# In Dedication To.....

**This past summer, our beloved teacher and friend, Ms. Georgeann Burroughs, passed away.**

**She was the technology teacher since Broad Creek opened and was the founder of G.E.M.S.(Girls Excelling in Math and Science). She organized a group of students that went to different Civic Organizations in the county to talk about Organ and Tissue donations, and later went on to win an award from the National Kidney Foundation. She was involved with the Relay for Life, which raises money for Cancer awareness.**

**Ms. Burroughs loved to travel to Boone and the North Carolina mountains. She loved to screen print, and included it in her teaching. During her last year of teaching, she started a screen printing club.**

**Ms. Burroughs was a great person and teacher. During her life she influenced so many people with her fun and kind ways. She will always be remembered in the hearts of everyone who knew her.**

**-Jill, Jamie, Rebecca and Caitlin M.**

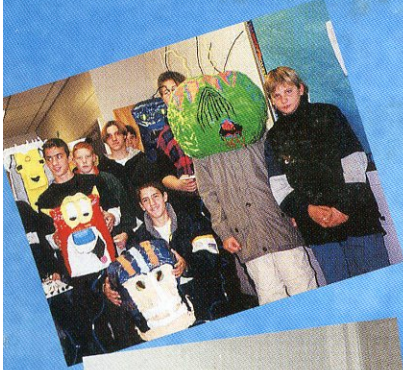

"I will never again hear a song by Dan Fogelburg without thinking of her. I will remember a person who was passionate about those who she cared about. I will always remember how much she was looking forward to this year. She would have been so proud and happy about all the awards we have won this year. She always took time to listen and you could count on her to give an honest answer."--Robin Simms

"Ms. Burroughs was the neatest teacher I've ever met. Even when she didn't feel good during class and Screen Printing Club, she still tried her best to make things good for us." -- Jamie Sisson

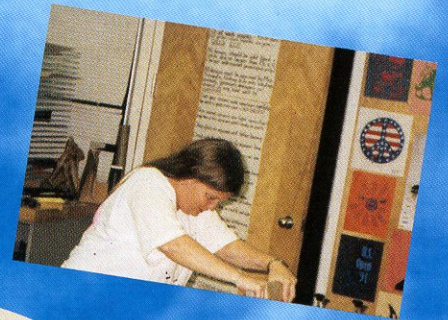

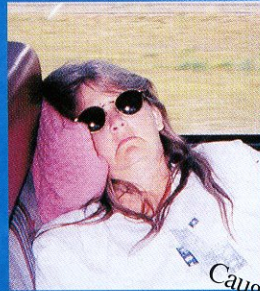

Georgeann was a kind and caring person. A very genuine person to work with.—Lt. Panzerella

"Ms. Burroughs' favorite bottom line comment always was, "Let's do what is best for the kids." She spent numerous hours before school and after school and on weekends to prepare meaningful and fun hands-on activities for her classes. I know that I am a better person and teacher because of the many influences she had on me. Her inspiration will continue to live on through the many lives she touched."--Ms. Kelly

"There weren't too many days that we didn't talk either on the way into or out of the school building. I would venture to say that 99.9% of those conversations were about "our kids". She was so full of ideas that she wanted to use to inspire her students to strive to be the best they could be. Whenever I see anything that is associated with the Space Program or NASA, I can hear her voice and excitement. I miss Ms. Burroughs each and everyday."-- Ms. Baugus

"I will always remember the extra time Ms. Burroughs took with students to make sure they succeeded. She would explain her expectations and we would come up with a plan to meet them. Ms. Burroughs always went the extra mile to make sure the student had what was needed to be successful."---Ms. Condie

Caught off guard!

