner

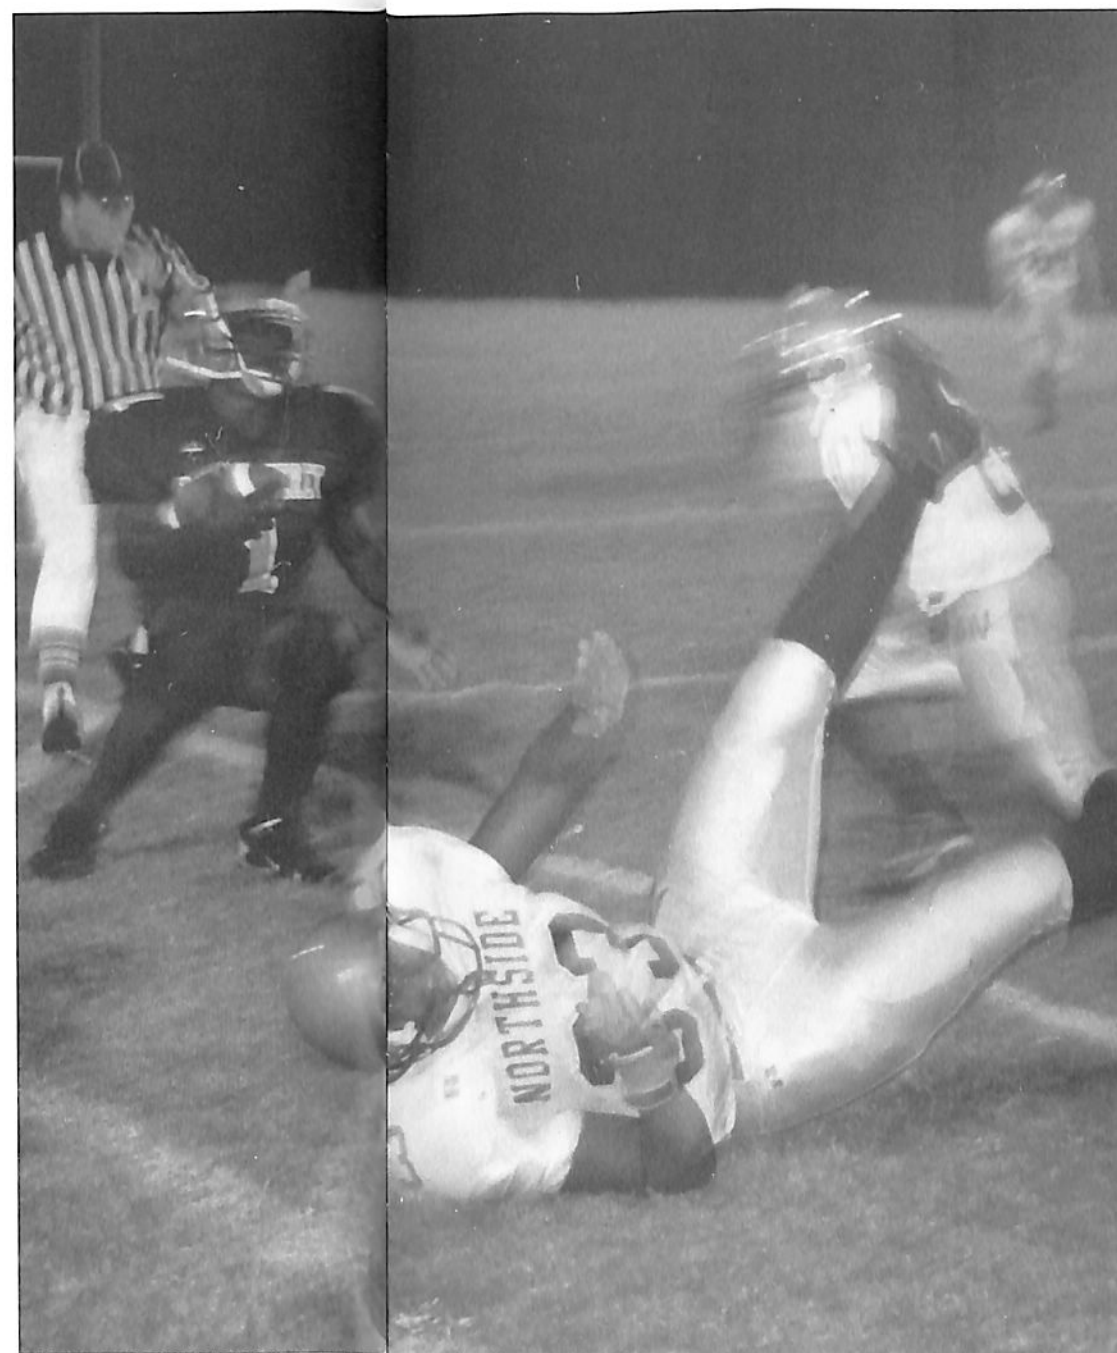

Coach Smith

When asked how Coach Smith felt about the team this year he said, "Pretty good, I [had] a lot of good young players on the team and I [was] very proud of them this season."

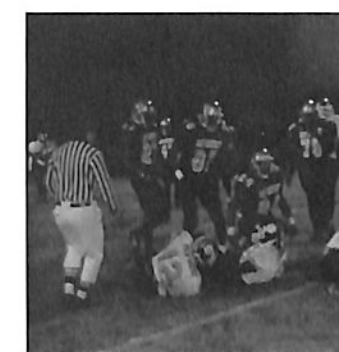

Coach Conway

When asked how Coach Conway felt about the team this year he said, "They have improved since last year and I [had] really good kids to work with this year."

In a huddle, the team gets pumped up for the game against James-Keenan. "It was a real close and exciting game," Frank Christian said. Frank also was Player of the Week.

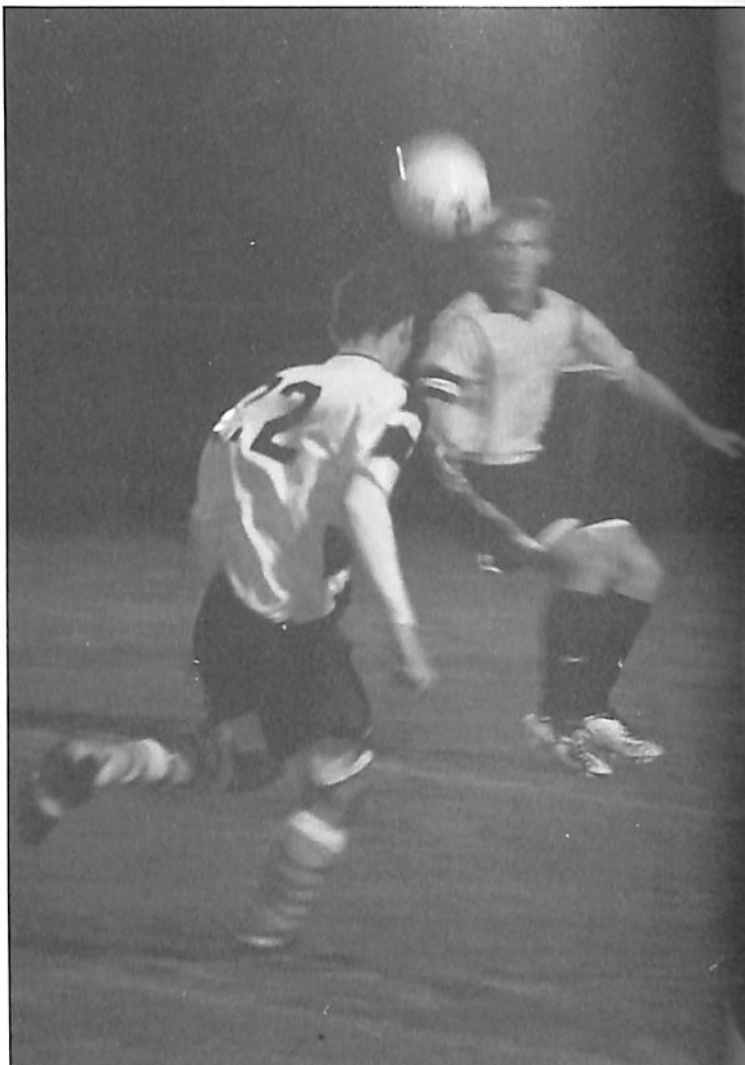

On October 26, the Mariners played good defense against East Duplin. When asked about the team, Luke Salter replied, "We have a strong defense and a fast offense." Luke has played varsity football for 2 years as a running back and a defensive end.

