## Principal, Dr. Tomon

Dr. Tomon advises students to be proactive by making the following points about proactive people:

- Proactive People are not easily offended.
- Proactive People take responsibility for their actions.
- Proactive People think before they act.
- Proactive people bounce back when something bad happens.
- Proactive people always find a way to make it happen.
- Proactive people focus on things they can do something about, and don't worry about things they can't."

## Assistant Principal, Mrs. Vines

Mrs. Vines makes a strong point about our reactions to life stating, "The fact is, we can't control everything that happens to us. We can't control the color of our skin, who will win the NBA finals, where we were born, who are parents are, how much tuition will be next fall, or how others might treat us. But there is one thing we can control: *how we respond to what happens to us.* And that is what counts! This is why we need to stop worrying about things we can't control and worrying about things we can."

## Jumping Right In with Sixth Grade

Sixth grade students must learn to balance a lot of different tasks at BCMS.

Looks like these girls are enjoying acting up in Mrs. Blackwell's class!

As you can see, sixth grade students are deep thinkers too!

Dances are always a fun place to just hang out!

Clearly this huge crowd is for the "Cupid Shuffle"!

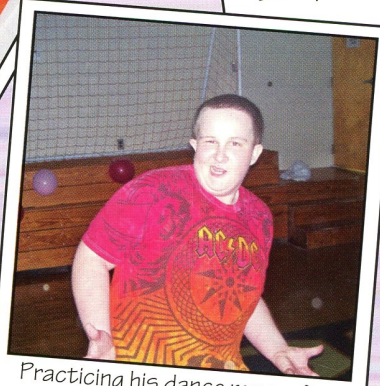

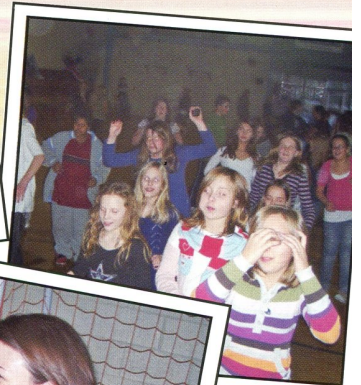

Mrs. Vines, where did you find those Koczot girls? The resemblance is unreal!

Best part of the dance: pizza!

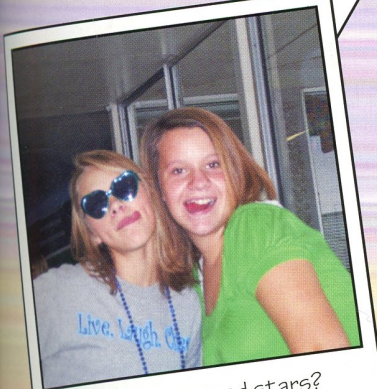

If you'd go up just a little higher then you'd find it!

Even the teachers love dances...well at least Mrs. Storms does!