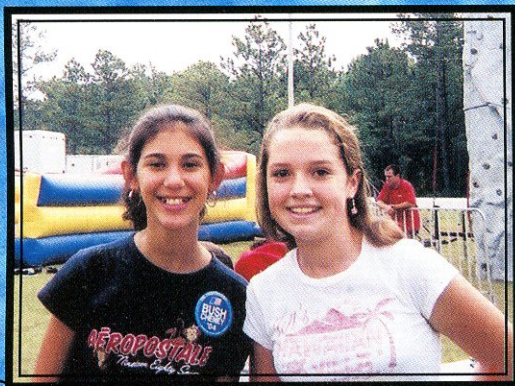

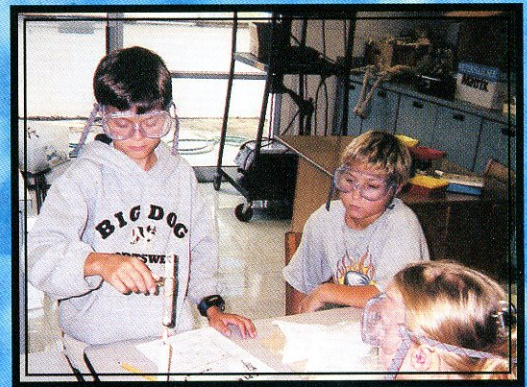

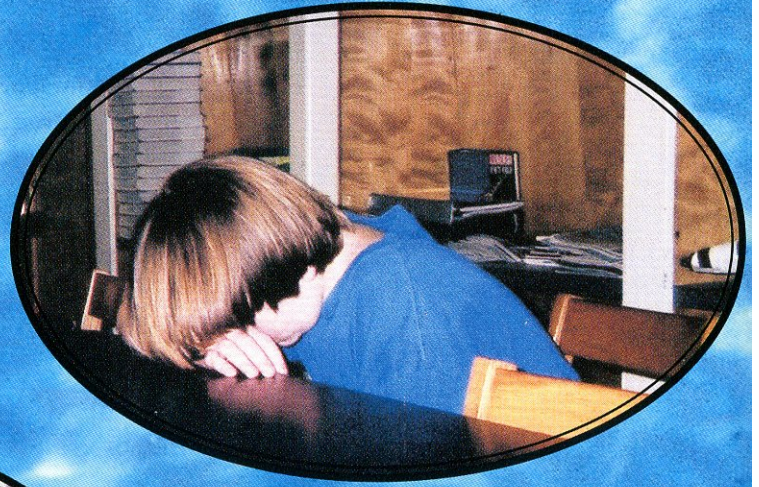

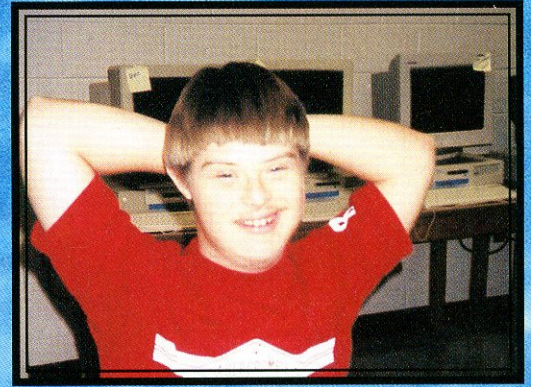

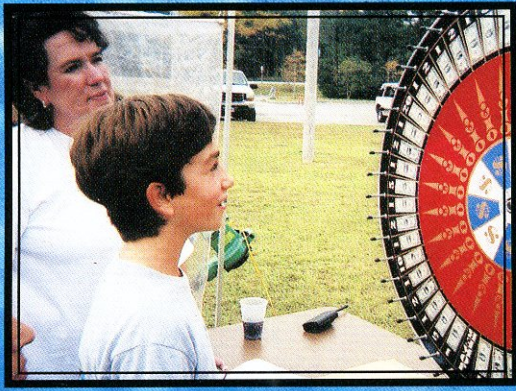

"Georgeann Burroughs was not only a co-worker but my friend. If I heard it once I heard it a hundred times, "I am going to fight for what is best for my students." She was dedicated to her family, Fogie (her dog), her friends but most of all her students."---Ms. Tootle

Ms. Burroughs was one of the coolest teachers at BCMS. I never saw her with a sad face; she smiled all the time. Ms. Burroughs was all the time joking around with people and especially with me. Ms. Burroughs was never in a bad mood, no matter how bad she was feeling. She was all the time making class so much fun for herself and for her students---Jessica Brinkley

# ADMINISTRATION

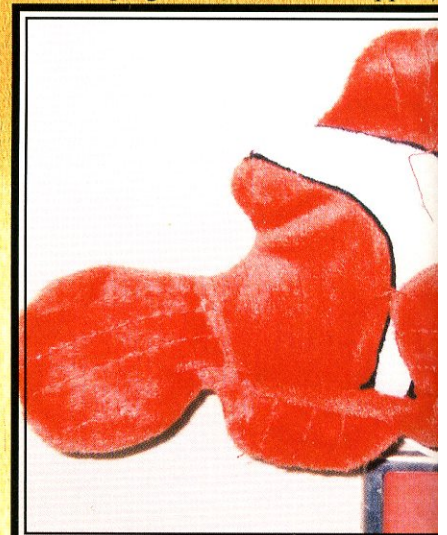

## MRS. TOMON

Mrs. Tomon is the principal at our school. She wanted to be a teacher because she admired her teachers and wanted to have the opportunity to have the same impact on others. The best benefit for her was to get to know all the students at Broad Creek and share in their successes. Soccer is her favorite sport. The hardest class to become a teacher was law. Her most embarrassing moment was when she did a presentation using her reading glasses and when she looked up, her whole audience was blurred. The most challenging aspect of being a principal is being consistent in making decisions. The messages she would like to give to Broad Creek is: Attitudes are contagious, is yours worth catching? Follow the fish philosophy. Choose to come to school with a good attitude and make each day a great day. Find ways to play, we can be serious about our work without being serious about ourselves. Stay focused in order to be there when someone needs you. Find someone who needs a helping hand, a word of support, or a good ear and make their day!