P.J. Ellison makes his way down the field during the Homecoming game. P.J. brought in 5 passes for yards and a touchdown. Later that evening the Mariners won with a score of 34-8.

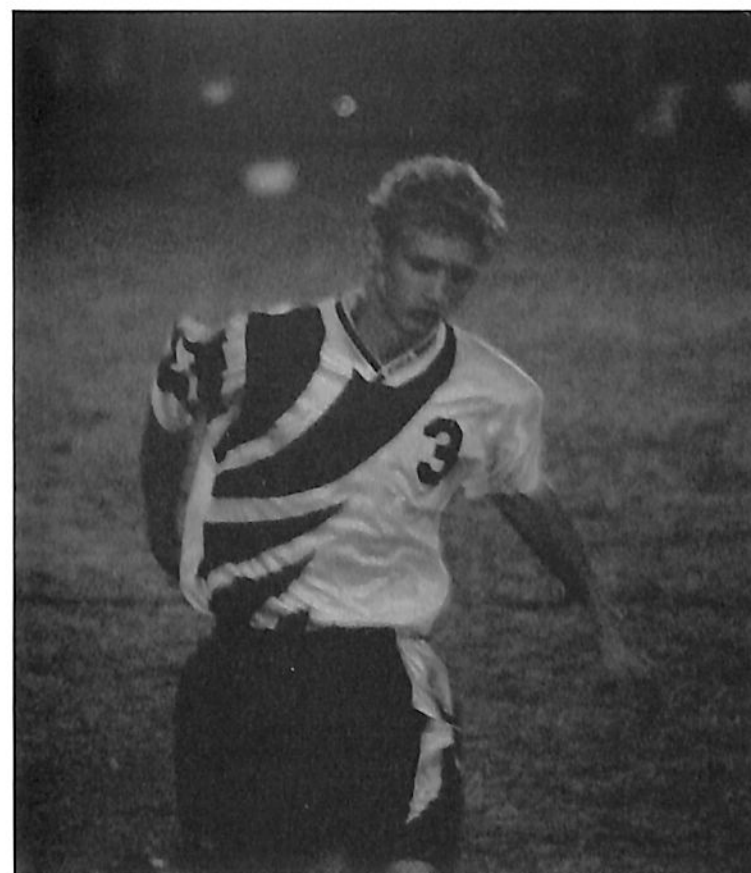

Senior Robert Moore gets a good jump on Northside's number seven. East defeated Northside six to zero. Robert has been a member of the Mariner soccer team for three years.

Captain Buddy Lewis shows off his soccer skills! During a game against Richlands, Buddy uses his head to take control of the ball. Buddy was a very skilled soccer player, and it all started at the tender age of 3 1/2 with the "Rangers".

Number three Josiah Miller, jogs off the field during a home game against Richlands. Josiah was a junior and has been a member of the soccer team all three years.

Number twenty-three, Micah Gunn charges down the field. Micah's opponent doesn't seem to distract him at all in his attempt to advance the ball.

Jonathan Evans takes a lead on the field during a game with Richlands. Jonathan was a senior on the team and has been playing soccer since he was little. Outside of school Jonathan also enjoys surfing and going to parties with friends.

East Faces the Challenge...

Team Discovers a Promising Future.

Soccer : (noun) a game played with a round ball by two teams of eleven men on a field with a goal at either end: the ball is moved chiefly by kicking or by bunting with the head, the use of hands and arms being prohibited. This year's team consisted of five seniors, four juniors, eight sophomores, and four freshmen. They had skill and they displayed incredible courage and sportsmanship. When asked how he felt about the season and what he expected for next year without the graduating players, Coach Wall replied, "We played as a young team. The conference competition was tough, but we finished in a respectable fifth place. The team was senior strong and we will miss the play of strong defenders. However, we remain enthusiastic about

the future of this young team." The 2001 team captain was senior Buddy Lewis, who was paired up with senior Justin Bourbeau as his co-captain. Buddy was asked how it felt to be the one that the team relied on during the season, he answered, "It made me feel good to know that my teammates could come to me with problems, on and off the field. I felt that by the team having me as their captain they thought I was a good player and a good person." Justin stated, "We were an unexperienced, yet talented team, playing amongst state championship caliber soccer clubs. Together we worked and established more character and heart than we began with. The future of this team is promising."

During a home game against Richlands, Micah Gunn and Kemp Styron show great team work while passing the ball down the field. Micah has been a member of the soccer team all four of his years here at East. As a junior, this is Kemp's third year as a member of the team.

Running 3.1 miles is excruciating and requires time and dedication

Coach Clinton Montford

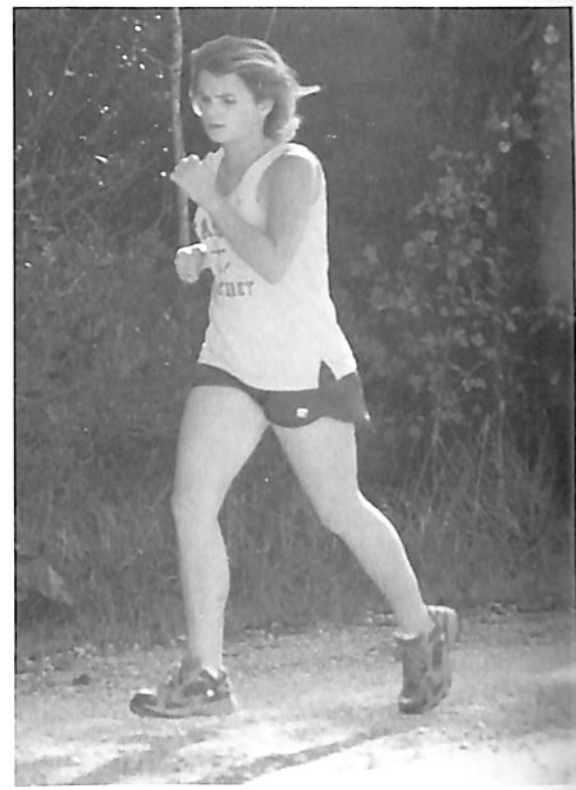

Cross Country consists of a 3.1 mile run and each course varies in terrain. Each runner competes not only against those on opposing teams, but also against runners in their own team. Each meet the runner tries to improve his/her own time as well. Joel Braxton, Anne Wheatly, and Paula Myllykoski competed at the state level in Charlotte on October 27th, 2001. Joel finished 20th out of 155 runners and finished with a time of 17:10. Paula finished 22nd and Anne finished 25th out of 150 runners. Paula finished with a time of 20:58 and Anne finished with 21:15. All three ran their best personal times for the season in the state finals. When asked how his first year coaching cross country was Mr. Montford stated, "I had a great time coaching cross country this year." As for the year in general many players decreased their times and made Coach Montford very proud.

Junior Anne Wheatly keeps a steady pace on the course here at East. She has been a member of the cross country team for two years. "This year was more competitive than in the past," commented Anne.

Senior Joel Braxton is in his fourth year of cross country. Joel has proven to be one of the team's greatest assets. With a time of 17 minutes and 10 seconds, Joel has decreased his best time from last season by 5 seconds.

JV Netters Knock Another Season Away

The JV Volleyball team had an exceptional year. The team's record was 8-7. Coach Mike Turner states, "The girls played hard all year and improved tremendously. There is a lot of talent in the future for volleyball at East." The star players were Brooke Hannula--MVP and Natasha Herting--Most Improved Player. The girls worked diligently throughout the season.

UP AND OVER SCORE!

In the fall of 2001 the Lady Mariners Varsity Volleyball team had their games on Tuesday, Wednesday, and Thursdays. The season began on August 14 with a game against Havelock. The team's coach Jeff Colvin, a math teacher, returned again this year. Mr. Colvin commented on the season play saying, "While our final record wasn't as good as we had hoped, overall we had a good year." As the season went on they continued to practice and to play games. They won seven games and lost eight. The homecoming representative was senior Caroline Corwin. "Playing for Mr. Colvin was a great experience, and good luck to those stepping up!" commented Dicy Benders.

