Morehead City Middle School North Carolina School of Excellence

Mrs. April Lilley
Principal

Mr. Wayne Deane
Assistant Principal

2002 - 2003

Morehead Middle School... School of Excellence

Remember the day we had two well-known celebrities visit the school?

It was November 21, 2002. We were heading for the gym for an important assembly. Standing in the middle of the floor was the biggest, greenest giant we had ever seen. (Except for a few of us who've seen his brother in Minnesota!) Funny, we thought, Mrs. Lilley's instructions led us to believe that Mr. Phil Kirk, chairman of the state board of education, was coming to speak to us.

We settled in and after a few minutes we did get to see Mr. Kirk who spoke about how special we are and how hard we worked last year. He said that MCMS was a "School of Excellence" according to the ABC's of Public Education because of all our hard work. That means that between ninety and one hundred percent of the students here passed the EOG tests in May 2002. He also said that eight schools in the county also made this goal and six more were going to be honored as Schools of Distinction. That was special because most other counties in the state didn't receive these awards. He even gave us a banner to show the world what we had done. It was a day to feel proud of the results of all our hard work.

So why was the Jolly Green Giant here that day?? Maybe he just wanted to encourage us to continue making "giant" strides in our own educational success.