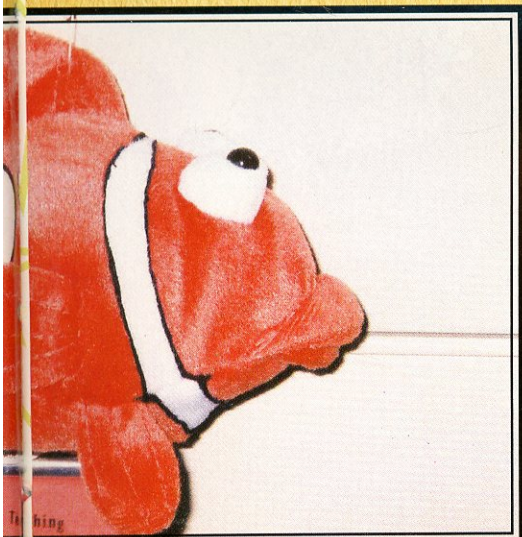

## Bulldog

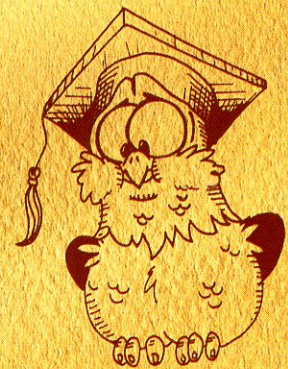

## MRS. FRITZ

Mrs. Fritz is the assistant principal at our school. She wanted to be a teacher because she loved school. When she was a little girl, before going to school, she used to look out her window and watch the big kids walking by. Finally, her turn came to go to school and she just wanted to stay there forever. When she was a child she wanted to be a doctor. The best benefit of being an assistant principal is that she gets to work with students, teachers, and parents. Her favorite sport is swimming. The most challenging class to become a teacher was law. Her most embarrassing moment was during this interview because she couldn't think of an answer to this question. The most challenging aspect of her job is talking to kids about behavior, thinking they are listening and then they come back for doing the same thing. The message she wants to give to the school is that the most important thing is your integrity.

This page is dedicated to our nearest and dearest Tori Duff. You might have known her through her laugh and smile, you may have not known her at all, but we were all saddened by her accident and do not want it to ever happen again. We were all in worry and pain, but think she was chosen as one of GOD'S Angels. She will always be watching over us. No one in the school ever felt uncomfortable around her. She was friendly to everyone; stranger or friend. Tori had a free, relaxed, and funny personality. No one will ever be like her. May her spirit live in everyone's hearts. Thank you for all the pleasure you have brought to us.....Tori Duff.

Tori was never afraid to be herself. She would have moved mountains.  
Allie Dominguez

I just met Tori this year, I wish I could have learned more about her, but I did learn that she was a great person and her spirit will live on forever! - Jamie Derose

Tori was really cool and she made my days better.  
Isaac Toler

Dear Tori,  
Jesus has you in a better place and will always keep you safe and will always love you.  
Zack Roberts

I always looked forward to hearing Tori's laugh and seeing her smile. She was a beautiful, smart, and trustworthy young girl.  
Ar'neka Monford

We will always love you and remember you!!  
Angela Henry

To this day I will miss her every step of the way-  
Starr Montford

Tori was the kind of friend that you could talk to, and she wouldn't judge you.  
Mimi Frost

I'm glad she is in a better place.-Stormy Hunter

There will never be a day that goes by that I won't think about her.-  
Corrie Wall

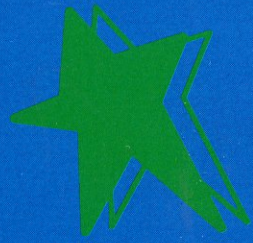

If she was with us now, she definitely would have had a smile on her face.  
Brittany Cox

Tori was a good friend and always brought you up when you were down.  
Tim Saenger

I never really knew her but I have heard many good things about her over these days, let her rest in Heaven

If you ever did anything wrong Tori helped me make it better, and I thank her for that- Writer unknown

My favorite memory of Tori was when we had our yearbook meetings. Tori always had good ideas and made the whole process fun. She took charge of our group and had plans to get everything done on time and looking good.- Ashley Haynes

# REAL

In the school year of 2004-2005, Broad Creek Middle School was one of the 10 schools to receive the Real D.E.A.L. (Dedicated Educators, Administrators, and Learners) award. We were the only middle school in the state to receive this award from Governor Mike Easley. Our celebration was held in November and as you can see from the pictures, we had a great time!

I thank each and every member of the 2005 Yearbook Staff for their hard work and dedication to making this an extraordinary book of memories for BCMS students and faculty. They all stepped up to the plate and gave 110% to get this exquisite book to you; you all made the long hours full of fun, too. Mrs. Baugus

A special "Thank You" goes to this group of eighth graders. They were the first BCMS Yearbook Staff. They have worked with the staff for three years. Good Luck at Croatan! They are: Corrine, Kay, Jill, Caitlin B, Caitlin M, and Rebecca. You girls are the greatest! Thanks, Mrs. Baugus