OUTANDOVER! Dicy Benders, 12th grade, gets the ball and swings her hand up to send it over the net to help the team get points for the game. "We had an off season but we had fun!" commented Dicy Benders.

Last Time To Recognize

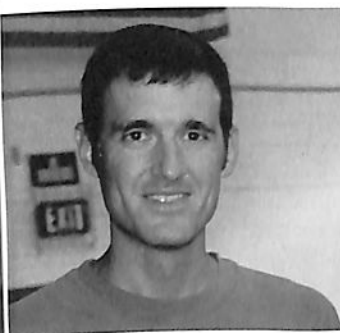

SENIOR NIGHT! Each year seniors start the game on senior night and gather for the game picture to remind them of their last game of the season. Dicy Benders, Stephanie Lewis, Caroline Corwin, Jennifer Crusie, Lindsey Boyd, Lucy Simmons are recognized for being seniors; they later helped the Lady Mariners win the game. "Volleyball was very fun!" stated Dicy Benders.

Huddle for a PEP Talk!

The team huddles up together with Mr. Colvin's pep talk to share their thoughts during the game. The thoughts are about what they plan on doing to the opposing team. "This season was hard, but I think everyone had a good time. I will miss it next year," stated Stephanie Lewis.

Give it up for Coach Colvin! "The season started strong with wins against Havelock at home and on the road...I will miss the six senior girls and am looking forward to the juniors stepping up into leadership positions on the team," commented Jeff Colvin.

Way to Go Lady Mariners!!

Waiting for the ball! Seniors Lindsey Boyd and Caroline Corwin get ready to finish the play, as they wait for the ball from the opposing team. These two girls have grown up together playing softball, basketball, and volleyball.

Over the Net! Lindsey Boyd, 12 grade, is getting ready to serve the ball over the net. "Even though we didn't win every game, we still had fun! I'm gonna miss it next year," commented Lindsey Boyd.

Up, up, and up! Caroline Corwin, 12 grade, reaches for the ball to help the team. "I had a great time playing on the team this year. Mr. Colvin was an excellent coach and I am gonna miss everyone next year!" stated Caroline Corwin.

The Mariner Boys Tennis Team Took Care of a Tall Order by Beating Northside, Their Greatest Competition

Tennis anyone? Sometimes associated with only the very rich, tennis has become a sport of the people. Big name stars like Andre Agassi and Venus Williams have done as much for tennis in recent years as Tiger Woods has done for golf. The ECHS Mariner tennis team has begun to make a name for itself. With such leaders as Josh

Smith and Matt Kraszeski, the 2002 season ended with a conference match score 8-0. Josh Smith blanked his Northside opponent in the No. 5 singles match of the conference. Matt Kraszeski beat Northside in the No. 3 singles match. Matt played with the tennis team for 3 years and lead his team in many defeats.

Freshmen, Douglas Godette, guards the ball as 3 Havelock defenders run up to him. He dodged through the opponents and headed for the basket. "Even though conference championship expectations were not met, this season was still a terrific one. I shared the court with a bunch of great, talented guys and I loved every minute of it," said Douglas.

The JV boys worked hard this year to finish the season with a 14-5 over-all record, and 9-3 in conference. "Devin Henry was named our MVP this year and deservedly so. He really became the leader that we needed. I can't say enough about the young man," said Coach Chris Stokes. The boys joked and played around with each other but when they stepped foot on the court they knew it was time to get serious. Coach Chris Stokes said, "I was pleased with the progress we made over the course of the season, the boys made tremendous strides. The future looks bright for East Carteret basketball."

Brandon Campbell goes for the jumper to rack up more points on the score board for the team. Brandon's points ended the score with a win of 66 to 45. "Although a freshman, Brandon really matured as the year progressed. We expected even better from him next year," said Coach Chris Stokes.

Junior Varsity Girls Basketball

Darting across the court, the East Carteret junior varsity girls basketball team gave their all in every game as they worked together well as a team. "This was our coach's first year and we feel she taught us to the best of her ability and did a great job," stated Tiffany Vann, one of the team's captains. Junior varsity gives the players a chance to hone their skills for the upcoming years when they can play for varsity. The girls practiced mostly after school; they had routines and practiced hard to be able to succeed in their games. Some of the team members explained that East Duplin was their hardest game mostly because it was an away game and because they had a big team.

Let's Hear It From The Girls...

"This year's basketball season has been great. We went through a lot of ups and downs but it all worked out for the good."

Team Captains: Tiffani Vann, Dana Lewis, and Brooke Hannula

"The first year playing high school JV basketball was fun. The team was athletic, there were a lot of mistakes, but nothing we can't learn from," stated Tiffani Vann.

Bring It On!

The Lady Mariners finish strong and add a new edge to the upcoming season

Bright yellow folders were given to the Lady Mariners at the beginning of the 2001-2002 season. Coach Edith Styron had composed these booklets with care: each one contained a copy of the action-packed basketball schedule, and, more importantly, encouraging words, quotes, and "tricks of the trade" from Coach Edith herself. With her strong will and positive actions, Coach Edith inspired the Lady Mariners to become faster and even better at the game of basketball. "Even though this was a rebuilding year, we had a lot of fun. Everyone got along good, which made the season successful," Coach Edith said.

Guided by the enthusiasm of their coach, the Mariners reeled in a 9-and-21 record for East Carteret this year. Among the leaders on the court was senior Dicy Benders, who was named All-Conference Player, All-Tournament Player, and Most Outstanding Player. Even though this was her last season playing for ECHS, Dicy was optimistic: "We didn't have the best winning

season, but we had fun. It was a great experience and it was worth it." Other leaders on the floor included junior Ryan Lilley, the Lady Mariners top scorer this year who was named All-Conference Player and Most Valuable Player. Senior Jennifer Crusie, who at times had to defend the other team's best guard, was named Best Defensive Player of the year. Lindsey Boyd, another senior captain, backed up her teammates with a good attitude and well-executed plays. She was given the Coach's Award for the season.

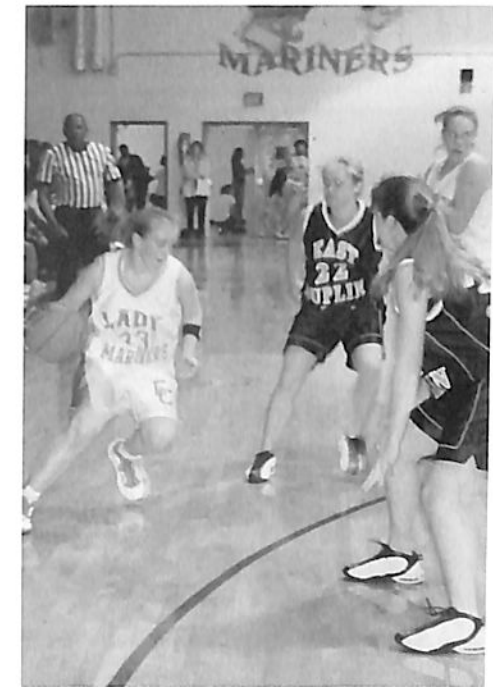

While the record may not have shown it, the Varsity girls basketball team reached great heights. "We learned the value of teamwork," Sonya Brodnex said. "It wasn't a matter of which player did the best; it was a matter of how well we did as a team." The teamwork that all of the Lady Mariners spoke of will certainly add a new edge to the upcoming season. As one of Coach Edith's favored quotes says, "You can't turn back the clock, but you can wind it up again."

Preparing to introduce the Varsity Boys basketball team, Monica Fallin keeps her teammates' spirits high. Becky Merrick and Hope Mitchell laughed at Monica's jokes after the game. "Even though we did not have the best record, team morale was high and our personalities really complemented each other," Becky said.

Proud of her player's performance, Coach Edith Styron congratulates Dicy Benders for her winning three-point shot. Benders, a senior captain for the Lady Mariners, rescued her team from a one-point loss against the Richlands Wildcats by making a shot at the buzzer. The Lady Mariners finished a successful game with a 51 to 49 win.

Backed by the strong support of her teammates, Ryan Lilley keeps two East Duplin defenders at bay with her sharp ball-handling skills. The Lady Mariner's tight defense paid off against the Lady Panthers. Coach Edith explained, "We couldn't have played without Ryan."

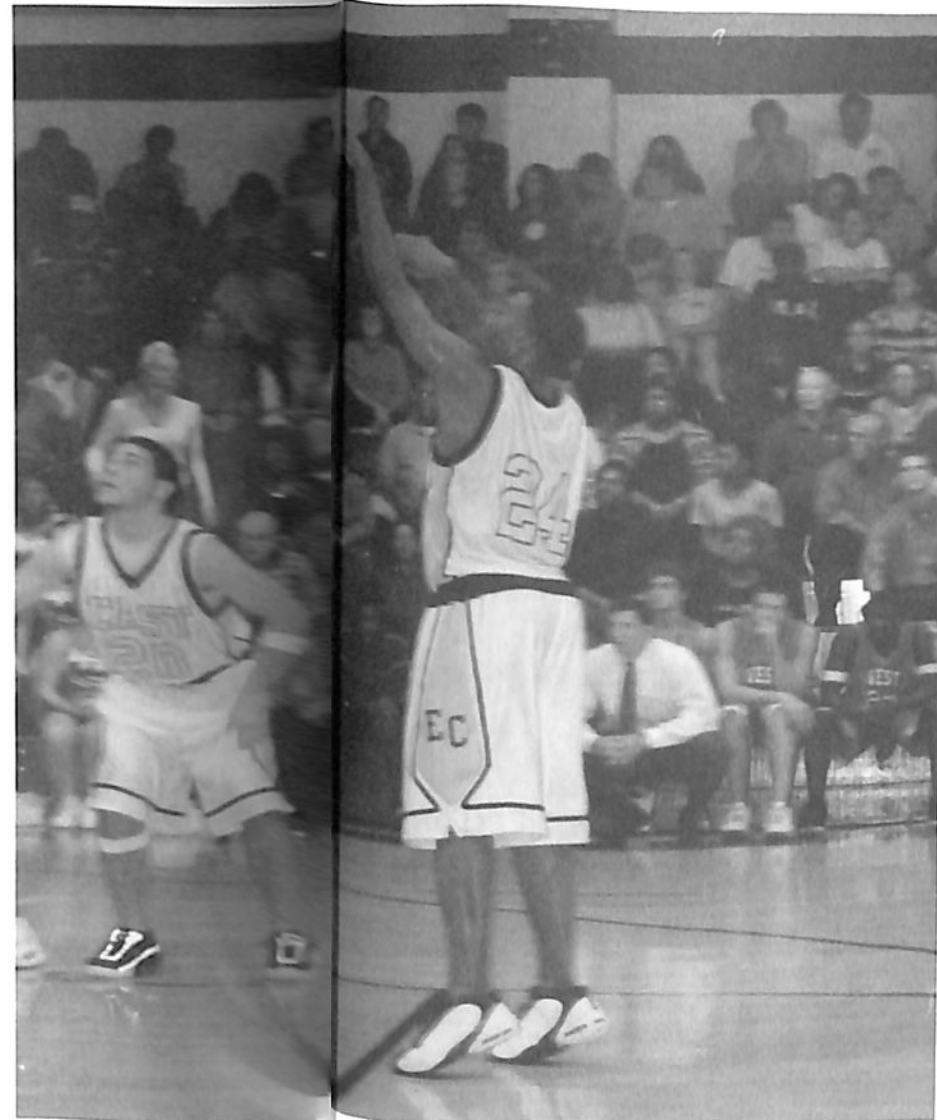

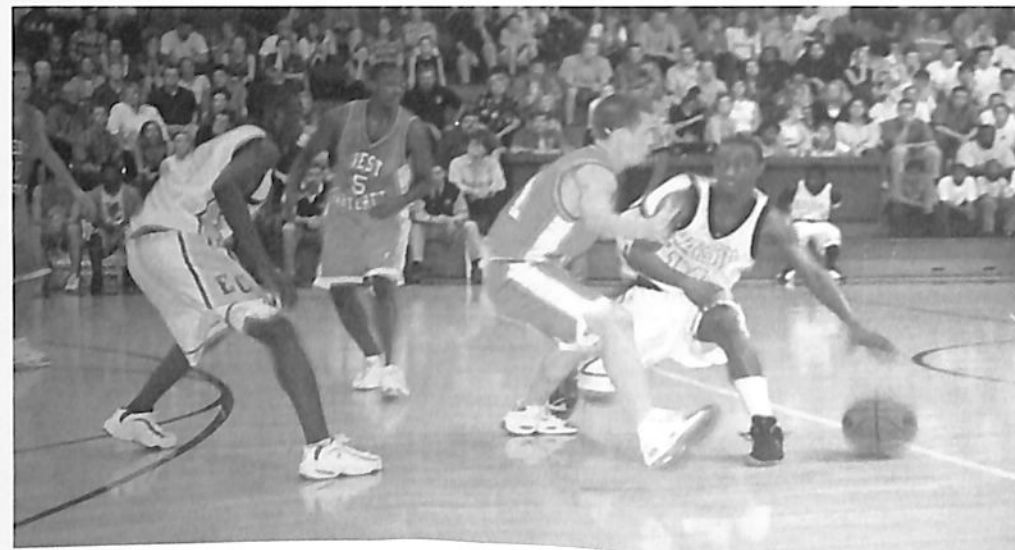

After being fouled by an East Duplin player, Dicy Benders is allowed two freethrow shots in an effort to even the score. Stacy Williams, no. 15, took position down low to rebound the ball. "Our basketball season started off kind of slow, but towards the end we came together as a team and did a great job to finish the season," Stacy said.

The 2001-2002 Varsity Lady Mariners are: **Top Row:** Jessica Lumsden (manager), Monica Fallin, Sonya Brodnex, Brianna Gillikin, Lindsey Boyd, Stacy Williams. **Bottom Row:** Hope Mitchell, Dicy Benders, Shannon Nolan, Becky Merrick, Jennifer Crusie, Ryan Lilley, and Coach Edith Styron.

With a swift, clean-cut effort to earn more points for the Mariners, senior Jim Jones shoots a freethrow during the East Carteret vs. West Carteret game. Justin Bourbeau (#20) prepared to rebound the ball if it rolled off of the rim. Both seniors played a successful game against West Carteret, and led the way to an ECHS victory.

Moving past his defender with swift control, senior Mark Johnson (#14) keeps the opposing Patriots on edge. Terry Murray (#33) came to Mark's aid in perfect time. Both players led the Mariners in a successful 2 point play.

HOOP TIME!

EAST CARTERET MARINERS SPRINT THROUGH ANOTHER SEASON AND FINISH WITH A RECORD TO BE PROUD OF

The 2001-2002 Varsity Mariners took the floor at about 7:30pm on Friday nights at the ECHS gym. Their games were fast and furious, packed with smooth offensive moves and sharp defensive actions. Students from East Carteret scrambled for a good seat in the stands to watch the Mariners triumph over the opposing team. Whatever skills the opposition seemed to possess, the Mariners, guided by the quick thinking of Coach Montford, seemed to find their weakness and use it to their advantage. "The overall accomplishments of this year were tremendous," Coach Montford said. It is possible that the success of the

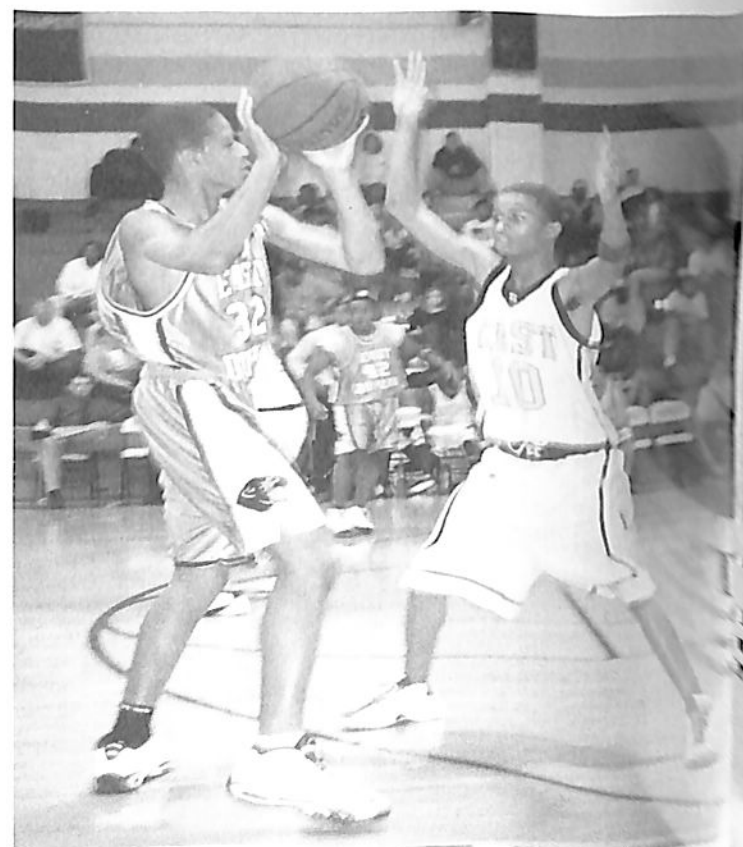

Mariners came from the reasonable goals set by the players at the beginning of the season: to have fun, to have a winning season, and to go to the state playoffs. While they did not go to State, the Mariners played well in the tournament and came out on top with a 17-8 record. Several players received awards for their performance during the basketball season. Jim Jones, who averaged 21 points, 13 rebounds, 8 assists, and 5 steals per game, received the Most Valuable Player Award. Justin Bourbeau, Eric Lawrence, and Terry Murray were named All-Conference Players, while Angus Bryant received the Coach's Award.

After making a basket, Jim Jones keeps his teammates in good spirits. The Mariners pulled together and held on to their 4-point lead over the Patriots until the end. ECHS fought hard and finished strong with a 51/47 win.

With his arms up and his eye on the ball, junior Lionel Brady defends against an East Duplin Panther on East Carteret's court. Seniors Justin Bourbeau and Jim Jones waited down low, anticipating a weak pass from the Panthers' guard. The Mariners proved to be tough competition for East Duplin with a 84/63 win.

The remaining players keep a watchful eye on the condition of the game before re-entering to defend the ECHS court. As the team walks off the field, they are congratulated by the coach. They knew that most of the game is about fun and how hard you played.

"This year has been great. Being on the Varsity and playing some with the J.V. has made me a better person, and also taught me patience as well as sportsmanship," said Shanna Morris.

IT'S ALL ABOUT THE TEAM

JV Softball Team

For the last couple of years the JV Softball team has been undefeated in their conference. This year they had some stiff competition. Teams like Swansboro and Richlands were tough losses. The girls also lost some players towards the middle of the season. Injuries also played a part in the team's overall performance.

Even though they have had a tough year, the girls hung in there and tried their best. They

practiced harder after each loss, concentrating on batting. "If we'd worked harder as a team then we probably would have done better," stated Cassandra Bryan.

When all was said and done, the 2002 JV Softball team had a fun time getting to know each other under difficult circumstances. Being a young team, hopefully this season's experience will help spur them on to many victories next year.

Jessie Huntings plays on both the Varsity and J.V. teams. She stepped down and help the J.V. team to make a run to first. "I enjoyed being able to play for both teams as a freshman."

Charles Fuchs is preparing to get another out for the team. He stands ready to catch the ball at any moment. "I was ready for a ground ball to be hit my way," he stated.

The 2002 JV Baseball team finished with a 5-7 record. The team practiced hard every day. When asked to speak on the season coach Michael Turner said, "We improved greatly through a very adverse season. We were led by Brandon Walton, Mike Hancock, and Brent Gaskill." Mike Hancock replied, "Although our record didn't show it, our team really grew this year. We came

together as a team, and I think this year was the most fun I've ever had playing." This year the boys played as good defensively as any other team in the conference. They overcame a big obstacle of losing their coach after the first couple of games. Michael Turner took over for the boys and they matured as the season went on. The season turned out better than anyone expected.

HOLD ON TO THE BALL

Brent Gaskill throws in another excellent pitch. He kept up his pitching skills throughout the entire game. "Pitching was tough because I didn't have backup. We held it together as a team."

With serious faces the JV boys walk back to the dugout from playing hard in the outfield. The boys then sat in the dugout and contemplated the rest of the game.

Anxiously awaiting her prized moment to break toward second base is Lady Mariner senior Lindsey Boyd. When asked about the season she said, "This year has been great. I'm really going to miss it next year! It's been fun."

Swinging to Success

The ECHS Lady Mariner softball team had many ups and downs this season. With the loss of seven seniors from last year the Lady Mariners had to do some rebuilding. Every girl on the team was prepared to play many different positions due to the fact that there were many injuries throughout the season. The two main pitchers this year were Jessie Hunnings and Brittany Pittman. The girls went the distance despite their inexperience on the mound. Coach Mark Chadwick commented on the season saying, "The team improved from start to finish and gave it everything they had."

Quickly rushing to get rid of the ball Jennifer Crusie seizes the moment to turn a double play. This game gave the Lady Mariners a win in non-conference play against White Oak. "I have really enjoyed playing softball this year."

Through all the ups and downs Coach Chadwick always gave the team positive words of encouragement. "The girls worked really hard; I am very proud of them and I will miss all of my seniors," he stated.

Relieved by the quick sound of the ball inside the glove, Lady Mariner catcher Ryan Lilley performs her catching stance to a perfection. When asked about the season Ryan said, "I had a lot of fun."

Striking the ball is sophomore Dana Lewis. Dana stepped up this year to the young Varsity Softball team. When asked about the season she said, "I really enjoyed this year and can't wait until next year."

Senior Miranda Piner stated, "This year has been the best yet. I am really going to miss it." Miranda was a senior leader for the Lady Mariners this year.

Smiling from ear to ear are varsity players Lindsey Boyd, Shanna Morris, Miranda Piner and Jennifer Crusie. The girls really get along with each other and were never without a smile. Lindsey played left field, Shanna played 3rd base, Miranda played center field, and Jennifer played 2nd base.

What They Had To Say

"A ball player has to be kept hungry to become a big leaguer. That's why no boy from a rich family has ever made the big leagues." -- Joe DiMaggio

"Baseball is a game, yes. It is also a business. But what is most truly disguised is combat. For all it's gentility, it's almost leisurely pace, baseball is violence under wraps." -- Willie Mays

"It's unbelievable how much you don't know about the game you've been playing all your life." -- Mickey Mantle

A New Start

The 2002 girls soccer team started this year out with a new coach Brian Weaver. The team was assisted by Nick Armendariz and Jaime Willkins. This was only the third year that East Carteret had a girl's soccer team. The ladies won two games this season, beating all the past years' records. Coach Weaver stated, "Even though our record wasn't a winning record we showed much improvement during the season and became more competitive."

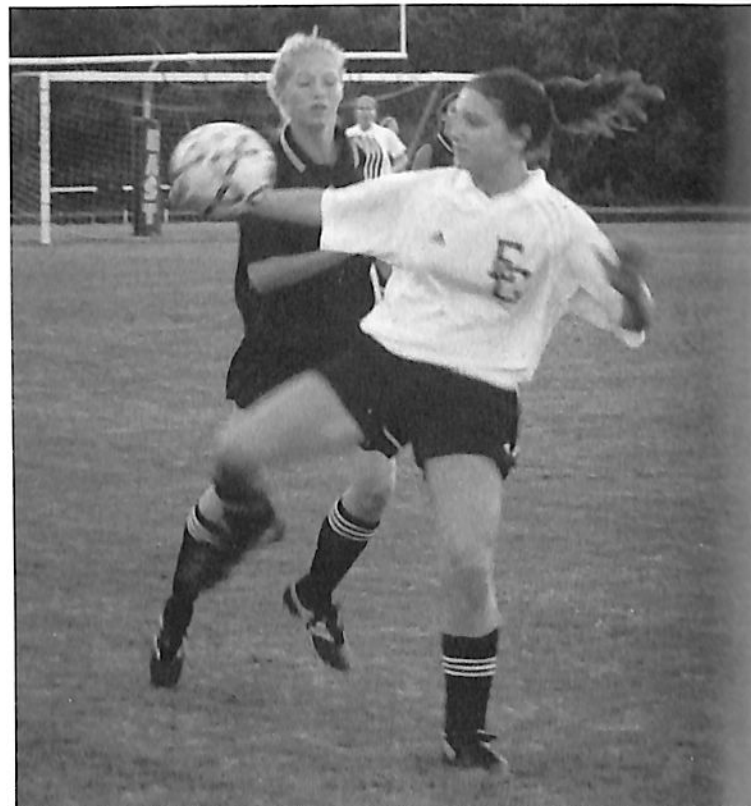

Midfielder Chelsea Bunch attempts to prevent a pass. Although she failed, Chelsea soon made up for it by making an excellent run down the field. "The soccer season was long and competitive," said Chelsea.

Brooke Hannula is all grins after scoring a goal for the home team. Brooke continued on to score two more goals later that night. "I was proud of myself and the team for scoring a goal," she stated.

Lara Gambardella fights for a throw-in. She trapped the ball and passed it. When asked about soccer Lara replied, "The best part is knocking people down and winning the ball."

As the West Carteret player runs down the field, Lara Gambardella stays right behind her. Lara soon blocked the pass and stole the ball with ease. She told Coach Weaver soon after the steal, "Soccer is a tough sport."

Chelsea Naegelen, Bridget Daniels, and Karli Arthur wait on the bench to be put in the game. The girls cheered on their team members. Bridget stated, "Soccer was a new experience for me, but we had fun."

Defense player Robin Salter blocks the ball from being sent into her team's goal. Robin kept the opposing team from scoring repeatedly throughout the season. About playing the fullback position, she said, "I got to be more aggressive and knock people down."

Walkin' The Green Mile

The Mariner golf team drives in their third successful year on the green

Imagine having to endure a four-hour practice every school day in a 90-degree spring sun. Hours of tedious practice come into play when the team is scheduled to compete in a five-hour tournament. Eighteen holes, fourteen clubs, used for a better drive. A three-mile game boundary. Five or more hours without food. The game of golf is one like no other: what sport can be so dependent upon strategy, yet so relaxing at the same time? The 2001-2002 East Carteret golf team mastered the elements of endurance and carefree poise, and it is no surprise that the sport has strengthened in number. Coach Cliff Conway, a veteran coach of both

golf and football, explained, "We did better this year in that we moved up a spot [with an overall score of 410] in conference standing." Leading the team to this achieved goal was Jonathan Carawan, a junior who was named MVP for the season. His average score of 90 kept East "on the fairway" during tournament time. Robert Pittman, another junior, was named Most Improved Player for the year. With the sport of golf blooming in popularity and warm weather springing into full swing, Coach Conway feels positive about the performance of the golf team this year: "Hey, we didn't finish last, and that's something to be proud of!"

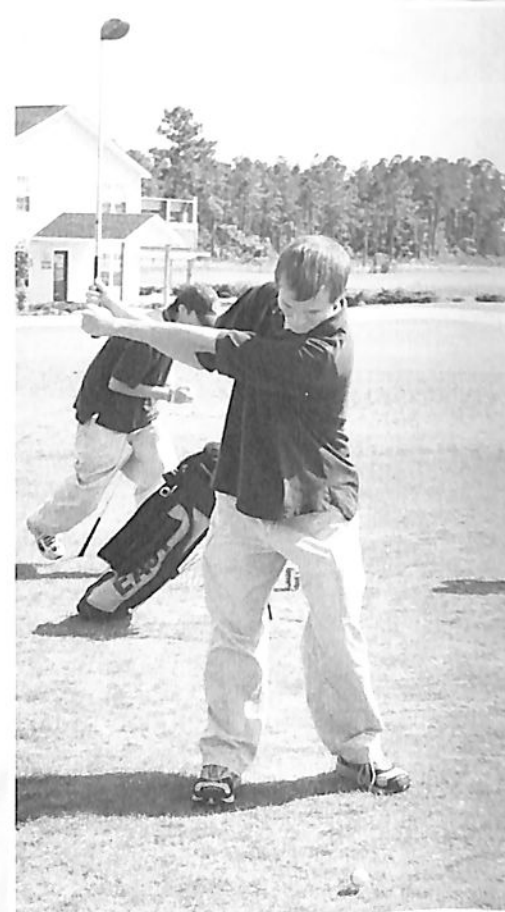

About to execute a straight-line put, senior Jeremy Lawrence finishes a successful 7th hole at the Links Golf Course. Jeremy was a first-time golfer for the Mariners this season. He said, "I did pretty well this year, considering I started playing around Christmas."

The 2001-2002 Mariner Golf Team: Robert Pittman, Thomas Whaley, Jonathan Carawan, Jeremy Lawrence, Matt Whaley. **Not pictured:** Kyle Peterson.

Almost ready to tee off the first hole, sophomore Matt Whaley sets a perfect form before beginning the game. A second-year player for the Mariners' 2002 season, Matt held his own against the elements of the game, and, more importantly, against the competition of his older brother Thomas. "I think with more practice I will be a pretty good player for ECHS," Matt said.

"He has pretty good form," Coach Conway said of Jonathan Carawan's swing. Jonathan kept the Mariners in the running against other teams, such as Croatan, with the best average score at East. "He knows I have good form," Jonathan said. "I can beat Coach Conway any day of the week."

Teeing off the first hole of the game, junior Robert Pittman aims to keep his drive in line. According to Coach Conway, Robert made great improvement over the course of the season. Pittman claimed the Most Improved Player Award for 2002.

Supporting the efforts of their teammate, the golf team gives helpful advice to Thomas Whaley as he prepares to complete a par. "I was [scoring] in the 40's the last time I was out here!" Thomas explained. Even though his years as a Mariner golfer came to an end, Thomas said he will continue to play golf with his ECHS teammates.

The girls track team ended their season with an overall team record of 7-5. The girls were also the Carteret County Girls Track Champions. Team member Meghan Wade stated, "I joined track because I felt I needed to improve my ability to run and jump and stuff like that. Instead, track showed me how good I already was at those things."

A lot of team members also performed well throughout the 2001-2002 season. Dicy Benders, a senior at East, also qualified for the state meet in the category of high jump, along with her other accomplishments in the hurdles and 4X100 relay divisions. When asked she said, "Track was a good experience. I learned more as I grew through the four years and I worked hard, helping me to improve every step of the way. Meeting new people was the most exciting part, but overall the whole thing was a lot of fun."

In hopes of a good track season next year, many of the girls will be coming back and all said they are willing to help the new members to make them one of East's best track teams ever.

Jennifer Walker attempts the pole vault as she looks up with determination. This was Jennifer's sophomore year as a track team member. She said she plans to stick to track her remaining two years at ECHS.

Paula Myllykoski ended up qualifying for the state meet in the 800 meter competition. She also was one of the four individual county champions from East this season. Paula stated, "Track was my favorite part of being here [at ECHS]."

A very tired, but very determined Megan Shaver managed to set the school record of 7' 6" in pole vault. She also managed to qualify for the state meet during the 2001-2002 track season.

GIRLS TRACK TEAM

Dicy Benders feels she proved her athletic ability to the fullest. While managing to tie the school record for the 5' 6" high jump, she also proved worthy in the 100 meter hurdles competitions which allowed her to qualify for the all-conference, all-regional and state meets.

"Everyone really got along and worked together to produce one of East's best track teams ever," stated Coach George Burbella. **From Left:** Meghan Wade, Shameka Frazier, April Davis, Patricia Goodwin, Thomasina Rogers, Shannon Nolen, Amanda Hamilton, Monica Fallin, Megan Shaver, Paula Myllykoski, Jennifer Walker, Tiffany Johnson, Tamika Oden, Chiquita Crooms.

The 4 X 400 relay team consisted of Robin Salter, Meghan Shaver, Erica Wallace, and Paula Myllykoski. Paula says this was her favorite part of track because she was better at this than any of the other categories.

The 4 X 100 relay team consisted of Erica Wallace, Dicy Benders, Thomasina Rogers, and Shannon Nolon. "This particular relay team, I think, gave it their all but hopefully they will make it better next year," stated Coach Burbella.

Monica Fallin competed in the shotput and discus events. Here she stretches out her limbs for greater athletic ability. She proved to be competitive when she made individual county champions and qualified for the state meet.

The guys sprint hard against each other in the relay. They tried to help bring their school to a victory by ending the day in first place.

Jude Jones, a freshman on the track team, was one of the few guys out of 14 to make it to regionals. He qualified for the States Championships in both triple jump and long jump. Jude finished in the top 3 at the Eastern Regionals.

MAKING A RUN FOR IT

Competition was no big deal for the 2001-2002 ECHS boys track team

The boys track team put much dedication and effort into the 2001-2002 season to become better among the competition. Practicing everyday after school, the boys worked to improve their abilities. The boys team was led by Coach Chris Stokes and Assistant Coach Tony Ciamillo. Coach Chris Stokes said, "Given the youth of the boys this year, they have made much improvement through the course of the season." Assistant Coach Tony Ciamillo was also outside everyday after school to help Coach Stokes get the guys in shape for bigger

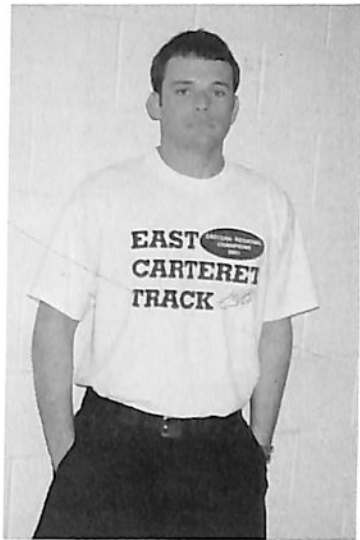

and better challenges. The guys traveled miles and miles to compete against some of the best teams in the state, including Richlands, Greene Central and at N.C. State against the best track competitors in North Carolina. The boys learned new techniques that helped them be prepared for their meets. They worked hard in their events and did the best they could when it was time to compete. The guys had some wins and some losses, but with positive attitudes and their heads held high, they were always ready for their next meet.

BACK ROW: Joe Willis, Quinton Collins, Albert Loud, Gerrard Osborne, Timmy Collins, Edward Ellison, Brandon Campbell;
FRONT ROW: Jude Jones, Jon Willis, Jason Smith, Romal Godette, D.J. Godette, T.J. Courman, Steven Joyner, Antonio Willis.

Coach Chris Stokes worked with the guys everyday after school to get them in shape and ready for their meets. The Mariners had track meets at home and sometimes far away, but were willing to travel anywhere to compete. He taught them new techniques like new ways to hold and throw the shotput.

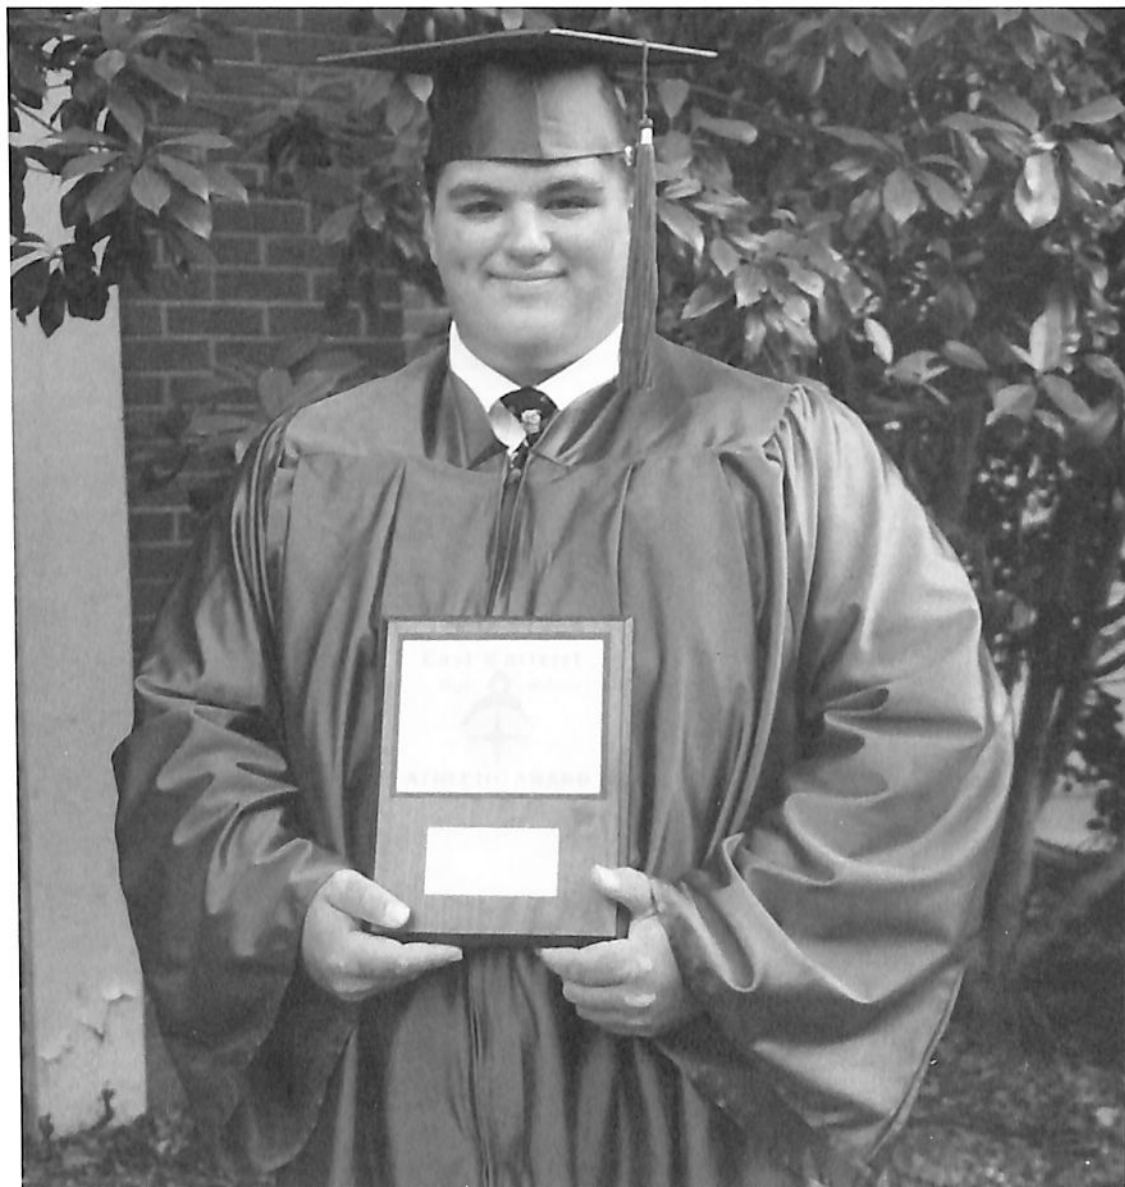

Mr. Ciamillo, assistant coach for the boys track team said, "The boys competed at 100% and achieved personal success." He has helped the boys keep running and ready to take on anything and everything that comes their way. He has tried to help the boys be the best they could, and keep them dedicated to their event.

The crowd stands around and watches the guys compete against each other. They cheered the Mariners on to get them excited and run faster. Coach Stokes said, "I was very proud of my kids this year especially the four that qualified for regionals. They worked really hard and deserved the opportunity."

Offered/signed athletic scholarship for track to UNC-Greensboro

It is hard to find any free time between school and work; somehow students always prove to show that they have the time for clubs.

Each year students come to East ready for a year of rigorous learning. Always students ask, "Well, how do you have any time for fun? In the process of trying to keep up their grades and jobs, students have a difficult time fitting in sports, clubs, friends, and work. Somehow they always find the time for their extracurricular activities. Clubs are a big part of high school and for many students, it is a way for them to fit in. Clubs can give them a sense of achievement. Kristi Arthur explained, "Clubs are a big part of high school and a big part of my life, too." She was a consistent member of several different clubs since she was a freshman. From FFA to Student Council, there are many varieties of clubs to join at East. Some clubs like Auto Mechanics and Carpentry do their activities during class time. FFA and NFL often take field trips to other places to compete.

"I was building a doghouse for Mr. Johnson in 3rd Period and Kenny Jones was my partner. He dropped out of school and I had to build it by myself, which wasn't hard, it just took a little longer," said Larry Kellum.

Michael Tickle is in Mrs. Fulford's classroom cooking a typical Spanish meal for Mrs. Hannula's class. They got the chance to cook lots of varieties of food.

Working hard Luke Salter and Justin Gilgo prepare to put cross beams on a trailer for Mr. Johnson's class. After this trailer was built they said it would be "indestructible".

During a Speech and Debate Mock Trial, Brooke Thomas explained, "I learned how to be an aggressive speaker and it was something different for me. It helped me to progress as an actor."

Samantha Hastings

"For International Day, I dressed up as Jucœetna, a nymph. My group was Holy (Roman Era) and we had to teach the visiting students about different aspects of Roman Culture. ...I was joking around with the snake around my neck."

Brianna Gillikin

"The Fellowship of Christian Athletes is a national organization that Coach Conway, Mr. Wall, and Coach Wilkins brought to ECHS 2 years ago. It's a lot of fun because members have a chance to use their athletic/academic ability for the glory of God. Next year we are planning on volunteering at the Special Olympics and other events that students not involved in sports can do."

Kristi Arthur

"I feel honored to be in Beta Club and I hope next year will be just as great," said Kristi. She will be the Beta Club president for 2003. She has also been in several other clubs like FCA, SADD, and NAHS.

Chelsea Naegelen

"It was my first time in yearbook and I really enjoyed it. It helped me to get to know people better and it helped me to understand how the yearbook was put together and how much time was put into it."

Mariah Lawrence

"Yearbook is the only club that I have been in and it was a lot of fun. I got the privilege to do the junior pages and I learned who everyone was and learned a lot about the yearbook. It takes a lot of time and dedication to put the yearbook together."

Chris Hendricks, a member of the advertisement team, and Brianna Gillikin one of the few sophomores to get on the yearbook staff, pose to finish a roll of film. When asked about how she felt she responded, "I thought now I had an advantage, because I have learned the layout process. So when I take the class my junior or senior year I will have the know-how."

With paint covered hands, Ms. Raines' first semester yearbook class makes table covers for the 2001 yearbook signing party. "I had fun making these table covers. I enjoyed getting messy with the paint," said Robin Salter.

Carolyn Riley helps with the underclassmen montage. "We thought it was going to take forever to finish this layout," she said. "It actually took no time at all once we put our minds to it."

God blessed you with unique talents and abilities, and you have used those gifts well! You've taken nothing for granted; rather, you have worked hard to prepare for a challenging future.

Just as important as the lessons you've learned in the classroom are the ways that you've grown as a person: the friendships you have formed and the deeper understanding you have acquired of yourself and others.

As you celebrate this milestone in your life and look towards a new horizon, never forget what has brought you this far. Remember the love of your family and friends. Remember your own sacrifice and hard work. And remember that God has a special plan for your life.

You have so much to be thankful for and so much to look forward to! May today mark the beginning of many new joys and accomplishments...and a continuation of all the good things that you have already achieved.

-Pamela Koehlinger

Allison,

These words represent much of how we feel about you as you graduate from high school and look to your future. The only thing missing is telling you how very proud we are and how much we love you.

Just remember we will always be there for you.

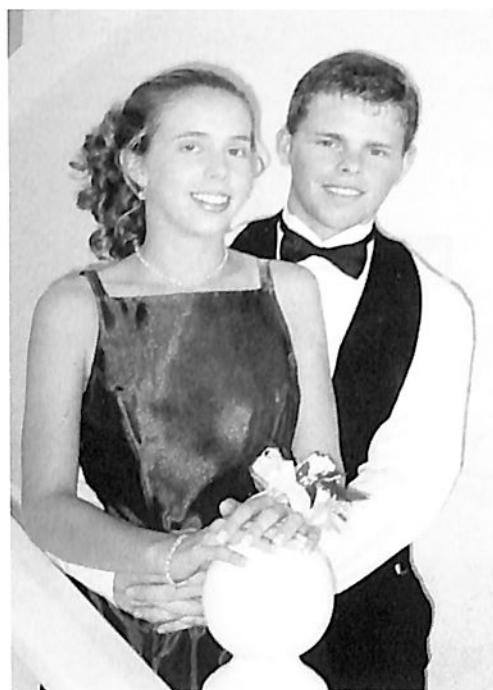

Love,

Mama & Daddy

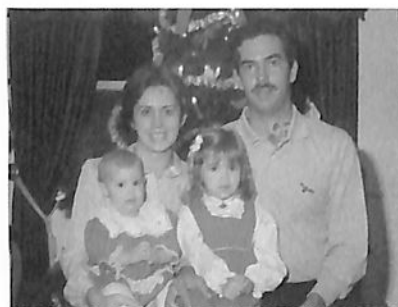

*Andrea,
While you embark on this stepping stone
in your life, we wish you good luck in ev-
erything you do. We are so very proud of
you for making it
this far. Hope all
your dreams come
true. We love you
and congratulations.*

Sugar and spice and everything nice,
That's what little girls are made of.
Well, not quite....

Don't forget the duck tails, the feathers.
The webbed feet and waders.
That's what THIS little girl is made of.

Wood shavings and a bit of paint.
If she sees a cat though, she might faint.
Puppy dogs and decoy blind.
This is a girl who knows her own mind.

Shrimp nets, jimmy crabs and a culling tray-
You can hear her coming a mile away.
She's the "Boogieman," and she won't get lost
In her blue Bronco with duel exhaust.

Canines by the boatload -
Laurel, Tinker and Trixie...Oh My!
But I remember it was Bowcap and Doggie
Who first caught her eye.

She'll go a-hunting up North with John and "Earl."
She'll deck out in camouflage...give her Browning a whirl.
She'll go a-hunting down South with Daddy, her buddy.
And you can bet she'll be back right around "dark-thirty."

Blond ringlets and curls - can't miss that hair.
Such a sweet impish grin on a face so fair.
A hug and a kiss for her little sister.
Cricket won't be the only one who'll miss her.

Love and dreams and an independent streak.
That's what this little girl is made of.
And that's why we love her so much.

We are very proud of you.

Love,
Mama, Daddy and Cricket

Robin,
From the moment the Lord brought you
forth and you were born into our family
We vowed that day we would love you
unconditionally and for all eternity
You have been a source of unending joy
and a fountain flowing with tremendous
pleasure
We thank God for the time he has
shared you with us because you are part
of our eternal treasure
You are graduating from high school,
looking to the future and going on with
your life
It is our prayer that Jesus protect you,
lead you and limit the amount of strife
Many will say they love you
Some may even try
But only God can love you more than
your Mother and I
Love You Always,
Mama, Daddy, Samantha, Grandma,
& Andaddy

"Trust in the Lord with all your
 heart and lean not on your own
 understanding; in all your ways
 acknowledge Him, and He will
 make your path straight."

Well, you finally did it, "The Senior Thing."
The road has been a little bumpy and we've
gone through some tough times, but we made
it. You've turned out to be a fine young man
and we are very proud of you. Just be yourself
and anything you choose to do in life will turn
out just fine.

Today,
 you may not know all that the world has to
 offer...
 but we know that the world will be a better
 place because of what you have to offer it.

Today,
 you may not know which path you should
 follow...
 but we know that you will listen to your own
 heart, for it will never lie.

Today,
 you may question what you have already
 accomplished...
 but we know you will never doubt what you
 can do.

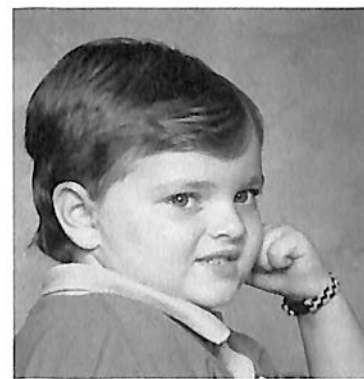

As all of your tomorrows open themselves to
 you, never forget how proud we are of you and
 how much we love you...

yesterday, today, and always.
